**2. A person may bring a civil action for a violation of section 33.853 for the person and for the state. The action shall be brought in the name of the state. The action may be dismissed only if the court and the attorney general give written consent to the dismissal and their reasons for consenting.**

**3. A copy of the complaint and written disclosure of substantially all material evidence and information the person possesses shall be served on the attorney general for the state. The complaint shall be filed in camera, shall remain under seal for at least sixty days, and shall not be served on the defendant until the court so orders. The state may elect to intervene and proceed with the action within sixty days after it receives both the complaint and the material evidence and information.**

**4. The state may, for good cause shown, move the court for extensions of the time during which the complaint remains under seal pursuant to subsection 3 of this section. Any such motions may be supported by affidavits or other submissions in camera. The defendant shall not be required to respond to any complaint filed pursuant to this section until thirty days after the complaint is unsealed and served upon the defendant.**

**5. Before the expiration of the sixty-day period or any extensions obtained pursuant to subsection 4 of this section, the state shall:**

**(1) Proceed with the action, in which case the action shall be conducted by the state; or**

**(2) Notify the court that it declines to take over the action, in which case the person bringing the action shall have the right to conduct the action.**

**6. When a person brings an action pursuant to this section, no person other than the state may intervene or bring a related action based on the facts underlying the pending action.**

**33.859. 1. If the state proceeds with the action, it shall have the primary responsibility for prosecuting the action, and shall not be bound by an act of the person bringing the action. Such person shall have the right to continue as a party to the action, subject to the limitations set forth in subsection 2 of this section.**

**2. (1) The state may dismiss the action notwithstanding the objections of the person initiating the action if the person has been notified by the state of the filing of the motion and the court has provided the person with an opportunity for a hearing on the motion.**

**(2) The state may settle the action with the defendant notwithstanding the objections of the person initiating the action if the court determines, after a hearing, that the proposed settlement is fair, adequate, and reasonable under all the circumstances. Upon a showing of good cause, such hearing may be held in camera.**

**(3) Upon a showing by the state that unrestricted participation during the course of the litigation by the person initiating the action would interfere with or unduly delay the state's prosecution of the case, or would be repetitious, irrelevant, or for purposes of harassment, the court may, in its discretion, impose limitations on the person's participation, such as:**

**(a) Limiting the number of witnesses the person may call;**

**(b) Limiting the length of the testimony of such witnesses;**

**(c) Limiting the person's cross-examination of witnesses; or**

**(d) Otherwise limiting the participation by the person in the litigation.**

**(4) Upon a showing by the defendant that unrestricted participation during the course of the litigation by the person initiating the action would be for purposes of harassment or would cause the defendant undue burden or unnecessary expense, the court may limit the participation by the person in the litigation.**

**3. If the state elects not to proceed with the action, the person who initiated the action shall have the right to conduct the action. If the state so requests, it shall be served with copies of all pleadings filed in the action and shall be supplied with copies of all deposition transcripts at the state's expense. When a person proceeds with the action, the court, without limiting the status and rights of the person initiating the action, may nevertheless permit the state to intervene at a later date upon a showing of good cause.**

**4. Whether or not the state proceeds with the action, upon a showing by the state that certain actions of discovery by the person initiating the action would interfere with the state's investigation or prosecution of a criminal or civil matter arising out of the same facts, the court may stay such discovery for a period of not more than sixty days. Such a showing shall be conducted in camera. The court may extend the sixty-day period upon**

a further showing in camera that the state has pursued the criminal or civil investigation or proceedings with reasonable diligence and any proposed discovery in the civil action will interfere with the ongoing criminal or civil investigation or proceedings.

5. The state may elect to pursue its claim through any alternate remedy available to the state, including any administrative proceeding to determine a civil penalty. If any such alternate remedy is pursued in another proceeding, the person initiating the action shall have the same rights in such proceeding as such person would have had if the action had continued pursuant to this section. Any finding of fact or conclusion of law made in such other proceeding that has become final shall be conclusive on all parties to an action pursuant to this section.

33.862. 1. If the state proceeds with an action brought by a person pursuant to section 33.856, such person shall receive at least fifteen percent but not more than twenty-five percent of the proceeds of the action or settlement of the claim, depending upon the extent to which the person substantially contributed to the prosecution of the action. Where the action is one which the court finds to be based primarily on disclosures of specific information, other than information provided by the person bringing the action, the court may award such sums as it considers appropriate, but in no case more than ten percent of the proceeds, taking into account the significance of the information and the role of the person bringing the action in advancing the case to litigation. Any payment to a person shall be made from the proceeds. Any such person shall also receive an amount for reasonable expenses which the court finds to have been necessarily incurred, plus reasonable attorneys' fees and costs. The state shall also receive an amount for reasonable expenses which the court finds to have been necessarily incurred by the attorney general, including reasonable attorneys' fees and costs, and the amount received shall be deposited in the whistleblower reward and protection fund created in section 33.895. All such expenses, fees, and costs shall be awarded against the defendant upon a finding of guilt.

2. When the system of state colleges and universities, or any school district, public community college district, municipality, municipal corporation, unit of local government or any combination of the above pursuant to an intergovernmental agreement, has been adversely affected by a defendant, the court may award such sums as it considers appropriate, specifying the amount to be awarded from the net proceeds deposited in the whistleblower reward and protection fund.

3. If the state does not proceed with an action pursuant to this section, the person bringing the action or settling the claim shall receive an amount which the court decides is reasonable for collecting the civil penalty and damages. The amount shall be not less than twenty-five percent and not more than thirty percent of the proceeds of the action or settlement and shall be paid out of such proceeds. Such person shall also receive an amount for reasonable expenses which the court finds to have been necessarily incurred, plus reasonable attorneys' fees and costs. All such expenses, fees, and costs shall be awarded against the defendant.

4. Whether or not the state proceeds with the action, if the court finds that the action was brought by a person who planned and initiated the violation of section 33.853 upon which the action was brought, then the court may, to the extent the court considers appropriate, reduce the share of the proceeds of the action which the person would otherwise receive pursuant to this section, taking into account the role of that person in advancing the case to litigation and any relevant circumstances pertaining to the violation. If the person bringing the action is convicted of criminal conduct arising from his or her role in the violation of section 33.853, that person shall be dismissed from the civil action and shall not receive any share of the proceeds of the action. Such dismissal shall not prejudice the right of the state to continue the action.

5. If the state does not proceed with the action and the person bringing the action conducts the action, the court may award to the defendant its reasonable attorneys' fees and expenses if the defendant prevails in the action and the court finds that the claim of the person bringing the action was clearly frivolous, clearly vexatious, or brought primarily for purposes of harassment.

33.865. 1. No court shall have jurisdiction over an action brought by a former or present member of the guard against a member of the guard arising out of such person's service in the guard.

**2. (1) No court shall have jurisdiction over an action brought pursuant to section 33.856 against a member of the general assembly, a member of the judiciary, or an exempt official if the action is based on evidence or information known as the violation to the state when the action was brought.**

**(2) In no event may a person bring an action pursuant to section 33.856 which is based upon allegations or transactions which are the subject of a civil suit or an administrative civil penalty proceeding in which the state is already a party.**

**(3) No court shall have jurisdiction over an action pursuant to this section based upon the public disclosure of allegations or transactions in a criminal, civil, or administrative hearing, in a legislative, administrative, or auditor report, hearing, audit, or investigation, or from the news media, unless the action is brought by the attorney general or the person bringing the action is an original source of the information.**

**3. The state is not liable for expenses which a person incurs in bringing an action pursuant to section 33.856.**

**4. Any employee who is discharged, demoted, suspended, threatened, harassed, or in any other manner discriminated against in the terms and conditions of employment by his or her employer because of lawful acts done pursuant to sections 33.850 to 33.895, shall be entitled to all relief necessary to make the employee whole. Such relief shall include reinstatement with the seniority status such employee would have had but for the discrimination, interest on the back pay which would have been otherwise due, two times the amount of back pay, and compensation for any special damages sustained as a result of the discrimination, including litigation costs and reasonable attorneys' fees. An employee may bring an action in the appropriate circuit court for the relief provided in this subsection.**

**33.868. 1. A subpoena requiring the attendance of a witness at a trial or hearing conducted pursuant to section 33.859 may be served at any place in the state.**

**2. A civil action pursuant to section 33.856 may not be brought:**

**(1) More than six years after the date on which the alleged violation of section 33.853 is committed; or**

**(2) More than three years after the date when facts material to the right of action are known or reasonably should have been known by the official of the state charged with responsibility to act in the circumstances, but in no event more than ten years after the date on which the violation occurred, whichever occurs last.**

**3. In any action brought pursuant to section 33.856, the state or the person shall be required to prove all essential elements of the cause of action, including damages, by a preponderance of the evidence.**

**4. Notwithstanding any other provision of law, a final judgment rendered in favor of the state in any criminal proceeding charging fraud or false statements, whether upon a verdict after trial or upon a plea of guilty, shall estop the defendant from denying the essential elements of the offense in any action which involves the same transaction as in the criminal proceeding and which is brought pursuant to subdivision (1) or (2) of subsection 5 of section 33.856.**

**33.871. 1. When it appears to the attorney general that a person has engaged in, is engaging in or is about to engage in any violation of section 33.853 or when he or she believes it to be in the public interest that an investigation should be made to ascertain whether a person in fact has engaged in, is engaging in, or is about to engage in any such act or practice he or she may issue and cause to be served a civil investigative demand to assist in the investigation of the matter. The issuance and enforcement of each civil investigative demand shall be conducted in compliance with all of the terms and provisions of sections 407.040 to 407.090, RSMo, except as provided for in sections 33.850 to 33.895.**

**2. Any person served a civil investigative demand shall have the right to the assistance of counsel.**

**33.874. Any civil investigative demand issued pursuant to section 33.871 may be served as the Missouri rules of**

civil procedure prescribes for service of process. To the extent that the courts of this state can assert jurisdiction over any person outside the state consistent with due process, the courts of this state shall have the same jurisdiction to take any action respecting compliance with this section against any such person that such court would have if such person were personally within the jurisdiction of such court.

**33.877.** A verified return by the individual serving any civil investigative demand issued pursuant to section 33.871 or any petition filed pursuant to section 33.856 setting forth the manner of such service shall be proof of such service. In the case of service by registered or certified mail, such return shall be accompanied by the return post office receipt of delivery of such demand.

**33.880. 1.** The oral testimony of any person taken pursuant to a civil investigative demand shall be taken in the county within which such person resides, is found, or transacts business, or in such other place as may be agreed upon by the investigator conducting the examination and such person.

**2.** When the testimony is fully transcribed, the investigator or the officer before whom the testimony is taken shall afford the witness, who may be accompanied by counsel, a reasonable opportunity to examine and read the transcript, unless such examination and reading are waived by the witness. Any changes in form or substance which the witness desires to make shall be entered and identified upon the transcript by the officer or the investigator, with a statement of the reasons given by the witness for making such changes. The transcript shall then be signed by the witness, unless the witness in writing waives the signing, is ill, cannot be found, or refuses to sign. If the transcript is not signed by the witness within thirty days after being afforded a reasonable opportunity to examine it, the officer or investigator shall sign it and state on the record the fact of the waiver, illness, absence of the witness, or the refusal to sign, together with the reasons, if any, given therefor.

**33.883. 1.** The attorney general shall designate the Missouri state highway patrol to serve as custodian of documentary material, answers to interrogatories, and transcripts of oral testimony received pursuant to sections 33.850 to 33.895, and shall designate additional employees of the Missouri state highway patrol as the attorney general determines from time to time to be necessary to serve as deputies to the custodian.

**2.** An investigator who receives any documentary material, answers to interrogatories, or transcripts of oral testimony pursuant to this section shall transmit them to the custodian. The custodian shall take physical possession of such material, and shall be responsible for the use made of them and for their return pursuant to subsection 5 of this section. The custodian may cause the preparation of such copies of such material as may be required for official use.

**3.** Nothing in this section is intended to prevent disclosure to the general assembly, including any committee or subcommittee of the general assembly, or to any other state agency for use by such agency in furtherance of its statutory responsibilities. Disclosure of information to any such other agency shall be allowed only upon application, made by the attorney general to a circuit court, showing substantial need for the use of the information by such agency in furtherance of its statutory responsibilities.

**4.** Whenever any attorney has been designated to appear on behalf of the state before any court, grand jury, or state agency in any case or proceeding, the custodian of any documentary material, answers to interrogatories, or transcripts of oral testimony received pursuant to this section shall deliver to such attorney such material, answers, or transcripts for official use in connection with any such case or proceeding as such attorney determines to be required. Upon the completion of any such case or proceeding, such attorney shall return to the custodian any such material, answers, or transcripts so delivered which have not passed into the control of such court, grand jury, or agency through introduction into the record of such case or proceeding.

**5.** Material produced in the course of any investigation pursuant to a civil investigative demand shall be returned, upon written request of the person who produced such material, to such person except authorized copies or those which have passed into the control of any court, grand jury, or agency through introduction into the record of such case or proceeding, if:

**(1)** Any case or proceeding before the court or grand jury arising out of such investigation, or any proceeding

before any state agency involving such material, has been completed; or

(2) No case or proceeding in which such material may be used has been commenced within a reasonable time after completion of the examination and analysis of all documentary material and other information assembled in the course of such investigation.

**33.886. 1.** At any time during which any custodian is in custody or control of any material received pursuant to section 33.871, such person as provided the material, and in the case of an express demand for any product of discovery, the person from whom such discovery was obtained, may file, in the circuit court of the county within which the office of such custodian holding any of the material is situated, and serve upon such custodian, a petition for an order of such court to require the performance by the custodian of any duty imposed upon the custodian by this section.

**2.** Whenever any petition is filed in any circuit court pursuant to this section, such court shall have jurisdiction to hear and determine the matter so presented, and to enter such orders as may be required to carry out the provisions of this section. Any final order so entered shall be subject to appeal in the same manner as appeals of other final orders in civil matters. Any disobedience of any final order entered pursuant to this section by any court shall be punished as a contempt of the court.

**33.889.** Any documentary material, answers to written interrogatories, or oral testimony provided under any civil investigative demand shall be a closed record pursuant to chapter 610, RSMo.

**33.892.** The Missouri rules of civil procedure shall apply to all proceedings pursuant to sections 33.850 to 33.895, except when rules are inconsistent with sections 33.850 to 33.895.

**33.895. 1.** There is hereby created the "Whistleblower Reward and Protection Fund" within the state treasury. All proceeds of an action or settlement of a claim brought pursuant to sections 33.850 to 33.895 shall be transmitted to the director of revenue for deposit in the fund.

**2.** Moneys in the fund shall be allocated, subject to appropriation, as follows: one-sixth of the moneys shall be paid to the attorney general and one-sixth of the moneys shall be paid to the Missouri state highway patrol for state law enforcement purposes. The remaining two-thirds of the moneys in the fund shall be used for payment of awards to citizen plaintiffs, for attorneys' fees and expenses, and as otherwise specified in sections 33.850 to 33.895. The attorney general shall direct the state treasurer to make disbursement of funds as provided in court orders setting those awards, fees, and expenses. ## SECOND REGULAR SESSION

---

**FIFTY-EIGHTH DAY--WEDNESDAY, APRIL 19, 2000**

---

The Senate met pursuant to adjournment.

President Pro Tem Quick in the Chair.

The Reverend Carl Gauck offered the following prayer:

Dr. Hans Seeley wrote: "Stress never depends on what happens to you, but on how you take it."

Gracious Father, we know that we have Your assurance that we can endure all things because of Your willingness to share the stresses of life with us. You have taught us how, in Peter's words, to "cast all our anxieties on You." So we are relieved of carrying the burden we are required to take on all by ourselves. No matter what the stressful situation, no matter what the anxiety of the moment, we are conscious of Your love of us and care for us. For which we give You thanks and praise. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

# Journal of the Senate

SECOND REGULAR SESSION

FIFTY-NINTH DAY--THURSDAY, APRIL 20, 2000

The Senate met pursuant to adjournment.

President Pro Tem Quick in the Chair.

The Reverend Carl Gauck offered the following prayer:

Psalm 68: 19-20: "Blessed be the Lord, who daily bears us up; God is our salvation. Our God is a God of salvation, and to God, the Lord, belongs escape from death."

Redeemer God, help us to look at this weekend more than an extra Monday off, but a time for family and hearing the promise of life after death and the renewal of life that helps us celebrate the gifts of love and being alive fully with each other. In a week that remembers the violent deaths of men, women and children; in Texas, Oklahoma and Colorado, it is good to know You are the giver of life eternal. So we pray, burst forth the flames of our faith once again so that we may live each day as Your servants knowing the hope that life in You continues forever. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

"163.036. 1. In computing the amount of state aid a school district is entitled to receive under section 163.031, a school district may use an estimate of the number of eligible pupils for the ensuing year, the number of eligible pupils for the immediately preceding year or the number of eligible pupils for the second preceding school year, whichever is greater. **Except as otherwise provided in subsection 3 of this section,** any error made in the apportionment of state aid because of a difference between the actual number of eligible pupils and the estimated number of eligible pupils shall be corrected as provided in section 163.091, except that if the amount paid to a district estimating eligible pupils exceeds the amount to which the district was actually entitled by more than five percent, interest at the rate of six percent shall be charged on the excess and shall be added to the amount to be deducted from the district's apportionment the next succeeding year.

2. Notwithstanding the provisions of subsection 1 of this section or any other provision of law, the state board of education shall make an adjustment for the immediately preceding year for any increase in the actual number of eligible pupils above the number on which the state aid in section 163.031 was calculated. Said adjustment shall be made in the manner providing for correction of errors under subsection 1 of this section.

**3. (1) For any district which has, for at least five years immediately preceding the year in which the error is discovered, adopted a calendar for the school term in which elementary schools are in session for twelve months of each calendar year, any error made in the apportionment of state aid to such district because of a difference between the actual number of eligible pupils and the estimated number of eligible pupils shall be corrected as**

provided in section 163.091 and subsection 1 of this section, except that if the amount paid exceeds the amount to which the district was actually entitled by more than five percent and the district provides written application to the state board requesting that the deductions be made pursuant to subdivision (2) of this subsection, then the amounts shall be deducted pursuant to subdivision (2) of this subsection.

**(2) For deductions made pursuant to this subdivision, interest at the rate of six percent shall be charged on the excess and shall be included in the amount deducted and the total amount of such excess plus accrued interest shall be deducted from the district's apportionment in equal monthly amounts beginning with the succeeding school year and extending for a period of months specified by the district in its written request and no longer than sixty months.**

[3.] **4.** For the purposes of distribution of state school aid pursuant to section 163.031, a school district may elect to use the district's equalized assessed valuation for the preceding year, or an estimate of the current year's assessed valuation if the current year's equalized assessed valuation is estimated to be more than ten percent less than the district's equalized assessed valuation for the preceding year. A district shall give prior notice to the department of its intention to use the current year's assessed valuation pursuant to this subsection. Any error made in the apportionment of state aid because of a difference between the actual equalized assessed valuation for the current year and the estimated equalized assessed valuation for the current year shall be corrected as provided in section 163.091, except that if the amount paid to a district estimating current equalized assessed valuation exceeds the amount to which the district was actually entitled, interest at the rate of six percent shall be charged on the excess and shall be added to the amount to be deducted from the district's apportionment the next succeeding year."; and

Further amend said bill, page 36, Section B, line 2, by inserting immediately after said line the following:

"Section C. Because of the need to ensure continued financial solvency of certain school districts, section 163.036 of this act is deemed necessary for the immediate preservation of the public health, welfare, peace and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and section 163.036 of this act shall be in full force and effect upon its passage and approval."; and

# Journal of the Senate

## SECOND REGULAR SESSION

**SIXTY-SECOND DAY--THURSDAY, APRIL 27, 2000**

The Senate met pursuant to adjournment.

President Pro Tem Quick in the Chair.

The Reverend Carl Gauck offered the following prayer:

"Comfort ye, comfort ye My people, saith your God." (Isaiah 40:1)

Caring Lord and God, we hear Your words of care and need what You want to give, comfort to us as we deal with the growing tension of things undone, of hard work that will not be completed, of lonely hours that at times seem wasted and cannot be recalled. As we prepare to go home let us do so with the solace which only You our God can give. May we join those we love, who can be the instruments of Your comforting hand bringing us peace and joy, and help us hear Your word and celebrate the gift of love and life together. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

Individuals and other organizations, as provided in sections 226.100 to 226.112, may adopt a portion of a highway in order to reduce litter along the highways.**

**226.1003. 1. The commission will have sole responsibility in determining whether an application is rejected or accepted and determining what highways will or will not be eligible for adoption, except that no highway shall be denied participation in the program simply because it was funded by bonds approved pursuant to this act.**

**2. The commission may refuse to grant a request to a participant if, in its opinion, granting the request would jeopardize the program, be counterproductive to its purpose or have undesirable results such as increased litter, vandalism or sign theft. The commission may also refuse to grant a request to a participant if granting the request would create a safety hazard to the participant, the traveling public or to employees of the department of transportation.**

**3. Applicants whose members have been convicted of littering, as defined in section 577.070, RSMo, vandalism, as defined in section 574.085, RSMo, and arson, as defined in section 569.040, RSMo, shall not be allowed to participate in the program.**

**(5) Provide one adult supervisor for every eight participants between thirteen and seventeen years of age and one adult supervisor for every four participants between six and twelve years of age. No one under the age of six will be allowed to participate in the program;**

**(6) Adopt a section of highway right-of-way for a minimum of three years;**

- (9) Provide prior notice, as required by the commission, before performing any program activity;**
- (10) Restrict program activities to the areas of right-of-way outside the pavement and shoulder areas;**

- (15) Indemnify and hold harmless the commission and department and their officers, employees and agents from any claim, lawsuit or liability which may arise from adopter's participation in the program.**

**226.1009. In order to effectively carry out the program, the commission shall:**

- (1) Determine the specific section of right-of-way that is to be adopted;**
- (2) Install and maintain signs, if desired by the adopter, that conform with the standards set by rule, at both ends of the adopted section;**
- (3) Provide the adopter with trash bags;**
- (4) Provide the adopter with safety equipment; and**
- (5) Remove and dispose of filled trash bags from the adopted section as soon as practical after the litter pickup is finished.**

**226.1012. The commission reserves the right to terminate the agreement and remove the signs when, in the sole judgment of the commission, it is found the adopter has not met the terms and conditions of the agreement or there is a concern about the safety of the adopters, the traveling public or Missouri highways and transportation department employees.**

**226.1015. 1. The signs used in the program shall:**

- (1) Identify and recognize the adopter, but are not intended to be an advertising medium;**

- (4) Not contain wording which is obscene or profane, or implies an obscenity or profanity.**

**2. The erection of a sign is not a requirement for participation in the program. The commission, at their sole discretion, may refuse to erect a sign under the program.**

**3. The signs cannot be used as a memorial.**

4. The commission may issue certificates to adopters, rather than erecting or maintaining a sign, if there is a concern about the safety of the adopters, traveling public, or Missouri highways and transportation department employees. The commission may also issue a certificate rather than maintain signs if the signs are subject to vandalism or the adopted section of the highway experiences increased littering that can be reasonably related to the presence of the signs." ; and

### **SENATE CONCURRENT RESOLUTION NO. 42**

WHEREAS, the State of Missouri is fully committed to achieving and maintaining water quality for public use and recreation and the protection of aquatic ecosystems; and

WHEREAS, substantial progress has been made toward this objective through considerable financial investments made by municipal and industrial sectors of the economy and an effective federal, state and local partnership with the private sector; and

WHEREAS, the states' direct experience also demonstrates that achievement of water quality goals depends upon the use of sound science and quality data, an iterative approach to water quality management, a commitment to accommodating economic development, the careful investment of limited resources to maximize environmental benefits, and broad-based public support; and

WHEREAS, the states' direct experience also demonstrates that the remaining water quality challenges are complex, difficult, and site-specific, and require tailored solutions, better science, and monitoring data; and

WHEREAS, the State of Missouri has effective regulatory and cooperative programs underway that are achieving better and greater protection of water quality than can be achieved with the prescriptive federal approach; and

WHEREAS, Section 303(d) of the federal Clean Water Act pertaining to total maximum daily loads (TMDL) is but one of many tools states and local governments have to assure effective water quality management and is not always the most efficient and effective; and

WHEREAS, the forest products industry is one of the most important industries in Missouri providing over 36,000 jobs and contributes over 4 billion a year to Missouri's economy; and

WHEREAS, the private timberland owner, who owns 85 percent of the timberland in Missouri, has a good record of voluntary compliance with Missouri's Best Management Practices for timberland that are approved by the EPA and that comply with the Clean Water Act:

NOW, THEREFORE, BE IT RESOLVED by the Missouri Senate, Ninetieth General Assembly, Second Regular Session, the House of Representatives concurring therein, that the General Assembly strongly urges the Environmental Protection Agency to withdraw from consideration its proposed rules regarding the regulation of silviculture as a non-point source of the Clean Water Act; and

WHEREAS, macular degeneration is an eye disease that occurs when there are changes to the macula, which is a small portion of the retina that is located on the inside back layer of the eye, and results in a reduction of central vision and makes seeing details for close work, such as reading, difficult or impossible; and

WHEREAS, macular degeneration is the leading cause of blindness among older Americans, affecting ten million people today. The National Eye Institute estimates that the number could rise to eighteen million people by 2030; and

WHEREAS, there are two types of age-related macular degeneration. The wet form of macular degeneration, which involves only about ten percent of cases, responds to laser treatments in its early stages. The more common dry form is considered untreatable, although some recent research indicates that certain antioxidant vitamins and minerals may help prevent or slow its progression; and

WHEREAS, the exact cause of macular degeneration is unknown, but it may be related to aging, high blood pressure, smoking, and exposure to high levels of ultraviolet radiation and blue light, both found in sunlight; and

WHEREAS, ongoing research and studies have resulted in some encouraging early findings, such as the possible reversal of macular degeneration

in its early stages; and

WHEREAS, the state of Missouri, through research, programs and funding, could facilitate the discovery and implementation of promising new treatments, technologies and programs for assistance for the benefit of those persons in the state who are afflicted with this disease:

NOW, THEREFORE, BE IT RESOLVED by the members of the Missouri House of Representatives of the Ninetieth General Assembly, Second Regular Session, the Senate concurring therein, that a Joint Interim Committee of the General Assembly be created to be composed of five members of the House of Representatives, to be appointed by the Speaker of the House, with no more than three such members from the same political party, and five members of the Senate, appointed by the President Pro Tem of the Senate, with no more than three such members from the same political party, and that said committee be authorized to function during the interim between the Ninetieth and Ninety-first General Assemblies; and

BE IT FURTHER RESOLVED that said committee make a comprehensive study on macular degeneration, including the solicitation of information from appropriate state agencies and the public on the social, economic, educational and health implications of macular degeneration;

BE IT FURTHER RESOLVED that the committee be authorized to hold hearings as it deems advisable, and that the staffs of House Research, Senate Research and the Committee on Legislative Research provide such legal, research, clerical, technical and bill drafting services requested by the committee; and

BE IT FURTHER RESOLVED that the committee, its members, and any staff personnel assigned to the committee shall receive reimbursement for their actual and necessary expenses incurred in attending meetings of the committee or any subcommittee thereof; and

#### HOUSE CONCURRENT RESOLUTION NO. 27

WHEREAS, military retirees who have served honorably for twenty or more years constitute a significant part of the aging population in the United States; and

WHEREAS, these retirees were encouraged to make the United States Armed Forces a career, in part by the promise of lifetime health care for themselves and their families; and

WHEREAS, prior to age sixty-five, these retirees are provided health services by the United States Department of Defense's TRICARE prime program, but those retirees who reach the age of sixty-five lose a significant portion of the promised health care due to Medicaid eligibility; and

WHEREAS, many of these retirees are also unable to access military treatment facilities for health care and life maintenance medications because they live in areas where there are no military treatment facilities or where these facilities have downsized so significantly that available space for care has become nonexistent; and

WHEREAS, the loss of access to health care services provided by the military has resulted in the government breaking its promise of lifetime health care; and

WHEREAS, without continued affordable health care, including pharmaceuticals, these retirees have limited access to quality health care and significantly less care than other retired federal civilians have under the Federal Employees Health Benefits Program; and

WHEREAS, it is necessary to enact legislation that would restore health care benefits equitable with those of other retired federal workers; and

WHEREAS, several proposals to meet this requirement are currently under consideration before the United States Congress and the federal Department of Defense and Department of Health and Human Services; of these proposals, the federal government has already begun to establish

demonstration projects around the country to be conducted over the next three years, which would allow Medicare to reimburse the Department of Defense for the costs of providing military retirees and their dependents health care; this project would allow a limited number of Medicare-eligible beneficiaries to enroll in the Department of Defense's TRICARE prime program and receive all of their health care under that program:

NOW, THEREFORE, BE IT RESOLVED that the members of the Missouri House of Representatives of the Ninetieth General Assembly, Second Regular Session, the Senate concurring therein, hereby memorialize the Congress of the United States to maintain its commitment to America's military retirees by providing lifetime health care for military retirees over the age of sixty-five; to enact comprehensive legislation that affords military retirees the ability to access health care either through military treatment facilities or through the military's network of health care providers, as well as legislation to require opening the Federal Employees Health Benefits Program to those uniformed services beneficiaries who are eligible for Medicare, on the same basis and conditions that apply to retired federal civilian employees; and to enact any other appropriate legislation that would address the above concerns; and

BE IT FURTHER RESOLVED that the Chief Clerk of the of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for the President of the United States, the President of the Senate and Speaker of the House of Representatives of the United States Congress, and all members of the Missouri Congressional delegation with the request that this resolution be entered in the Congressional Record as a memorial to the Congress of the United States.

In which the concurrence of the Senate is respectfully requested.

Also,

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and passed **HS** for **HCS** for **SB 881**, entitled:

#### HOUSE AMENDMENT NO. 1

Amend House Substitute for House Committee Substitute for Senate Bill No. 881, Page 7, Section 238.060, Line 12 of said page, by deleting the word "**if**" and inserting in lieu thereof the word "**of**".

#### HOUSE AMENDMENT NO. 2

"94.655. [1.] In those cities in which the transportation sales tax has been submitted to and approved by the voters or by a majority vote of the governing body of any such city without submission of the issue to the voters, the transportation sales tax shall remain in effect until repealed by local ordinance in those cities.

In which the concurrence of the Senate is respectfully requested.

Also,

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and adopted **HCR 22**.

#### HOUSE CONCURRENT RESOLUTION NO. 22

WHEREAS, as a result of the passage of Senate Bill No. 386 and the signature of such bill by the governor, section 313.351 became law effective August 28, 1999; and

WHEREAS, section 313.351 allows the state lottery commission to authorize pre-October 22, 1998, lottery winners currently receiving annual payments from annuities or securities to elect a single cash payment in lieu of remaining annual payments upon presentation of a plan to the general assembly and receipt of approval therefor from the general assembly by concurrent resolution; and

WHEREAS, the state lottery commission has submitted to the speaker of the house of representatives, the president pro tempore of the senate and the commissioner of the office of administration the details of its plan to allow state lottery prize winners who are currently receiving annual payments to receive the present value of the remaining payments at the date of execution a single cash payment in lieu of remaining annual payments pursuant to Section 451(h) of the Internal Revenue Code; and

NOW, THEREFORE, BE IT RESOLVED that the members of the Missouri House of Representatives of the Ninetieth General Assembly, Second Regular Session, the Senate concurring therein, hereby determine that the state lottery commission's plan complies with the requirements of section 313.351, and that approving such plan will provide a valuable service to lottery winners which, in turn, will serve to further education in this state; and

# Journal of the Senate

## SECOND REGULAR SESSION

**SIXTY-FOURTH DAY--TUESDAY, MAY 2, 2000**

The Senate met pursuant to adjournment.

President Pro Tem Quick in the Chair.

The Reverend Carl Gauck offered the following prayer:

"Let your speech be always with Grace." (Colossians 4:6)

Lord God, may our speech be filled with care and consideration as patience decreases and tensions increase. We have heard "...there is a dogmatism of the clenched fist and a dogmatism of the open hand, a dogmatism of the gracious spirit and a dogmatism of the bitter heart and biting word." Help us to have a disposition of the kindest heart and spirit and an open and inviting hand as we deal with each other in these closing days. In Your Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The Journal of the previous day was read and approved.

Photographers from the Associated Press and the Senate were given permission to take pictures in the Senate Chamber today.

The following Senators were present during the day's proceedings:

## MESSAGES FROM THE HOUSE

The following messages were received from the House of Representatives through its Chief Clerk:

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and adopted **HCR 29**.

### HOUSE CONCURRENT RESOLUTION NO. 29

WHEREAS, the U.S. Department of Energy is in the second year of a ten-year plan to truck spent nuclear fuel containing weapon-grade plutonium and uranium from South Carolina to a waste storage site in Idaho; and

WHEREAS, last year, the U.S. Department of Energy routed the nuclear waste through the state of Iowa on Interstate 80, which is less traveled and has fewer accidents than other possible interstate routes; and

WHEREAS, for the summer of 2000, the U.S. Department of Energy has decided to reroute the nuclear waste through the state of Missouri on Interstate 70, which has far more traffic, far more accidents and far more maintenance problems than Interstate 80; and

WHEREAS, according to the Missouri Department of Natural Resources, in 1997, 6,242 accidents occurred on I-70 in Missouri compared to 1,574 accidents on I-80 in Iowa, and in 1998, 6,476 accidents occurred on I-70 in Missouri compared to 1,270 accidents on I-80 in Iowa; and

WHEREAS, in February of this year, the Governor of Missouri sent a letter to the U.S. energy secretary opposing the use of Interstate 70 for transportation of nuclear waste, citing the extremely high traffic volume and the large number of planned construction projects on Interstate 70 that will reduce traffic flow to a single lane throughout the summer of 2000; and

WHEREAS, the junior United States Senator from Missouri has asked the United States Department of Energy to reconsider its decision to route nuclear waste through Missouri on I-70; and

WHEREAS, in light of the U.S. Department of Energy's goal to protect the public and to protect the nuclear waste material during transportation, the decision of the Department to reroute nuclear waste on Interstate 70 instead of the safer Interstate 80 seems inconsistent with the stated goal of the Department:

NOW, THEREFORE, BE IT RESOLVED that the members of the House of Representatives of the Ninetieth General Assembly, Second Regular Session, the Senate concurring therein, hereby denounce the decision by the United States Department of Energy to reroute nuclear waste through the state of Missouri on Interstate 70 for the summer of 2000 and urge the energy secretary to utilize Interstate 80 for the transportation of nuclear waste; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution for Bill Richardson, the United States energy secretary.

In which the concurrence of the Senate is respectfully requested.

Also,

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has concurred in **SCA 1** to **HB 1353** and has again taken up and passed **HB 1353**, as amended.

Also,

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House refuses to adopt **SCS for HB 1591** and requests the Senate to recede from its position, or failing to do so, grant the House a conference thereon.

### **PRIVILEGED MOTIONS**

Senator Howard moved that the Senate refuse to recede from its position on **SCS for HB 1591** and grant the House a conference thereon, which motion prevailed.

### **CONCURRENT RESOLUTIONS**

Senator Quick offered the following concurrent resolution:

#### **SENATE CONCURRENT RESOLUTION NO. 44**

WHEREAS, the general assembly is continually asked to act upon measures dealing with complex and controversial subjects; and

WHEREAS, such measures frequently require lengthy and comprehensive study and evaluation; and

WHEREAS, the committee system of evaluation of proposed legislation has proven its worth time and again to the entire membership of the general assembly:

NOW, THEREFORE, BE IT RESOLVED by the members of the Missouri Senate, the House of Representatives concurring therein, that the standing committees of each house and such other committees of the Senate and House of Representatives as the president pro tem or the speaker shall designate may meet with the approval of the president pro tem or speaker, as the case may be, to consider bills or to perform any other necessary legislative function during the interim prior to the convening of the 91st general assembly; and

BE IT FURTHER RESOLVED that the actual and necessary expenses of the members of each committee incurred while attending meetings of those committees, and the expense of the research and clerical personnel assigned thereto, be paid from the appropriate House or Senate contingent fund.

If the member dies before becoming eligible for a retirement allowance, or if the member seeks to withdraw the member's accumulated contributions, the total of such disability payments shall be deducted from the amount otherwise due the member, the member's beneficiary, or the member's estate.

Whether or not such disability exists, in any case, shall be adjudged in the manner provided in subsection 15 of section 169.020 by the board of trustees on the basis of evidence that the board by its regulations may require.

If the court determines the petition is defective or the proposed district or its plan of operation is unconstitutional, it shall enter its judgment to that effect and shall refuse to incorporate the district as requested in the pleadings. If the court determines the petition is not legally defective and the proposed district and plan of operation are not unconstitutional, the court shall determine and declare the district organized and incorporated and shall approve the plan of operation stated in the petition.

**3.** Any party having filed a petition or answer to a petition may appeal the circuit court's order or judgment in the same manner as provided for other appeals. Any order either refusing to incorporate the district or incorporating the district shall be a final judgment for purposes of appeal.

**Section 6.** The costs of filing and defending the petition and all publication and incidental costs incurred in obtaining circuit court certification of the petition for voter approval shall be paid by the petitioners. If a district is organized pursuant to sections 1 to 20 of this act, the petitioners may be reimbursed for such costs out of the revenues received by the district.

**Section 7.** A district created pursuant to sections 1 to 20 of this act shall be governed by a board of directors consisting of five members to be elected as provided in section 8 of this act.

**Section 8. 1.** Within thirty days after the order declaring the district organized has become final, the circuit clerk of the county in which the petition was filed shall give notice by causing publication to be made once a week for two consecutive weeks in a newspaper of general circulation in the county, the last publication of which shall be at least ten days before the day of the meeting required by this section, to call a meeting of the owners of real property and registered voters resident within the district at a day and hour specified in a public place in the county in which the petition was filed for the purpose of electing a board of five directors, two to serve one year, two to serve two years, and one to serve three years, to be composed of residents of the district.

**2.** The attendees, when assembled, shall organize by the election of a chairman and secretary of the meeting who shall conduct the election.

**3.** Each director shall serve for a term of three years and until such director's successor is duly elected and qualified. Successor directors shall be elected in the same manner as the initial directors at a meeting of the residents called by the board. Each successor director shall serve a three-year term. The remaining directors shall have the authority to elect an interim director to complete any unexpired term of a director caused by resignation or disqualification.

**4.** Directors shall be at least twenty-one years of age.

**Section 9. 1.** The board shall possess and exercise all of the district's legislative and executive powers.

**2.** Within thirty days after the election of the initial directors, the board shall meet. At its first meeting and after each election of new board members the board shall elect a chairman, a secretary, a treasurer and such other officers as it deems necessary from its members. A director may fill more than one office, except that a director may not fill both the office of chairman and secretary.

**3.** The board may employ such employees as it deems necessary; provided, however, that the board shall not employ any employee who is related within the third degree by blood or marriage to a member of the board.

**4.** At the first meeting, the board, by resolution, shall define the first and subsequent fiscal years of the district,

and shall adopt a corporate seal.

5. A simple majority of the board shall constitute a quorum. If a quorum exists, a majority of those voting shall have the authority to act in the name of the board, and approve any board resolution.

6. Each director shall devote such time to the duties of the office as their faithful discharge may require and may be reimbursed for such director's actual expenditures in the performance of such director's duties on behalf of the district.

Section 10. A district may receive and use funds for the purposes of planning, designing, constructing, reconstructing, maintaining and operating one or more projects relating to law enforcement. Such funds may be derived from any funding method which is authorized by sections 1 to 20 of this act and from any other source, including but not limited to funds from federal sources, the state of Missouri or an agency of the state, a political subdivision of the state or private sources.

Section 11. 1. If approved by at least four-sevenths of the qualified voters voting on the question in the district, the district may impose a property tax in an amount not to exceed the annual rate of thirty cents on the hundred dollars assessed valuation. The district board may levy a property tax rate lower than its approved tax rate ceiling and may increase that lowered tax rate to a level not exceeding the tax rate ceiling without voter approval. The property tax shall be uniform throughout the district.

2. The ballot of submission shall be substantially in the following form:

Shall the ..... Law Enforcement District impose a property tax upon all real and tangible personal property within the district at a rate of not more than ..... (insert amount) cents per hundred dollars assessed valuation for the purpose of providing revenue for the development of a project (or projects) in the district (insert general description of the project or projects, if necessary)?

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

3. The county collector of each county in which the district is partially or entirely located shall collect the property taxes and special benefit assessments made upon all real property and tangible personal property within that county and the district, in the same manner as other property taxes are collected.

4. Every county collector having collected or received district property taxes shall, on or before the fifteenth day of each month and after deducting his or her commissions, remit to the treasurer of that district the amount collected or received by him or her prior to the first day of the month. Upon receipt of such money, the district treasurer shall execute a receipt therefor, which he or she shall forward or deliver to the collector. The district treasurer shall deposit such sums into the district treasury, credited to the appropriate project or purpose. The collector and district treasurer shall make final settlement of the district account and commissions owing, not less than once each year, if necessary.

Section 12. 1. A district may contract and incur obligations appropriate to accomplish its purposes.

**4. A district may enter into labor agreements, establish all bid conditions, decide all contract awards, pay all contractors and generally supervise the operation of the district.**

**Section 13. The district may contract with a federal agency, a state or its agencies and political subdivisions, a corporation, partnership or individual regarding funding, promotion, planning, designing, constructing, improving, maintaining, or operating a project or to assist in such activity; provided, however, that any contract providing for the overall management and operation of the district shall only be with a governmental entity or a not for profit corporation.**

**Section 14. In addition to all other powers granted by sections 1 to 20 of this act the district shall have the following general powers:**

**(1) To contract with the local sheriff's department for the provision of services;**

**(3) To fix compensation of its employees and contractors;**

**(4) To purchase any personal property necessary or convenient for its activities;**

**(5) To collect and disburse funds for its activities; and**

**(6) To exercise such other implied powers necessary or convenient for the district to accomplish its purposes which are not inconsistent with its express powers.**

**Section 15. 1. The district may obtain such insurance as it deems appropriate, considering its legal limits of liability, to protect itself, its officers and its employees from any potential liability and may also obtain such other types of insurance as it deems necessary to protect against loss of its real or personal property of any kind. The cost of this insurance shall be charged against the project.**

**2. The district may also require contractors performing construction or maintenance work on the project and companies providing operational and management services to obtain liability insurance having the district, its directors and employees as additional named insureds.**

**3. The district shall not attempt to self-insure for its potential liabilities unless it finds that it has sufficient funds available to cover any anticipated judgments or settlements and still complete its project without interruption. The district may self-insure if it is unable to obtain liability insurance coverage at a rate which is economically feasible to the district, considering its resources.**

**Section 16. 1. The boundaries of any district organized pursuant to sections 1 to 20 of this act may be changed in the manner prescribed in this section; but any change of boundaries of the district shall not impair or affect its organization or its rights in or to property, or any of its rights or privileges whatsoever; nor shall it affect or impair or discharge any contract, obligation, lien or charge for or upon which it might be liable or chargeable had any change of boundaries not been made.**

**2. The boundaries may be changed as follows:**

**(1) Twenty-five percent of the number of voters who voted in the most recent gubernatorial election in the area to be annexed or deannexed may file with the board a petition in writing praying that such real property be included within, or removed from, the district. The petition shall describe the property to be included in, or removed from, the district and shall describe the property owned by the petitioners and shall be deemed to give assent of the petitioners to the inclusion in, or removal from, the district of the property described in the**

petition. Such petition shall be in substantially the form set forth for petitions in chapter 116, RSMo; provided that, in the event that there are more than twenty-five property owners or taxpaying electors signing the petition, it shall be deemed sufficient description of their property in the petition as required in this section to list the addresses of such property; or

(2) All of the owners of any territory or tract of land near or adjacent to a district in the case of annexation, or all of the owners of any territory or tract of land within a district in the case of deannexation, who own all of the real estate in such territory or tract of land may file a petition with the board praying that such real property be included in, or removed from, the district. The petition shall describe the property owned by the petitioners and shall be deemed to give assent of the petitioners to the inclusion in, or removal from, the district of the property described in the petition.

3. The secretary of the board shall cause notice of the filing of any petition filed pursuant to this section to be given and published in the county in which the property is located, which notice shall recite the filing of such petition, the number of petitioners, a general description of the boundaries of the area proposed to be included or removed and the prayer of the petitioners; giving notice to all persons interested to appear at the office of the board at the time named in the notice and show cause in writing, if any they have, why the petition should not be granted. The board shall at the time and place mentioned, or at such time or times to which the hearing may be adjourned, proceed to hear the petition and all objections thereto presented in writing by any person showing cause why the petition should not be granted. The failure of any person interested to show cause in writing why such petition shall not be granted shall be deemed as an assent on his part to the inclusion of such lands in, or removal of such lands from, the district as prayed for in the petition.

4. If the board deems it for the best interest of the district, it shall grant the petition, but if the board determines in the case of annexation that some portion of the property mentioned in the petition cannot as a practical matter be served by the district, or if it deems in the case of annexation that it is in the best interest of the district that some portion of the property in the petition not be included in the district, or if in the case of deannexation it deems that it is impracticable for any portion of the property to be deannexed from the district, then the board shall grant the petition in part only. If the petition is granted, the board shall make an order to that effect and file the petition with the circuit clerk. Upon the order of the court having jurisdiction over the district, the property shall be included in, or removed from, the district. If the petition contains the signatures of all the owners of the property pursuant to the provisions of subdivision (2) of subsection 2 of this section, the property shall be included in, or removed from, the district upon the order of the court. If the petition contains the signatures of twenty-five percent of the number of voters who voted in the most recent gubernatorial election in the area to be annexed or deannexed pursuant to subdivision (1) of subsection 2 of this section, the property shall be included in, or removed from, the district subject to the election provided in section 17 of this act. The circuit court having jurisdiction over the district shall proceed to make any such order including such additional property within the district, or removing such property from the district, as is provided in the order of the board, unless the court shall find that such order of the board was not authorized by law or that such order of the board was not supported by competent and substantial evidence.

5. Any person aggrieved by any decision of the board made pursuant to the provisions of this section may appeal that decision to the circuit court of the county in which the property is located within thirty days of the decision by the board.

Section 17. 1. If the petition to add or remove any territory or tract of land to the district contained fewer than all of the signatures required pursuant to subdivision (2) of subsection 2 of section 16 of this act, the decree of extension or retraction of boundaries shall not become final and conclusive until it has been submitted to an election of the voters residing within the boundaries described in such decree and until it has been assented to by a majority vote of the voters in the newly included area, or the area to be removed, voting on the question. The decree shall also provide for the holding of the election to vote on the proposition of extending or retracting the boundaries of the district, and shall fix the date for holding the election.

2. The question shall be submitted in substantially the following form:

Shall the boundaries of the ..... Law Enforcement District be (extended to include/retracted to remove) the following described property? (Describe property)

[ ] YES [ ] NO

3. If a majority of the voters voting on the proposition vote in favor of the extension or retraction of the boundaries of the district, then the court shall enter its further order declaring the decree of extension or retraction of the boundaries to be final and conclusive. In the event, however, that the court finds that a majority of the voters voting thereon voted against the proposition to extend or retract the boundaries of the district, then the court shall enter its further order declaring the decree of extension or retraction of boundaries to be void and of no effect.

Section 18. 1. The authority of the district to levy any property tax levied pursuant to section 11 of this act may be terminated by a petition of the voters in the district in the manner prescribed in this section.

2. The petition for termination of authority to tax may be changed as follows:

(1) Twenty-five percent of the number of voters who voted in the most recent gubernatorial election in the district may file with the board a petition in writing praying that the district's authority to impose a property tax be terminated. The petition shall specifically state that the district's authority to impose any property tax, whether or not such a tax is being imposed at the time such petition is filed, shall be terminated. Such petition shall be in substantially the form set forth for petitions in chapter 116, RSMo; or

(2) All of the owners of real estate in the district may file a petition with the board praying that the district's authority to impose a property tax be terminated. The petition shall specifically state that the district's authority to impose any property tax, whether or not such a tax is being imposed at the time such petition is filed, shall be terminated. Such petition shall be in substantially the form set forth for petitions in chapter 116, RSMo. The petition shall describe the property owned by the petitioners and shall be deemed to give assent of the petitioners to the petition.

3. The secretary of the board shall cause notice of the filing of any petition filed pursuant to this section to be given and published in the county in which the property is located, which notice shall recite the filing of such petition, the number of petitioners and the prayer of the petitioners; giving notice to all persons interested to appear at the office of the board at the time named in the notice and show cause in writing, if any they have, why the petition should not be granted. The board shall at the time and place mentioned, or at such time or times to which the hearing may be adjourned, proceed to hear the petition and all objections thereto presented in writing by any person showing cause why the petition should not be granted.

4. If the board deems it for the best interest of the district, it shall grant the petition. If the petition is granted, the board shall make an order to that effect and file the petition with the circuit clerk. If the petition contains the signatures of all the owners of the property pursuant to the provisions of subdivision (2) of subsection 2 of this section, the authority to tax shall be terminated upon the order of the court. If the petition contains the signatures of twenty-five percent of the number of voters who voted in the most recent gubernatorial election in the district pursuant to subdivision (1) of subsection 2 of this section, the authority to tax shall be terminated subject to the election provided in section 19 of this act. The circuit court having jurisdiction over the district shall proceed to make any such order terminating such taxation authority as is provided in the order of the board, unless the court shall find that such order of the board was not authorized by law or that such order of the board was not supported by competent and substantial evidence.

5. Any person aggrieved by any decision of the board made pursuant to the provisions of this section may appeal that decision to the circuit court of the county in which the property is located within thirty days of the decision by the board.

**Section 19. 1. If the petition filed pursuant to section 18 of this act contained fewer than all of the signatures required pursuant to subdivision (2) of subsection 2 of section 18 of this act, the termination of taxation authority shall not become final and conclusive until it has been submitted to an election of the voters residing within the district and until it has been assented to by at least four-sevenths of the voters in the district voting on the question. The decree shall also provide for the holding of the election to vote on the proposition, and shall fix the date for holding the election.**

**2. The question shall be submitted in substantially the following form:**

**Shall the authority of the ..... Law Enforcement District to adopt property taxes be terminated?**

**[ ] YES [ ] NO**

**3. If four-sevenths of the voters voting on the proposition vote in favor of such termination, then the court shall enter its further order declaring the termination of such authority, and all such taxes that are being assessed in the current calendar year pursuant to such authority, to be final and conclusive. In the event, however, that the court finds that less than four- sevenths of the voters voting thereon voted against the proposition to terminate such authority, then the court shall enter its further order declaring the decree of termination of such district's taxing authority to be void and of no effect.**

**Section 20. 1. Whenever a petition signed by not less than ten percent of the registered voters in any district organized pursuant to sections 1 to 20 of this act is filed with the circuit court having jurisdiction over the district, setting forth all the relevant facts pertaining to the district, and alleging that the further operation of the district is not in the best interests of the inhabitants of the district, and that the district should, in the interest of the public welfare and safety, be dissolved, the circuit court shall have authority, after hearing evidence submitted on such question, to order a submission of the question, after having caused publication of notice of a hearing on such petition in the same manner as the notice required in section 8 of this act, in substantially the following form:**

**Shall ..... (Insert the name of the law enforcement district) Law Enforcement District be dissolved?**

**[ ] YES [ ] NO**

**2. If the court shall find that it is to the best interest of the inhabitants of the district that such district be dissolved, it shall make an order reciting such finding and providing for the submission of the proposition to dissolve such district to a vote of the voters of the district, setting forth such further details in its order as may be necessary to an orderly conduct of such election. Such election shall be held at the municipal election. Returns of the election shall be certified to the court. If the court finds that a majority of the voters voting thereon shall have voted in favor of the proposition to dissolve the district, the court shall make a final order dissolving the district, and the decree shall contain a proviso that the district shall continue in full force for the purpose of paying all outstanding and lawful obligations and disposing of property of the district; but no additional costs or obligations shall be created except such as are necessary to pay such costs, obligations and liabilities previously incurred, or necessary to the winding up of the district. If the court shall find that a majority of the voters of the district voting thereon shall not have voted favorably on the proposition to dissolve such district, then the court shall make a final order declaring such result dismissing the petition praying for the dissolution of said district; and the district shall continue to operate in the same manner as though the petition asking for such dissolution has not been filed.**

**3. The dissolution of a district shall not invalidate or affect any right accruing to such district, or to any person, or invalidate or affect any contract or indebtedness entered into or imposed upon such district or person; and whenever the circuit court shall, pursuant to this section, dissolve a district, the court shall appoint some**

competent person to act as trustee for the district so dissolved and such trustee before entering upon the discharge of his or her duties shall take and subscribe an oath that he or she will faithfully discharge the duties of the office, and shall give bond with sufficient security, to be approved by the court to the use of such dissolved district, for the faithful discharge of his or her duties, and shall proceed to liquidate the district under orders of the court, including the levying of any taxes provided for in sections 1 to 20 of this act.

Section C. Because immediate action is necessary to protect the public safety, section B of this act is deemed necessary for the immediate preservation of the public health, welfare, peace and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and section B of this act shall be in full force and effect upon its passage and approval."; and

(3) If the defendant has three or more previous prison commitments to the department of corrections for felonies unrelated to the present offense, the minimum prison term which the defendant must serve shall be eighty percent of his sentence or until the defendant attains seventy years of age, and has served at least forty percent of the sentence imposed, whichever occurs first.

3. Other provisions of the law to the contrary notwithstanding, any defendant who has pleaded guilty to or has been found guilty of a dangerous felony as defined in section 556.061, RSMo, and is committed to the department of corrections shall be required to serve a minimum prison term of eighty-five percent of the sentence imposed by the court or until the defendant attains seventy years of age, and has served at least forty percent of the sentence imposed, whichever occurs first. For purposes of this section, the phrase "sentence imposed by the court" means the total aggregate sentence actually imposed by the sentencing court.

4. For the purpose of determining the minimum prison term to be served, the following calculations shall apply:

(1) A sentence of life shall be calculated to be thirty years;

(2) Any sentence either alone or in the aggregate with other consecutive sentences for crimes committed at or near the same time which is over seventy-five years shall be calculated to be seventy-five years.

5. For purposes of this section, the term "minimum prison term" shall mean time required to be served by the defendant before he is eligible for parole, conditional release or other early release by the department of corrections. Except that the board of probation and parole, in the case of consecutive sentences imposed at the same time pursuant to a course of conduct constituting a common scheme or plan, shall be authorized to convert consecutive sentences to concurrent sentences, when the board finds, after hearing with notice to the prosecuting or circuit attorney, that the sum of the terms results in an-unreasonably excessive total term, taking into consideration all factors related to the crime or crimes committed and the sentences received by others similarly situated.

6. (1) A sentencing advisory commission is hereby created to consist of eleven members. One member shall be appointed by the speaker of the house. One member shall be appointed by the president pro tem of the senate. One member shall be the director of the department of corrections. Six members shall be appointed by and serve at the pleasure of the governor from among the following: the public defender commission; private citizens; a private member of the Missouri Bar; the board of probation and parole; and a prosecutor. Two members shall be appointed by the supreme court, one from a metropolitan area and one from a rural area. All members of the sentencing commission appointed prior to August 28, 1994, shall continue to serve on the sentencing advisory commission at the pleasure of the governor.

(2) The commission shall study sentencing practices in the circuit courts throughout the state for the purpose of determining whether and to what extent disparities exist among the various circuit courts with respect to the length of sentences imposed and the use of probation for defendants convicted of the same or similar crimes and with similar criminal histories. The commission shall also study and examine whether and to what extent sentencing disparity among economic and social classes exists in relation to the sentence of death and if so, the reasons therefor. It shall compile statistics, examine cases, draw conclusions, and perform other duties relevant to the research and investigation of disparities in death penalty sentencing among economic and social classes.

(3) The commission shall establish a system of recommended sentences, within the statutory minimum and maximum sentences provided by law for each felony committed under the laws of this state. This system of recommended sentences shall be distributed to all sentencing courts within the state of Missouri. The recommended sentence for each crime shall take into account, but not be limited to, the following factors:

(a) The nature and severity of each offense;

(b) The record of prior offenses by the offender;

(c) The data gathered by the commission showing the duration and nature of sentences imposed for each crime; and

(d) The resources of the department of corrections and other authorities to carry out the punishments that are imposed.

(4) The commission shall publish and distribute its system of recommended sentences on or before July 1, 1995. The commission shall study the implementation and use of the system of recommended sentences until July 1, 1998, and return a final report to the governor, the speaker of the house of representatives, and the president pro tem of the senate. Following the July 1, 1998, report, the commission may revise the recommended sentences every three years.

(5) The governor shall select a chairperson who shall call meetings of the commission as required or permitted pursuant to the purpose of the sentencing commission.

(6) The members of the commission shall not receive compensation for their duties on the commission, but shall be reimbursed for actual and necessary expenses incurred in the performance of these duties and for which they are not reimbursed by reason of their other paid positions.

(7) The circuit and associate circuit courts of this state, the office of the state courts administrator, the department of public safety, and the department of corrections shall cooperate with the commission by providing information or access to information needed by the commission. The office of the state courts administrator will provide needed staffing resources.

7. If the imposition or execution of a sentence is suspended, the court may consider ordering restorative justice methods pursuant to section 217.777, RSMo, including any or all of the following, or any other method that the court finds just or appropriate:

(1) Restitution to any victim for costs incurred as a result of the offender's actions;

(2) Offender treatment programs;

- (3) Mandatory community services;
- (4) Work release programs in local facilities; and
- (5) Community based residential and nonresidential programs; and

**8. If the imposition or execution of a sentence is suspended for a misdemeanor, in addition to the provisions of subsection 7 of this section, the court may order the assessment and payment of a designated amount of money to a county crime reduction fund established by the county commission pursuant to §50.555, RSMo. Said contribution shall not exceed \$1,000 for any misdemeanor offense. Any money deposited into the county crime reduction fund pursuant to this section shall only be expended pursuant to the provisions of section 50.555 RSMo. An annual audit of the fund shall be conducted by the county auditor or the state auditor.**

**9.[8.]** The provisions of this section shall apply only to offenses occurring on or after August 28, 1994.

**559.021.1.** The conditions of probation shall be such as the court in its discretion deems reasonably necessary to ensure that the defendant will not again violate the law. When a defendant is placed on probation he shall be given a certificate explicitly stating the conditions on which he is being released.

2. In addition to such other authority as exists to order conditions of probation, the court may order such conditions as the court believes will serve to compensate the victim, any dependent of the victim, or society. Such conditions may include, but shall not be limited to:

- (1) Restitution to the victim or any dependent of the victim, in an amount to be determined by the judge; and
- (2) The performance of a designated amount of free work for a public or charitable purpose, or purposes, as determined by the judge.

**3. In addition to such other authority as exists to order conditions of probation, in the case of a plea of guilty in a misdemeanor case or finding of guilt in a misdemeanor case, the court may order the assessment and payment of a designated amount of money to a county crime reduction fund established by the county commission pursuant to §50.555, RSMo. Said contribution shall not exceed \$1,000 for any misdemeanor offense. Any money deposited into the county crime reduction fund pursuant to this section shall only be expended pursuant to the provisions of section 50.555 RSMo.**

[3] **4.** The defendant may refuse probation conditioned on the performance of free work. If he does so, the court shall decide the extent or duration of sentence or other disposition to be imposed and render judgment accordingly. Any county, city, person, organization, or agency, or employee of a county, city, organization or agency charged with the supervision of such free work or who benefits from its performance shall be immune from any suit by the defendant or any person deriving a cause of action from him if such cause of action arises from such supervision of performance, except for an intentional tort or gross negligence. The services performed by the defendant shall not be deemed employment within the meaning of the provisions of chapter 288, RSMo. A defendant performing services pursuant to this section shall not be deemed an employee within the meaning of the provisions of chapter 287, RSMo.

[4] **5.** The court may modify or enlarge the conditions of probation at any time prior to the expiration or termination of the probation term.

**6. The defendant may refuse probation conditioned on a payment to a county crime reduction fund. If he does so, the court shall decide the extent or duration of sentence or other disposition to be imposed and render judgment accordingly. A judge may order payment to a crime reduction fund only if such fund had been created prior to sentencing by ordinance or resolution of a county of the state of Missouri. A judge shall not have any direct supervisory authority or administrative control over any fund to which the judge is ordering the probationers to make payments. A defendant who fails to make a payment or payments to a crime reduction fund may not have his probation revoked solely for failing to make such payment unless the judge, after evidentiary hearing, makes a finding supported by a preponderance of the evidence that the defendant either**

**willfully refused to make the payment or that the defendant willfully, intentionally and purposefully failed to make sufficient bona fide efforts to acquire the resources to pay.**

(1) Award custody of any minor child born to or adopted by the parties when the court has jurisdiction over such child and no prior order regarding custody is pending or has been made, and the best interests of the child require such order be issued;

(2) Establish a visitation schedule that is in the best interests of the child;

(3) Award child support in accordance with supreme court rule 88.01 and chapter 452, RSMo;

(4) Award maintenance to petitioner when petitioner and respondent are lawfully married in accordance with chapter 452, RSMo;

(5) Order respondent to make or to continue to make rent or mortgage payments on a residence occupied by the petitioner if the respondent is found to have a duty to support the petitioner or other dependent household members;

(6) Order the respondent to pay the petitioner's rent at a residence other than the one previously shared by the parties if the respondent is found to have a duty to support the petitioner and the petitioner requests alternative housing;

(7) Order that the petitioner be given temporary possession of specified personal property, such as automobiles, checkbooks, keys, and other personal effects;

(8) Prohibit the respondent from transferring, encumbering, or otherwise disposing of specified property mutually owned or leased by the parties;

(9) Order the respondent to participate in a court-approved counseling program designed to help batterers stop violent behavior or to participate in a substance abuse treatment program;

4. A verified petition seeking orders for maintenance, support, custody, visitation, payment of rent, payment of monetary compensation, possession of personal property, prohibiting the transfer, encumbrance, or disposal of property, or payment for services of a shelter for victims of domestic violence, shall contain allegations relating to those orders and shall pray for the orders desired.

5. In making an award of custody, the court shall consider all relevant factors including the presumption that the best interests of the child will be served by placing the child in the custody and care of the nonabusive parent, unless there is evidence that both parents have engaged in abusive behavior, in which case the court shall not consider this presumption but may appoint a guardian ad litem or a court-appointed special advocate to represent the children in accordance with chapter 452, RSMo, and shall consider all other factors in accordance with chapter 452, RSMo.

6. The court shall grant to the noncustodial parent rights to visitation with any minor child born to or adopted by the parties, unless the court finds, after hearing, that visitation would endanger the child's physical health, impair the child's emotional development or would otherwise conflict with the best interests of the child, or that no visitation can be arranged which would sufficiently protect the custodial parent from further abuse. The court may appoint a guardian ad litem or court-appointed special advocate to represent the minor child in accordance with chapter 452, RSMo, whenever the custodial parent alleges that visitation with the noncustodial parent will damage the minor child.

7. The court shall make an order requiring the noncustodial party to pay an amount reasonable and necessary for the support of any child to whom the party owes a duty of support when no prior order of support is outstanding and after all relevant factors have been considered, in accordance with Missouri supreme court rule 88.01 and chapter 452, RSMo.

8. The court may grant a maintenance order to a party for a period of time, not to exceed one hundred eighty days. Any maintenance ordered by the court shall be in accordance with chapter 452, RSMo.

455.085. 1. When a law enforcement officer has probable cause to believe a party has committed a violation of law amounting to abuse or assault, as defined in section 455.010, against a family or household member, the officer may arrest the offending party whether or not the violation occurred in the presence of the arresting officer. When the officer declines to make arrest pursuant to this subsection, the officer shall make a written report of the incident completely describing the offending party, giving the victim's name, time, address, reason why no arrest was made and any other pertinent information. Any law enforcement officer subsequently called to the same address within a twelve-hour period, who shall find probable cause to believe the same offender has again committed a violation as stated in this subsection against the same or any other family or household member, shall arrest the offending party for this subsequent offense. The primary report of nonarrest in the preceding twelve-hour period may be considered as evidence of the defendant's intent in the violation for which arrest occurred. The refusal of the victim to sign an official complaint against the violator shall not prevent an arrest under this subsection.

2. When a law enforcement officer has probable cause to believe that a party, against whom a protective order has been entered and who has notice of such order entered, has committed an act of abuse in violation of such order, the officer shall arrest the offending party-respondent whether or not the violation occurred in the presence of the arresting officer. Refusal of the victim to sign an official complaint against the violator shall not prevent an arrest under this

subsection.

3. When an officer makes an arrest he is not required to arrest two parties involved in an assault when both parties claim to have been assaulted. The arresting officer shall attempt to identify and shall arrest the party he believes is the primary physical aggressor. The term "primary physical aggressor" is defined as the most significant, rather than the first, aggressor. The law enforcement officer shall consider any or all of the following in determining the primary physical aggressor:

- (1) The intent of the law to protect victims of domestic violence from continuing abuse;
- (2) The comparative extent of injuries inflicted or serious threats creating fear of physical injury;
- (3) The history of domestic violence between the persons involved.

No law enforcement officer investigating an incident of family violence shall threaten the arrest of all parties for the purpose of discouraging requests or law enforcement intervention by any party. Where complaints are received from two or more opposing parties, the officer shall evaluate each complaint separately to determine whether he should seek a warrant for an arrest.

4. In an arrest in which a law enforcement officer acted in good faith reliance on this section, the arresting and assisting law enforcement officers and their employing entities and superiors shall be immune from liability in any civil action alleging false arrest, false imprisonment or malicious prosecution.

5. When a person against whom an order of protection has been entered fails to surrender custody of minor children to the person to whom custody was awarded in an order of protection, the law enforcement officer shall arrest the respondent, and shall turn the minor children over to the care and custody of the party to whom such care and custody was awarded.

6. The same procedures, including those designed to protect constitutional rights, shall be applied to the respondent as those applied to any individual detained in police custody.

7. A violation of the terms and conditions, with regard to abuse, stalking, child custody, **communication initiated by the respondent** or entrance upon the premises of the petitioner's dwelling unit, of an ex parte order of protection of which the respondent has notice, shall be a class A misdemeanor unless the respondent has previously pleaded guilty to or has been found guilty of violating an ex parte order of protection or a full order of protection within five years of the date of the subsequent violation, in which case the subsequent violation shall be a class D felony. Evidence of prior pleas of guilty or findings of guilt shall be heard by the court out of the presence of the jury prior to submission of the case to the jury. If the court finds the existence of such prior pleas of guilty or finding of guilt beyond a reasonable doubt, the court shall decide the extent or duration of sentence or other disposition and shall not instruct the jury as to the range of punishment or allow the jury to assess and declare the punishment as a part of its verdict.

8. A violation of the terms and conditions, with regard to abuse, stalking, child custody, **communication initiated by the respondent** or entrance upon the premises of the petitioner's dwelling unit, of a full order of protection shall be a class A misdemeanor, unless the respondent has previously pleaded guilty to or has been found guilty of violating an ex parte order of protection or a full order of protection within five years of the date of the subsequent violation, in which case the subsequent violation shall be a class D felony. Evidence of prior pleas of guilty or findings of guilt shall be heard by the court out of the presence of the jury prior to submission of the case to the jury. If the court finds the existence of such prior plea of guilty or finding of guilt beyond a reasonable doubt, the court shall decide the extent or duration of the sentence or other disposition and shall not instruct the jury as to the range of punishment or allow the jury to assess and declare the punishment as a part of its verdict. For the purposes of this subsection, in addition to the notice provided by actual service of the order, a party is deemed to have notice of an order of protection if the law enforcement officer responding to a call of a reported incident of abuse or violation of an order of protection presented a copy of the order of protection to the respondent.

9. Good faith attempts to effect a reconciliation of a marriage shall not be deemed tampering with a witness or victim

tampering under section 575.270, RSMo.

10. Nothing in this section shall be interpreted as creating a private cause of action for damages to enforce the provisions set forth herein.

455.205. 1. The governing body of any county, or of any city not within a county, by order or ordinance to be effective prior to January 1, [2000] **2001**, may impose a fee upon the issuance of a marriage license and may impose a surcharge upon any civil case filed in the circuit court [under the provisions of section 452.305, RSMo]. The surcharge shall not be charged when [no court costs are otherwise required, and shall not be charged when] costs are waived or are to be paid by the state, county or municipality.

2. The fee imposed upon the issuance of a marriage license shall be five dollars, shall be paid by the person applying for the license, and shall be collected by the recorder of deeds at the time the license is issued. Such amounts shall be payable to the treasuries of the counties from which such surcharges were paid.

3. At the end of each month, the recorder of deeds shall file a verified report with the county commission of the fees collected pursuant to the provisions of subsection 2 of this section. The report may be consolidated with the monthly report of other fees collected by such officers. Upon the filing of the reports the recorder of deeds shall forthwith pay over to the county treasurer all fees collected pursuant to subsection 2 of this section. The county treasurer shall deposit all such fees upon receipt in a special fund to be expended only to provide financial assistance to shelters for victims of domestic violence as provided in sections 455.200 to 455.230.

The annual report shall include statistics on the number of persons served by the shelter, the relationship of the victim of domestic violence to the abuser, the number of referrals made for medical, psychological, financial, educational, vocational, child care services or legal services, and shall include the results of an independent audit. No information contained in the report shall identify any person served by the shelter or enable any person to determine the identity of any such person. **Any information contained in the report that is directly related to advocacy services provided by the shelter shall not be construed as a violation of section 455.220. SENATE AMENDMENT NO. 5

Amend Senate Committee Substitute for House Committee Substitute for House Bills Nos. 1386 and 1086, Page 3, Section 210.936, Line 4, by adding after the end of said line the following:

"565.030. 1. Where murder in the first degree is charged but not submitted or where the state waives the death penalty, the submission to the trier and all subsequent proceedings in the case shall proceed as in all other criminal cases with a single stage trial in which guilt and punishment are submitted together.

2. Where murder in the first degree is submitted to the trier without a waiver of the death penalty, the trial shall proceed in two stages before the same trier. At the first stage the trier shall decide only whether the defendant is guilty or not guilty of any submitted offense. The issue of punishment shall not be submitted to the trier at the first stage. If an offense is charged other than murder in the first degree in a count together with a count of murder in the first degree, the trial judge shall assess punishment on any such offense according to law, after the defendant is found guilty of such offense and after he finds the defendant to be a prior offender pursuant to chapter 558, RSMo.

3. If murder in the first degree is submitted and the death penalty was not waived but the trier finds the defendant guilty of a lesser homicide, a second stage of the trial shall proceed at which the only issue shall be the punishment to be assessed and declared. No further evidence shall be received. If the trier is a jury it shall be instructed on the law.

The attorneys may then argue as in other criminal cases the issue of punishment, after which the trier shall assess and declare the punishment as in all other criminal cases.

4. If the trier at the first stage of a trial where the death penalty was not waived finds the defendant guilty of murder in the first degree, a second stage of the trial shall proceed at which the only issue shall be the punishment to be assessed and declared. Evidence in aggravation and mitigation of punishment, including but not limited to evidence supporting any of the aggravating or mitigating circumstances listed in subsection 2 or 3 of section 565.032, may be presented subject to the rules of evidence at criminal trials. Such evidence may include, within the discretion of the court, evidence concerning the murder victim and the impact of the crime upon the family of the victim and others. Rebuttal and surrebuttal evidence may be presented. The state shall be the first to proceed. If the trier is a jury it shall be instructed on the law. The attorneys may then argue the issue of punishment to the jury, and the state shall have the right to open and close the argument. The trier shall assess and declare the punishment at life imprisonment without eligibility for probation, parole, or release except by act of the governor:

**(1) If the trier finds by a preponderance of the evidence that the defendant is mentally retarded; or**

[(1)] **(2) If the trier does not find beyond a reasonable doubt at least one of the statutory aggravating circumstances set out in subsection 2 of section 565.032; or**

[(2) If the trier does not find that the evidence in aggravation of punishment, including but not limited to evidence supporting the statutory aggravating circumstances listed in subsection 2 of section 565.032, warrants imposing the death sentence; or]

**(3) If the trier concludes that there is evidence in mitigation of punishment, including but not limited to evidence supporting the statutory mitigating circumstances listed in subsection 3 of section 565.032, which is sufficient to outweigh the evidence in aggravation of punishment found by the trier; or**

**(4) If the trier decides under all of the circumstances not to assess and declare the punishment at death. If the trier is a jury it shall be so instructed. If the trier assesses and declares the punishment at death it shall, in its findings or verdict, set out in writing the aggravating circumstance or circumstances listed in subsection 2 of section 565.032 which it found beyond a reasonable doubt. If the trier is a jury it shall be instructed before the case is submitted that if it is unable to decide or agree upon the punishment the court shall assess and declare the punishment at life imprisonment without eligibility for probation, parole, or release except by act of the governor or death. The court shall follow the same procedure as set out in this section whenever it is required to determine punishment for murder in the first degree.**

**5. Upon written agreement of the parties and with leave of court, the issue of the defendant's mental retardation may be taken up by the court and decided prior to trial without prejudicing the defendant's right to have the issue submitted to the trier of fact as provided in subsection 4 of this section.**

**6. As used in this section, the term "mental retardation" or "mentally retarded" refer to a condition involving substantial limitations in general functioning characterized by significantly subaverage intellectual functioning with related deficits and limitations in adaptive behavior such as communication, self-care, home living, social skills, community use, self-direction, health and safety, functional academics, leisure and work, which condition is manifested and documented before eighteen years of age.**

# Journal of the Senate

SECOND REGULAR SESSION

**SIXTY-FIFTH DAY--WEDNESDAY, MAY 3, 2000**

The Senate met pursuant to adjournment.

President Pro Tem Quick in the Chair.

The Reverend Carl Gauck offered the following prayer:

"....even so we also should walk in newness of life." (Romans 6:4)

Gracious God, we know the motto which says: "Today is the first day of the rest of your life." Help us approach this day as new and capable of bringing new energy and thought to what confronts us this day. Help us not think of today as another typical series of yesterdays which show little progress but rather an opportunity to accomplish more and grow from the experience. Keep us from falling into the ruts of sameness by showing faithfulness in the decisions we make today. In Your Holy Name, Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

**Any evidence leading to a conviction of a felony described in this subsection which has been or can be tested for DNA shall be preserved by the Missouri state highway patrol.**

2. The Missouri state highway patrol and department of corrections shall be responsible for ensuring adherence to the law. Any person required to provide a DNA sample pursuant to this section shall be required to provide such sample, without the right of refusal, at a collection site designated by the Missouri state highway patrol and the department of corrections. Authorized personnel collecting or assisting in the collection of samples shall not be liable in any civil or criminal action when the act is performed in a reasonable manner. The defendant shall serve notice of the motion upon the prosecuting attorney of the county in which the conviction occurred. The defendant shall present a prima facie case that identity was a contested issue in the defendant's trial. If the defendant establishes a prima facie case, and the trial court determines that the results of the testing have the scientific potential to produce new, noncumulative evidence materially relevant to the defendant's assertion of actual innocence, the trial court shall order the state to compare DNA test results regarding the trial evidence and the defendant."; and

"Where can I go then from Your Spirit?...If I take the wings of the morning and dwell in the uttermost parts of the sea even there Your hand will lead me and Your right hand hold me fast." (Psalm 139:6,8-9)

Gracious God, help us to always remember that wherever we may be and whatever the circumstances we find ourselves You are there for us, present in our lives, our joys and sorrows and disappointments. Help us to remember whatever circumstances of life we are living through, even here, You are with us to walk with us and uphold us. In Your Holy Name we pray. Amen.

#### **SENATE RESOLUTION NO. 1723**

WHEREAS, the Holy See is a governing authority of the sovereign State of Vatican City; and

WHEREAS, the Holy See has an internationally recognized legal personality, which allows it to enter into treaties as the juridical equal of a state and to send and receive diplomatic representatives; and

WHEREAS, the diplomatic history of the Holy See began over 1,600 years ago, during the 4th century, A.D. and the Holy See currently has formal diplomatic relations with one hundred sixty-nine nations, including the United States, and maintains one hundred seventy-nine permanent

diplomatic missions abroad; and

WHEREAS, although the Holy See was an active participant in a wide range of United Nations activities since 1946, and was eligible to become a member state of the United Nations, it chose instead to become a nonmember state with Permanent Observer status over thirty-six years ago, in 1964; and

WHEREAS, unlike other geographically small countries such as Monaco, Nauru, San Marino and Liechtenstein, the Holy See does not possess a vote in the General Assembly of the United Nations; and

WHEREAS, according to a July 1998 assessment by the United States Department of State, the United States values the Holy See's significant contributions to international peace and human rights; and

WHEREAS, during the past year, certain organizations that oppose the views of the Holy See regarding abortion and the sanctity of human life have initiated an organized effort to pressure the United Nations to remove the Permanent Observer status of the Holy See; and

WHEREAS, the removal of the Holy See's Permanent Observer status would constitute an expulsion of the Holy See from the United Nations as a state participant:

NOW THEREFORE BE IT RESOLVED, that the members of the Missouri Senate, Ninetieth General Assembly, Second Regular Session, hereby request that Congress commend the Holy See for its unique contributions to a thoughtful and robust dialogue in issues of international concern during its thirty-six years as a Permanent Observer at the United Nations; and

BE IT FURTHER RESOLVED, that Congress should strongly object to any effort to expel the Holy See from the United Nations as a state participant by removing its status as a nonmember state Permanent Observer; and

BE IT FURTHER RESOLVED, that Congress should emphasize that any degradation of the status accorded to the Holy See at the United Nations would seriously damage the credibility of the United Nations by demonstrating that its rules of participation are manipulable for ideological reasons rather than being rooted in neutral principles and objective facts of sovereignty and that any degradation of the status of the Holy See will damage relations between the United States and the United Nations; and

BE IT FURTHER RESOLVED, that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for each member of Missouri's Congressional Delegation.

## SECOND REGULAR SESSION

**SIXTY-SEVENTH DAY--FRIDAY, MAY 5, 2000**

The Senate met pursuant to adjournment.

President Pro Tem Quick in the Chair.

The Reverend Carl Gauck offered the following prayer:

Benjamin Franklin said: "I am in perpetual anxiety lest...an accidental Quarrel, a personal Insult, an imprudent Order...make a Breach that can never afterward be healed." (October 6, 1774)

Gracious Lord, we pray in the closing day of this week, that we would always be known for who and what we are for and not who and what we are against. May we trust You who sees beyond today and who has promised to guide our steps when we fully trust in You that we will clearly be known for the love we convey and the efforts we take to make real that love in the lives of those we serve and serve with. Grant us patience and love to willingly protect the reputation and interest of others as we seek to do Your will. And "...watch our going out and coming in." In Your Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The Journal of the previous day was read and approved.

**"Section 1. 1. Beginning July 1, 2001, the department of elementary and secondary education shall provide a four-year competitive grant program to fund, or defray the cost of, establishment or expansion of student suicide prevention programs. Such programs may also include teacher and administrator training in suicide prevention programs. Such programs may be operated at the district or building level and, if operated, shall be operated at a public elementary or secondary school of this state.**

**2. Prior to July 1, 2001, the department of elementary and secondary education shall promulgate rules including but not limited to eligibility criteria, how applicant priority is established, the manner in which grant funds may or may not be used, proposed methods and documents of cooperation with the host school or school district in the case of nonschool applicants pursuant to subsection 3 of this section, and the form of grant applications.**

**3. Grants for the establishment or expansion of student suicide prevention programs may be applied for by either public schools, school districts, political subdivisions, corporations registered pursuant to the laws of this state, partnerships registered pursuant to the laws of this state or not for profit corporations as that term is defined in section 501(c)(3) of the Internal Revenue Code of 1986, as amended. If the total of state aid apportionments to all districts pursuant to subdivision (1) of this subsection is greater than the total of state aid apportionments calculated pursuant to subsections 1 to 4 of this section, then funds shall be transferred from the outstanding schools trust fund to the state school moneys fund to the extent necessary to fund the district entitlements as modified by subdivision (4) of this subsection for that school year with a district entitlement proration factor no less than one and such transfer shall be given priority over all other uses for the outstanding schools trust fund as otherwise provided by law.

"Provider agrees that in no event, including but not limited to nonpayment by the health carrier or intermediary, insolvency of the health carrier or intermediary, or breach of this agreement, shall the provider bill, charge, collect a deposit from, seek compensation, remuneration or reimbursement from, or have any recourse against an enrollee or a person, other than the health carrier or intermediary, acting on behalf of the enrollee for services provided pursuant to this agreement. This agreement shall not prohibit the provider from collecting coinsurance, deductibles or co-payments, as specifically provided in the evidence of coverage, or fees for uncovered services delivered on a fee-for-service basis to enrollees. This agreement shall not prohibit a provider, except for a health care professional who is employed full time on the staff of a health carrier and has agreed to provide service exclusively to that health carrier's enrollees and no others, and an enrollee from agreeing to continue services solely at the expense of the enrollee, as long as the provider has clearly informed the enrollee that the health carrier may not cover or continue to cover a

specific service or services. Except as provided herein, this agreement does not prohibit the provider from pursuing any available legal remedy; including, but not limited to, collecting from any insurance carrier providing coverage to a covered person."

[3.] **4.** Every contract between a health carrier and a participating provider shall set forth that in the event of a health carrier's or intermediary's insolvency or other cessation of operations, covered services to enrollees shall continue through the period for which a premium has been paid to the health carrier on behalf of the enrollee or until the enrollee's discharge from an inpatient facility, whichever time is greater.

[4.] **5.** The contract provisions satisfying the requirements of subsections [2 and] 3 **and 4** of this section shall:

(1) Be construed in favor of the enrollee;

(2) Survive the termination of the contract regardless of the reason for termination, including the insolvency of the health carrier; and

(3) Supersede any oral or written contrary agreement between a provider and an enrollee or the representative of an enrollee if the contrary agreement is inconsistent with the hold harmless and continuation of covered services provisions required by subsections [2 and] 3 **and 4** of this section.

[5.] **6.** In no event shall a participating provider collect or attempt to collect from an enrollee any money owed to the provider by the health carrier nor shall a participating provider collect or attempt to collect from an enrollee any money in excess of the coinsurance, co-payments or deductibles. Failure of a health carrier to make timely payment of an amount owed to a provider in accordance with the provider's contract shall constitute an unfair claims settlement practice subject to sections 375.1000 to 375.1018, RSMo.

[6.] **7.** (1) A health carrier shall develop selection standards for participating primary care professionals and each participating health care professional specialty. Such standards shall be in writing and used in determining the selection of health care professionals by the health carrier, its intermediaries and any provider networks with which it contracts. Selection criteria shall not be established in a manner that will:

(a) Allow a health carrier to avoid a high-risk population by excluding a provider because such provider is located in a geographic area that contains a population presenting a risk of higher than average claims, losses or health services utilization; or

(b) Exclude a provider because such provider treats or specializes in treating a population presenting a risk of higher than average claims, losses or health services utilization; **or**

**(c) Deny a health care professional the opportunity to become a participating provider if such health care professional satisfies all of the selection standards established by the health carrier, and if the health care professional is willing to accept the plan's operating terms and conditions, its schedule of fees, covered expenses, utilization regulations and quality standards.**

(2) Paragraphs (a), [and] (b) **and (c)** of subdivision (1) of this subsection shall not be construed to prohibit a health carrier from declining to select a provider who fails to meet the other legitimate selection criteria of the health carrier developed in compliance with sections 354.600 to 354.636.

(3) The provisions of sections 354.600 to 354.636 shall not require a health carrier, its intermediaries or the provider networks with which it contracts, to employ specific providers or types of providers, or to contract with or retain more providers or types of providers than are necessary to maintain an adequate network.

[7.] **8.** A health carrier shall file its selection standards for participating providers with the director. A health carrier shall also file any subsequent changes to its selection standards with the director. The selection standards shall be made available to licensed health care providers.

[8.] **9.** A health carrier shall notify a participating provider of the provider's responsibilities with respect to the health carrier's applicable administrative policies and programs, including but not limited to payment terms, utilization review, quality assessment and improvement programs, credentialing, grievance procedures, data reporting requirements, confidentiality requirements and any applicable federal or state programs.

[9.] **10.** A health carrier shall not offer an inducement under the managed care plan to a provider to provide less than medically necessary services to an enrollee.

[10.] **11.** A health carrier shall not prohibit a participating provider from advocating in good faith on behalf of enrollees within the utilization review or grievance processes established by the health carrier or a person contracting with the health carrier.

[11.] **12.** A health carrier shall require a provider to make health records available to appropriate state and federal authorities involved in assessing the quality of care but shall not disclose individual identities, or investigating the grievances or complaints of enrollees, and to comply with the applicable state and federal laws related to the confidentiality of medical or health records.

[12.] **13.** The rights and responsibilities of a provider under a contract between a health carrier and a participating provider shall not be assigned or delegated by the provider without the prior written consent of the health carrier.

[13.] **14.** A health carrier shall be responsible for ensuring that a participating provider furnishes covered benefits to all enrollees without regard to the enrollee's enrollment in the plan as a private purchaser of the plan or as a participant in a publicly financed program of health care service.

[14.] **15.** A health carrier shall notify the participating providers of their obligations, if any, to collect applicable coinsurance, co-payments or deductibles from enrollees pursuant to the evidence of coverage, or of the providers' obligations, if any, to notify enrollees of their personal financial obligations for noncovered services.

[15.] **16.** A health carrier shall not penalize a provider because the provider, in good faith, reports to state or federal authorities any act or practice by the health carrier that may jeopardize patient health or welfare.

[16.] **17.** A health carrier shall establish a mechanism by which a participating provider may determine in a timely manner whether a person is covered by the carrier.

[17.] **18.** A health carrier shall not discriminate between health care professionals when selecting such professionals for enrollment in the network or when referring enrollees for health care services to be provided by such health care professional who is acting within the scope of his professional license.

[18.] **19.** A health carrier shall establish procedures for resolution of administrative, payment or other disputes between providers and the health carrier.

[19.] **20.** A contract between a health carrier and a provider shall not contain definitions or other provisions that conflict with the definitions or provisions contained in the managed care plan or sections 354.600 to 354.636."; and

For health plans marketed to employers of over fifty employees, the decision to accept or reject shall be made by the employee;

(2) Contracts currently in existence shall offer the additional open referral health plan at the next annual renewal after August 28, 1997; however, multi-year group contracts need not comply until the expiration of their current multi-year term unless the group contract holder elects to comply before that time;

(3) If an employer provides more than one health plan to its employees and at least one is an open referral plan, then all health benefit plans offered by such employer shall be exempt from the requirements of this section.

2. For the purposes of this [act] **section**, the following terms shall mean:

(1) "Open referral plan", a plan in which the enrollee is allowed to obtain treatment for covered benefits without a referral from a primary care physician from any person licensed to provide such treatment;

# Journal of the Senate

## SECOND REGULAR SESSION

The Senate met pursuant to adjournment.

President Pro Tem Quick in the Chair.

Let us be resolved to use every moment this week we have left in some way to further life for Missourians along the path You would have us take. And we pray for Margaret Towson that You may heal her lungs and bring her health once again. This we ask in Your Holy Name. Amen.

"144.062. 1. With respect to exempt sales at retail of tangible personal property and materials for the purpose of constructing, repairing or remodeling facilities for:

(1) A county, other political subdivision or instrumentality thereof exempt from taxation under subdivision (10) of section 39 of article III of the Constitution of Missouri; or

(2) An organization sales to which are exempt from taxation under the provisions of subdivision (19) of subsection 2 of section 144.030; or

(3) Any institution of higher education supported by public funds or any private not for profit institution of higher education, exempt from taxation under subdivision (20) of subsection 2 of section 144.030; or

(4) Any private not for profit elementary or secondary school exempt from taxation under subdivision (22) of subsection 2 of section 144.030; or

**(5) Any department or agency of the state**, hereinafter collectively referred to as exempt entities, such exemptions shall be allowed for such purchases if the purchases are related to the entities' exempt functions and activities. In addition, the sales shall not be rendered nonexempt nor shall any material supplier or contractor be obligated to pay, collect or remit sales tax with respect to such purchases made by or on behalf of an exempt entity due to such purchases being billed to or paid for by a contractor or the exempt entity contracting with any entity to render any services in relation to such purchases, including but not limited to selection of materials, ordering, pickup, delivery, approval on delivery, taking of delivery, transportation, storage, assumption of risk of loss to materials or providing warranties on materials as specified by contract, use of materials or other purchases for construction of the building or other facility, providing labor, management services, administrative services, design or technical services or advice to the exempt entity, whether or not the contractor or other entity exercises dominion or control in any other manner over the materials in conjunction with services or labor provided to the exempt entity.

2. When any exempt entity contracts for the purpose of constructing, repairing or remodeling facilities, and purchases of tangible personal property and materials to be incorporated into or consumed in the construction of the project are to be made on a tax-exempt basis, such entity shall furnish to the contractor an exemption certificate authorizing such purchases for the construction, repair or remodeling project. The form and content of such project exemption certificate shall be approved by the director of revenue. The project exemption certificate shall include but not be limited to:

(1) The exempt entity's name, address, Missouri tax identification number and signature of authorized representative;

(2) The project location, description, and unique identification number;

(3) The date the contract is entered into, which is the earliest date materials may be purchased for the project on a tax-exempt basis;

(4) The estimated project completion date; and

(5) The certificate expiration date. Such certificate is renewable for a given project at the option of the exempt entity, only for the purpose of revising the certificate expiration date as necessary to complete the project.

3. The contractor shall furnish the certificate prescribed in subsection 2 of this section to all subcontractors, and any contractor purchasing materials shall present such certificate to all material suppliers as authorization to purchase, on behalf of the exempt entity, all tangible personal property and materials to be incorporated into or consumed in the construction of that project and no other on a tax-exempt basis. Such suppliers shall execute to the purchasing

contractor invoices bearing the name of the exempt entity and the project identification number. Nothing in this section shall be deemed to exempt the purchase of any construction machinery, equipment or tools used in constructing, repairing or remodeling facilities for the exempt entity. All invoices for all personal property and materials purchased under a project exemption certificate shall be retained by the purchasing contractor for a period of five years and shall be subject to audit by the director of revenue.

4. Any excess resalable tangible personal property or materials which were purchased for the project by a contractor under a project exemption certificate but which were not incorporated into or consumed in the construction of the project shall either be returned to the supplier for credit or the appropriate sales or use tax on such excess property or materials shall be reported on a return and paid by such contractor not later than the due date of the contractor's Missouri sales or use tax return following the month in which it was determined that the materials were not to be used in the project.

5. No contractor or material supplier shall, upon audit, be required to pay tax on tangible personal property and materials incorporated into or consumed in the construction of the project, due to the failure of the exempt entity to revise the certificate expiration date as necessary to complete any work required by the contract. If it is determined that tax is owed on such property and materials due to the failure of the exempt entity to revise such certificate expiration date, the exempt entity shall be liable for the tax owed.

6. If an entity issues exemption certificates for the purchase of tangible personal property and materials which are incorporated into or consumed in the construction of its project and such entity is found not to have had the authority granted by this section to issue such exemption certificates, then such entity shall be liable for the tax owed on such personal property and materials. In addition, if an entity which does have the authority granted by this section to issue exemption certificates issues such certificates for the purchase of tangible personal property and materials which are incorporated into or consumed in the construction of a project, or part of a project, which is found not to be related to such entity's exempt functions and activities, then such entity shall be liable for the tax owed on such personal property and materials."; and

#### SENATE AMENDMENT NO. 10

Amend Senate Substitute for Senate Committee Substitute for House Bill No. 1443, Page 16, Section 144.030, Line 25, by inserting after all of said line the following:

**"139.031. 1. Any taxpayer may protest all or any part of any taxes assessed against [him] such taxpayer, except taxes collected by the director of revenue of Missouri. Any such taxpayer desiring to pay any taxes under protest shall, at the time of paying such taxes, file with the collector a written statement setting forth the grounds on which [his] such**

**taxpayer's** protest is based. The statement shall include the true value in money claimed by the taxpayer if disputed.

2. Upon receiving payment of taxes under protest pursuant to subsection 1 of this section or upon receiving notice of an appeal pursuant to section 138.430, RSMo, the collector shall disburse to the proper official all portions of taxes not disputed by the taxpayer and shall impound in a separate fund all portions of such taxes which are in dispute. Except as provided in subsection 3 of this section, every taxpayer protesting the payment of taxes shall, within ninety days after filing [his] **such taxpayer's** protest, commence an action against the collector by filing a petition for the recovery of the amount protested in the circuit court of the county in which the collector maintains [his] **an** office. If any taxpayer so protesting [his] **such taxpayer's** taxes shall fail to commence an action in the circuit court for the recovery of the taxes protested within the time prescribed in this subsection, such protest shall become null and void and of no effect, and the collector shall then disburse to the proper official the taxes impounded, and any interest earned thereon, as provided above in this subsection.

3. No action against the collector shall be commenced by any taxpayer who has, for the tax year in issue, filed with the state tax commission a timely and proper appeal of the protested taxes. Such taxpayer shall notify the collector of the appeal in the written statement required by subsection 1 of this section. The taxes so protested shall be impounded in a separate fund and the commission may order all or any part of such taxes refunded to the taxpayer, or may authorize the collector to release and disburse all or any part of such taxes in its decision and order issued pursuant to chapter 138, RSMo.

4. Trial of the action in the circuit court shall be in the manner prescribed for nonjury civil proceedings, and, after determination of the issues, the court shall make such orders as may be just and equitable to refund to the taxpayer all or any part of the taxes paid under protest, together with any interest earned thereon, or to authorize the collector to release and disburse all or any part of the impounded taxes, and any interest earned thereon, to the appropriate officials of the taxing authorities. Either party to the proceedings may appeal the determination of the circuit court.

5. All the county collectors of taxes, and the collector of taxes in any city not within a county, shall, upon written application of a taxpayer, [refund any real or tangible personal property tax mistakenly or erroneously paid in whole or in part to the collector, or shall] credit against the taxpayer's tax liability in the following taxable year **and subsequent consecutive taxable years until the credit is fully used** any real or personal property tax mistakenly or erroneously levied against the taxpayer and collected in whole or in part by the collector, **or, if the taxpayer has no tax liability to such collector in the immediately following taxable year, refund any balance remaining on real or tangible personal property tax mistakenly or erroneously paid in whole or in part to the collector.** Such application shall be filed within [one year] **three years** after the tax is mistakenly or erroneously paid. The governing body, or other appropriate body or official of the county or city not within a county, shall make available to the collector funds necessary to make refunds [under] **pursuant to** this subsection by issuing warrants **pro rata in the amount credited to each political subdivision** upon the fund to which the mistaken or erroneous payment has been credited, or otherwise.

6. [No] **A** taxpayer shall receive any interest **at the rate required by section 32.065, RSMo,** on any money paid in by [him] **such taxpayer** erroneously.

7. All protested taxes shall be invested by the collector in the same manner as assets specified in section 30.260, RSMo, for investment of state moneys. A taxpayer who is entitled to a refund of protested taxes shall also receive the interest earned on the investment thereof. If the collector is ordered to release and disburse all or part of the taxes paid under protest to the proper official, such taxes shall be disbursed along with the proportional amount of interest earned on the investment of the taxes due the particular taxing authority.

8. On or before March first next following the delinquent date of taxes paid under protest, the county collector shall notify any taxing authority of the taxes paid under protest which would be received by such taxing authority if the funds were not the subject of a protest. Any taxing authority may apply to the circuit court of the county or city not within a county in which a collector has impounded protested taxes [under] **pursuant to** this section and, upon a satisfactory showing that such taxing authority would receive such impounded tax funds if they were not the subject of a protest and that such taxing authority has the financial ability and legal capacity to repay such impounded tax funds

in the event a decision ordering a refund to the taxpayer is subsequently made, the circuit court shall order, pendente lite, the disbursal of all or any part of such impounded tax funds to such taxing authority. The circuit court issuing an order [under] **pursuant to** this subsection shall retain jurisdiction of such matter for further proceedings, if any, to compel restitution of such tax funds to the taxpayer. In the event that any protested tax funds refunded to a taxpayer were disbursed to a taxing authority [under] **pursuant to** this subsection instead of being held and invested by the collector [under] **pursuant to** subsection 7 of this section, such taxing authority shall pay the taxpayer entitled to the refund of such protested taxes the same amount of interest, as determined by the circuit court having jurisdiction in the matter, such protested taxes would have earned if they had been held and invested by the collector.

9. No appeal filed shall stay any order of refund, but the decision filed by any court of last review modifying the circuit court's or state tax commission's determination pertaining to the amount of refund shall be binding on the parties, and the decision rendered shall be complied with by the party affected by any modification within ninety days of the date of such decision. No taxpayer shall receive any interest on any additional award of refund, and the collector shall not receive any interest on any ordered return of refund in whole or in part."; and

As used in this section, "net federal reimbursement allowance" shall mean that amount of the federal reimbursement allowance in excess of the amount of state matching funds necessary for the state to make payments required by subsection 1 of section 208.471, RSMo, or, if the payments exceed the amount so required, the actual payments made for the purposes specified in subsection 1 of section 208.471, RSMo.

2. The tax shall be evidenced by stamps which shall be furnished by and purchased from the director or by an impression of the tax by the use of a metering machine when authorized by the director as provided in this chapter, and the stamps or impression shall be securely affixed to one end of each package in which cigarettes are contained. The director may require of the manufacturer from whom stamps are purchased a bond in an amount to be determined by him commensurate with the monetary value of the stamps, containing such conditions as he may deem necessary in order to protect the state against loss.

4. It shall be the intent of this chapter that the impact of the tax levied hereunder be absorbed by the consumer or user and when the tax is paid by any other person, the payment shall be considered as an advance payment and shall thereafter be added to the price of the cigarettes and recovered from the ultimate consumer or user with the person first

The director may assess any retailer for any tax illegally or erroneously overcharged or overcollected unless such tax has been refunded to the person who paid such tax.**

5. In making sales of cigarettes in the state, a wholesaler shall keep a record of the amount of tax on his gross sales. The tax shall be evidenced by appropriate stamps attached to each package of cigarettes sold, **provided however, that no such stamp need be attached to a package of cigarettes transported in the state between wholesalers unless and until such package is sold to a retailer or consumer.**

6. The tax on any cigarettes contained in packages of four, ten, twenty or similar quantities to be used solely for distribution as samples shall be computed on a per cigarette basis at the rate set forth in this section, and payment of the tax shall be remitted to the director at such time and in such manner as he may prescribe.

The revenue generated by the additional two mills tax imposed effective August 13, 1982, less any three percent reduction allowed [under] **pursuant to** the provisions of section 149.021, shall be placed in a separate fund entitled "The Fair Share Fund". Such moneys in the fair share fund shall be distributed to the schools in this state on an average daily attendance basis, except as provided in section 163.031, RSMo.

8. **2. A district is a political subdivision of the state.**

**3. A district may be created in any county of the first classification without a charter form of government and a population of fifty thousand inhabitants or less.**

**Section 4. 1. Whenever the creation of a district is desired, ten percent of the registered voters within the proposed district may file a petition requesting the creation of a district. The petition shall be filed in the circuit court of the county in which the proposed district is located.**

If the court determines the petition is not legally defective and the proposed district and plan of operation are not unconstitutional, the court shall determine and declare the district organized and incorporated and shall approve the plan of operation stated in the petition.**

**3. Any party having filed a petition or answer to a petition may appeal the circuit court's order or judgment in the same manner as provided for other appeals. Any order either refusing to incorporate the district or incorporating the district shall be a final judgment for purposes of appeal.**

Section 10. A district may receive and use funds for the purposes of planning, designing, constructing, reconstructing, maintaining and operating one or more projects relating to law enforcement. 2. The ballot of submission shall be substantially in the following form:

Shall the ..... Law Enforcement District impose a property tax upon all real and tangible personal property within the district at a rate of not more than ..... (insert amount) cents per hundred dollars assessed valuation for the purpose of providing revenue for the development of a project (or projects) in the district (insert general description of the project or projects, if necessary)?

3. The county collector of each county in which the district is partially or entirely located shall collect the property taxes and special benefit assessments made upon all real property and tangible personal property within that county and the district, in the same manner as other property taxes are collected.

4. Every county collector having collected or received district property taxes shall, on or before the fifteenth day of each month and after deducting his or her commissions, remit to the treasurer of that district the amount collected or received by him or her prior to the first day of the month. Upon receipt of such money, the district treasurer shall execute a receipt therefor, which he or she shall forward or deliver to the collector. The district treasurer shall deposit such sums into the district treasury, credited to the appropriate project or purpose. The collector and district treasurer shall make final settlement of the district account and commissions owing, not less than once each year, if necessary.

Section 12. 1. A district may contract and incur obligations appropriate to accomplish its purposes.

2. A district may enter into any lease or lease-purchase agreement for or with respect to any real or personal property necessary or convenient for its purposes.

4. A district may enter into labor agreements, establish all bid conditions, decide all contract awards, pay all contractors and generally supervise the operation of the district.

Section 13. The district may contract with a federal agency, a state or its agencies and political subdivisions, a corporation, partnership or individual regarding funding, promotion, planning, designing, constructing, improving, maintaining, or operating a project or to assist in such activity; provided, however, that any contract

providing for the overall management and operation of the district shall only be with a governmental entity or a not for profit corporation.

**Section 14.** In addition to all other powers granted by sections 1 to 15 of this act the district shall have the following general powers:

- (1) To contract with the local sheriff's department for the provision of services;**
- (2) To sue and be sued in its own name, and to receive service of process, which shall be served upon the district secretary;**
- (3) To fix compensation of its employees and contractors;**
- (4) To purchase any personal property necessary or convenient for its activities;**
- (5) To collect and disburse funds for its activities; and**
- (6) To exercise such other implied powers necessary or convenient for the district to accomplish its purposes which are not inconsistent with its express powers.**

**Section 15. 1.** The district may obtain such insurance as it deems appropriate, considering its legal limits of liability, to protect itself, its officers and its employees from any potential liability and may also obtain such other types of insurance as it deems necessary to protect against loss of its real or personal property of any kind. The cost of this insurance shall be charged against the project.

**2.** The district may also require contractors performing construction or maintenance work on the project and companies providing operational and management services to obtain liability insurance having the district, its directors and employees as additional named insureds.

**3.** The district shall not attempt to self-insure for its potential liabilities unless it finds that it has sufficient funds available to cover any anticipated judgments or settlements and still complete its project without interruption. The district may self-insure if it is unable to obtain liability insurance coverage at a rate which is economically feasible to the district, considering its resources.

**Section 16. 1.** The boundaries of any district organized pursuant to sections 1 to 15 of this act may be changed in the manner prescribed in this section; but any change of boundaries of the district shall not impair or affect its organization or its rights in or to property, or any of its rights or privileges whatsoever; nor shall it affect or impair or discharge any contract, obligation, lien or charge for or upon which it might be liable or chargeable had any change of boundaries not been made.

**2.** The boundaries may be changed as follows:

**(1)** Twenty-five percent of the number of voters who voted in the most recent gubernatorial election in the area to be annexed or deannexed may file with the board a petition in writing praying that such real property be included within, or removed from, the district. The petition shall describe the property to be included in, or removed from, the district and shall describe the property owned by the petitioners and shall be deemed to give assent of the petitioners to the inclusion in, or removal from, the district of the property described in the petition. Such petition shall be in substantially the form set forth for petitions in chapter 116, RSMo; provided that, in the event that there are more than twenty-five property owners or taxpaying electors signing the petition, it shall be deemed sufficient description of their property in the petition as required in this section to list the addresses of such property; or

**(2)** All of the owners of any territory or tract of land near or adjacent to a district in the case of annexation, or all of the owners of any territory or tract of land within a district in the case of deannexation, who own all of the real estate in such territory or tract of land may file a petition with the board praying that such real

property be included in, or removed from, the district. The petition shall describe the property owned by the petitioners and shall be deemed to give assent of the petitioners to the inclusion in, or removal from, the district of the property described in the petition.

3. The secretary of the board shall cause notice of the filing of any petition filed pursuant to this section to be given and published in the county in which the property is located, which notice shall recite the filing of such petition, the number of petitioners, a general description of the boundaries of the area proposed to be included or removed and the prayer of the petitioners; giving notice to all persons interested to appear at the office of the board at the time named in the notice and show cause in writing, if any they have, why the petition should not be granted. The board shall at the time and place mentioned, or at such time or times to which the hearing may be adjourned, proceed to hear the petition and all objections thereto presented in writing by any person showing cause why the petition should not be granted. The failure of any person interested to show cause in writing why such petition shall not be granted shall be deemed as an assent on his part to the inclusion of such lands in, or removal of such lands from, the district as prayed for in the petition.

4. If the board deems it for the best interest of the district, it shall grant the petition, but if the board determines in the case of annexation that some portion of the property mentioned in the petition cannot as a practical matter be served by the district, or if it deems in the case of annexation that it is in the best interest of the district that some portion of the property in the petition not be included in the district, or if in the case of deannexation it deems that it is impracticable for any portion of the property to be deannexed from the district, then the board shall grant the petition in part only. If the petition is granted, the board shall make an order to that effect and file the petition with the circuit clerk. Upon the order of the court having jurisdiction over the district, the property shall be included in, or removed from, the district. If the petition contains the signatures of all the owners of the property pursuant to the provisions of subdivision (2) of subsection 2 of this section, the property shall be included in, or removed from, the district upon the order of the court. If the petition contains the signatures of twenty-five percent of the number of voters who voted in the most recent gubernatorial election in the area to be annexed or deannexed pursuant to subdivision (1) of subsection 2 of this section, the property shall be included in, or removed from, the district subject to the election provided in section 17 of this act. The circuit court having jurisdiction over the district shall proceed to make any such order including such additional property within the district, or removing such property from the district, as is provided in the order of the board, unless the court shall find that such order of the board was not authorized by law or that such order of the board was not supported by competent and substantial evidence.

5. Any person aggrieved by any decision of the board made pursuant to the provisions of this section may appeal that decision to the circuit court of the county in which the property is located within thirty days of the decision by the board.

Section 17. 1. If the petition to add or remove any territory or tract of land to the district contained fewer than all of the signatures required pursuant to subdivision (2) of subsection 2 of section 16 of this act, the decree of extension or retraction of boundaries shall not become final and conclusive until it has been submitted to an election of the voters residing within the boundaries described in such decree and until it has been assented to by a majority vote of the voters in the newly included area, or the area to be removed, voting on the question. The decree shall also provide for the holding of the election to vote on the proposition of extending or retracting the boundaries of the district, and shall fix the date for holding the election.

2. The question shall be submitted in substantially the following form:

Shall the boundaries of the ..... Law Enforcement District be (extended to include/retracted to remove) the following described property? (Describe property)

[ ] YES [ ] NO

3. If a majority of the voters voting on the proposition vote in favor of the extension or retraction of the boundaries of the district, then the court shall enter its further order declaring the decree of extension or retraction of the boundaries to be final and conclusive. In the event, however, that the court finds that a

majority of the voters voting thereon voted against the proposition to extend or retract the boundaries of the district, then the court shall enter its further order declaring the decree of extension or retraction of boundaries to be void and of no effect.

**Section 18. 1.** The authority of the district to levy any property tax levied pursuant to section 11 of this act may be terminated by a petition of the voters in the district in the manner prescribed in this section.

**2.** The petition for termination of authority to tax may be changed as follows:

**(1)** Twenty-five percent of the number of voters who voted in the most recent gubernatorial election in the district may file with the board a petition in writing praying that the district's authority to impose a property tax be terminated. The petition shall specifically state that the district's authority to impose any property tax, whether or not such a tax is being imposed at the time such petition is filed, shall be terminated. Such petition shall be in substantially the form set forth for petitions in chapter 116, RSMo; or

**(2)** All of the owners of real estate in the district may file a petition with the board praying that the district's authority to impose a property tax be terminated. The petition shall specifically state that the district's authority to impose any property tax, whether or not such a tax is being imposed at the time such petition is filed, shall be terminated. Such petition shall be in substantially the form set forth for petitions in chapter 116, RSMo. The petition shall describe the property owned by the petitioners and shall be deemed to give assent of the petitioners to the petition.

**3.** The secretary of the board shall cause notice of the filing of any petition filed pursuant to this section to be given and published in the county in which the property is located, which notice shall recite the filing of such petition, the number of petitioners and the prayer of the petitioners; giving notice to all persons interested to appear at the office of the board at the time named in the notice and show cause in writing, if any they have, why the petition should not be granted. The board shall at the time and place mentioned, or at such time or times to which the hearing may be adjourned, proceed to hear the petition and all objections thereto presented in writing by any person showing cause why the petition should not be granted.

**4.** If the board deems it for the best interest of the district, it shall grant the petition. If the petition is granted, the board shall make an order to that effect and file the petition with the circuit clerk. If the petition contains the signatures of all the owners of the property pursuant to the provisions of subdivision (2) of subsection 2 of this section, the authority to tax shall be terminated upon the order of the court. If the petition contains the signatures of twenty-five percent of the number of voters who voted in the most recent gubernatorial election in the district pursuant to subdivision (1) of subsection 2 of this section, the authority to tax shall be terminated subject to the election provided in section 19 of this act. The circuit court having jurisdiction over the district shall proceed to make any such order terminating such taxation authority as is provided in the order of the board, unless the court shall find that such order of the board was not authorized by law or that such order of the board was not supported by competent and substantial evidence.

**5.** Any person aggrieved by any decision of the board made pursuant to the provisions of this section may appeal that decision to the circuit court of the county in which the property is located within thirty days of the decision by the board.

**Section 19. 1.** If the petition filed pursuant to section 18 of this act contained fewer than all of the signatures required pursuant to subdivision (2) of subsection 2 of section 18 of this act, the termination of taxation authority shall not become final and conclusive until it has been submitted to an election of the voters residing within the district and until it has been assented to by at least four-sevenths of the voters in the district voting on the question. The decree shall also provide for the holding of the election to vote on the proposition, and shall fix the date for holding the election.

**2.** The question shall be submitted in substantially the following form:

Shall the authority of the ..... Law Enforcement District to adopt property taxes be terminated?

☐ YES ☐ NO

3. If four-sevenths of the voters voting on the proposition vote in favor of such termination, then the court shall enter its further order declaring the termination of such authority, and all such taxes that are being assessed in the current calendar year pursuant to such authority, to be final and conclusive. In the event, however, that the court finds that less than four- sevenths of the voters voting thereon voted against the proposition to terminate such authority, then the court shall enter its further order declaring the decree of termination of such district's taxing authority to be void and of no effect.

Section 20. 1. Whenever a petition signed by not less than ten percent of the registered voters in any district organized pursuant to sections 1 to 15 of this act is filed with the circuit court having jurisdiction over the district, setting forth all the relevant facts pertaining to the district, and alleging that the further operation of the district is not in the best interests of the inhabitants of the district, and that the district should, in the interest of the public welfare and safety, be dissolved, the circuit court shall have authority, after hearing evidence submitted on such question, to order a submission of the question, after having caused publication of notice of a hearing on such petition in the same manner as the notice required in section 8 of this act, in substantially the following form:

Shall ..... (Insert the name of the law enforcement district) Law Enforcement District be dissolved?

☐ YES ☐ NO

2. If the court shall find that it is to the best interest of the inhabitants of the district that such district be dissolved, it shall make an order reciting such finding and providing for the submission of the proposition to dissolve such district to a vote of the voters of the district, setting forth such further details in its order as may be necessary to an orderly conduct of such election. Such election shall be held at the municipal election. Returns of the election shall be certified to the court. If the court finds that a majority of the voters voting thereon shall have voted in favor of the proposition to dissolve the district, the court shall make a final order dissolving the district, and the decree shall contain a proviso that the district shall continue in full force for the purpose of paying all outstanding and lawful obligations and disposing of property of the district; but no additional costs or obligations shall be created except such as are necessary to pay such costs, obligations and liabilities previously incurred, or necessary to the winding up of the district. If the court shall find that a majority of the voters of the district voting thereon shall not have voted favorably on the proposition to dissolve such district, then the court shall make a final order declaring such result dismissing the petition praying for the dissolution of said district; and the district shall continue to operate in the same manner as though the petition asking for such dissolution has not been filed.

3. The dissolution of a district shall not invalidate or affect any right accruing to such district, or to any person, or invalidate or affect any contract or indebtedness entered into or imposed upon such district or person; and whenever the circuit court shall, pursuant to this section, dissolve a district, the court shall appoint some competent person to act as trustee for the district so dissolved and such trustee before entering upon the discharge of his or her duties shall take and subscribe an oath that he or she will faithfully discharge the duties of the office, and shall give bond with sufficient security, to be approved by the court to the use of such dissolved district, for the faithful discharge of his or her duties, and shall proceed to liquidate the district under orders of the court, including the levying of any taxes provided for in sections 1 to 15 of this act."; and

Further amend said bill, Page 94, Section B, Lines 35 to 39 of said page, by deleting all of said lines and inserting in lieu thereof the following:

"Section C. Because immediate action is necessary to ensure the safety and protection of certain citizens of this state, the enactment of section 187.084 and sections 1 to 20 is deemed necessary for the immediate preservation of the public health, welfare, peace and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and the enactment of section 187.084 and sections 1 to 20 shall be in full force and effect upon its passage and approval."; and

Further amend said title, enacting clause and intersectional references accordingly.

Senator Russell moved that the above amendment be adopted, which motion prevailed.

# Journal of the Senate

SECOND REGULAR SESSION

SEVENTIETH DAY--TUESDAY, MAY 9, 2000

The Senate met pursuant to adjournment.

President Wilson in the Chair.

The Reverend Carl Gauck offered the following prayer:

David wrote: "The eyes of the Lord are upon the righteous, and His ears are open to their cry." (Psalm 34:15)

Gracious and loving Father, we know that like a loving mother's eyes are ever on her newborn Your eyes are upon us, persons of Your tender care. Let us be ever aware of the assurance of Your loving presence, whose eyes seek us out and ears open to the whispers and sighs of our souls, not to catch us doing wrong but so that we may know we are blessed with the comfort that nothing escapes Your attentiveness and that You hold us in the hollow of Your hands. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

**278.135. 1. Any soil and water conservation district engaged in the marketing or buying and selling of farm products used directly or indirectly in soil conservation shall be required to obtain approval from the state soil and water districts commission to continue such activity if the commission receives written complaints from three or more business entities. Upon request from any person, all soil and water conservation districts shall provide information on the complaint procedure provided for in this section, including information on how to contact the state soil and water districts commission.**

**2. The commission shall notify the district upon receiving complaints from three or more business entities pursuant to subsection 1 of this section, and request that the district provide information to the commission on the marketing, buying, and selling activity within sixty days. "247.031. 1. Territory included in a district that is not being served by such district may be detached from such district provided that there are no outstanding general obligation or special obligation bonds[, or] **and no contractual obligations of greater than twenty-five thousand dollars for debt that pertains to infrastructure, fixed assets or obligations for the purchase of water.** If any such bonds [are] **or debt is** outstanding, [that] **and** the written consent of the holders [thereof] **of such bonds or the creditors to such debt** is obtained, **then such territory may be detached in spite of the existence of such bonds or debt**, except such consent shall not be required for special obligation bonds if the district has no waterlines or other facilities located within any of the territory detached. Detachment may be made by the filing of a petition with the circuit court in which the district was incorporated. The petition shall contain a description of the tract to be detached and a statement that the detachment is in the best interest of the district or the inhabitants and property owners of the territory to be detached, together with the facts supporting such allegation. The petition may be submitted by the district acting through its board of directors, in which case the petition shall be signed by a majority of the board of directors of the district. The petition may also be submitted by voters residing in the territory sought to be detached. If there are more than ten voters in such territory, the petition shall be signed by five or more voters residing in the territory; if there are less than ten voters residing in such territory, the petition shall be signed by fifty percent or more of the voters residing in the territory. In the event there are no voters living within such territory proposed to be detached, then the petition may be submitted by owners of more than fifty percent of the land in the territory proposed to be detached, in which case said petition shall be signed by the owners so submitting the petition.

2. Such petition shall be filed in the circuit court having jurisdiction and the court shall set a date for hearing on the

proposed detachment and the clerk shall give notice thereof in three consecutive issues of a weekly newspaper in each county in which any portion of the territory proposed to be detached lies, or in lieu thereof, in twenty consecutive issues of a daily newspaper in each county in which any portion of the tract proposed to be detached lies; the last insertion of the notice to be made not less than seven nor more than twenty-one days before the hearing. Such notice shall be substantially as follows:

TERRITORIAL DETACHMENT FROM  
PUBLIC WATER SUPPLY DISTRICT NO. ....  
OF ..... COUNTY, MISSOURI.

To all voters and landowners of land within the boundaries of the above-described district:

You are hereby notified:

1. That a petition has been filed in this court for the detachment of the following tracts of land from the above-named public water supply district, as provided by law:  
  
(Describe tracts of land).
2. That a hearing on said petition will be held before this court on the ..... day of ....., [19] **20** ..., at ....., ....m.
3. Exceptions or objections to the detachment of said tracts from said public water supply district may be made by any voter or landowner of land within the district from which territory is sought to be detached, provided such exceptions or objections are in writing not less than five days prior to the date set for hearing on the petition.
4. The names and addresses of the attorneys for the petitioner are:  
  
.....  
  
Clerk of the Circuit Court of  
  
..... County, Missouri
3. The court, for good cause shown, may continue the case or the hearing thereon from time to time until final disposition thereof.
4. Exceptions or objections to the detachment of such territory may be made by any voter or landowner within the boundaries of the district, including the territory to be detached. The exceptions or objections shall be in writing and shall specify the grounds upon which they are made and shall be filed not later than five days before the date set for hearing the petition. If any such exceptions or objections are filed, the court shall take them into consideration when considering the petition for detachment and the evidence in support of detachment. If the court finds that the detachment will be in the best interest of the district and the inhabitants and landowners of the area to be detached will not be adversely affected or if the court finds that the detachment will be in the best interest of the inhabitants and landowners of the territory to be detached and will not adversely affect the remainder of the district, it shall approve the detachment and grant the petition.
5. If the court approves the detachment, it shall make its order detaching the territory described in the petition from the remainder of the district, or in the event it shall find that only a portion of said territory should be detached, the court

shall order such portion detached from the district. The court shall also make any changes in subdistrict boundary lines it deems necessary to meet the requirements of sections 247.010 to 247.220. Any subdistrict line changes shall not become effective until the next annual election of a member of the board of directors.

6. A certified copy of the court's order shall be filed in the office of the recorder and in the office of the county clerk in each county in which any of the territory of the district prior to detachment is located, and in the office of the secretary of state. Costs of the proceeding shall be borne by the petitioner or petitioners.

247.170. 1. Whenever any city owning a waterworks or water supply system extends its corporate limits to include any part of the area in a public water supply district, and the city and the board of directors of the district are unable to agree upon a service, lease or sale agreement, or are unable to proceed under section 247.160, then upon the expiration of ninety days after the effective date of the extension of the city limits, that part of the area of the district included within the corporate limits of the city may be detached and excluded from the district in the following manner:

(1) A petition to detach and exclude that part of the public water supply district lying within the corporate limits of the city as such limits have been extended, signed by not less than twenty-five voters within the water supply district, shall be filed in the circuit court of the county in which the district was originally organized.

(2) The court, being satisfied as to the sufficiency of the petition, shall call a special election of the voters of the district at which election the proposal to detach and exclude the part of the district lying within the corporate limits of the city shall be submitted to the voters in the entire district for a vote thereon. The election shall be conducted within the district by the election authority.

(3) The ballot shall briefly state the question to be voted on.

(4) In order to approve the detachment and exclusion of any part of the area in a public water supply district, the proposal shall require the approval of not less than a majority of the voters voting thereon.

(5) The election authorities shall thereafter promptly certify the result to the circuit court. The court, acting as a court of equity, shall thereupon without delay enter a decree detaching and excluding the area in question located within the corporate limits of the city from the public water supply district; except that before the decree detaching and excluding the area becomes final or effective, the city shall show to the court that it has assumed and agreed to pay in lump sum or in installments not less than that proportion of the sum of all existing liquidated general obligations and of all unpaid revenue bonds and interest thereon to date, of the water supply district as the assessed valuation of the real and tangible personal property within the area sought to be detached and excluded bears to the assessed valuation of all of the real and tangible personal property within the entire area of the district, according to the official county assessment of property as of December thirty-first of the calendar year next preceding the date of the election, and in addition thereto that the city has assumed and agreed to **assume or pay in a lump sum all contractual obligations of the water district that are greater than twenty-five thousand dollars for debt that pertains to infrastructure, fixed assets or obligations for the purchase of water, and to pay the court costs.**

(6) The decree shall thereupon vest in the city the absolute title, free and clear of all liens or encumbrances of every kind and character, to all tangible real and personal property of the public water supply district located within the part of the district situated within the corporate limits of the city with full power in the city to use and dispose of the tangible real and personal property as it deems best in the public interest.

(7) If the proposal fails to receive the approval of the voters the question may be again presented by another petition and again voted on, but not sooner than six months.

(8) Any and all sums paid out by the city under this section, other than the costs of the election, shall be administered by the circuit court for the benefit of the holders of the then existing and outstanding bonds of the district, and the remainder of such sums, if any, shall be delivered to the district to be expended in the operation, maintenance and improvement of its water distribution system.

2. Upon the effective date of any final order detaching and excluding any part of the area of any public water supply

district, or leasing, selling or conveying any of the water mains, plant or equipment therein, the circuit court may, in the public interest, change the boundaries of the public water supply district and again divide or redive the district into subdistricts for the election of directors in conformity with the provisions of section 247.040, without further petition being filed with the court so to do."; and

Further amend said title, enacting clause and intersectional references accordingly.

time schedules thereunder as established by sections 644.006 to 644.141 and any federal water pollution control act; however, no permit shall be required of any person for any emission into publicly owned treatment facilities or into publicly owned sewer systems tributary to publicly owned treatment works;

**(14) Establish permits by rule. Such permits shall only be available for those facilities or classes of facilities that control potential water contaminants that pose a reduced threat to public health or the environment and that are in compliance with commission water quality standards rules, effluent rules or rules establishing permits by rule. **[(16)] (17) Establish effluent and pretreatment and toxic material control regulations to further the purposes of sections 644.006 to 644.141 and as required to ensure compliance with all effluent limitations, water quality related effluent limitations, national standards of performance and toxic and pretreatment effluent standards, and all requirements and any time schedules thereunder, as established by any federal water pollution control act for point sources in this state, and where necessary to prevent violation of water quality standards of this state;**

**[(17)] (18) Prohibit all discharges of radiological, chemical, or biological warfare agent or high-level radioactive waste into waters of this state;**

**[(18)] (19) Require that all publicly owned treatment works or facilities which receive or have received grants or loans from the state or the federal government for construction or improvement make all charges required by sections 644.006 to 644.141 or any federal water pollution control act for use and recovery of capital costs, and the operating authority for such works or facility is hereby authorized to make any such charges;**

A suitably restricted search warrant, upon a showing of probable cause in writing and upon oath, shall be issued by any judge or associate circuit judge having jurisdiction to any representative for the purpose of enabling him **or her** to make such inspection. Information obtained [under] **pursuant to this section** shall be available to the public unless it constitutes trade secrets or confidential information, other than effluent data, of the person from whom it is obtained, except when disclosure is required [under] **pursuant to** any federal water pollution control act;**

**[(21)] (22) Retain, employ, provide for, and compensate, within appropriations available therefor, such consultants, assistants, deputies, clerks and other employees on a full- or part-time basis as may be necessary to carry out the**

The commission shall develop and adopt such procedures for inspection, investigation, testing, sampling, monitoring and entry respecting water contaminant and point sources as may be required for approval of such a program [under] **pursuant to** any federal water pollution control act;

[(24)] **(25)** Take any action necessary to implement continuing planning processes and areawide waste treatment management as established [under] **pursuant to** any federal water pollution control act or sections 644.006 to 644.141.

2. No rule or portion of a rule promulgated [under the authority of] **pursuant to** this chapter shall become effective unless it has been promulgated pursuant to [the provisions of section 536.024,] **chapter 536**, RSMo.

644.036. 1. No standard, rule or regulation or any amendment or repeal thereof shall be adopted except after a public hearing to be held after thirty days' prior notice by advertisement of the date, time and place of the hearing and opportunity given to the public to be heard. Notice of the hearings and copies of the proposed standard, rule or regulation or any amendment or repeal thereof shall also be given by regular mail, at least thirty days prior to the scheduled date of the hearing, to any person who has registered with the [executive secretary] **director** for the purpose of receiving notice of such public hearings in accordance with the procedures prescribed by the commission at least forty-five days prior to the scheduled date of the hearing. However, this provision shall not preclude necessary changes during this thirty-day period.

2. At the hearing, opportunity to be heard by the commission with respect to the subject thereof shall be afforded any interested person upon written request to the commission, addressed to the [executive secretary] **director**, not later than seven days prior to the hearing, and may be afforded to other persons if convenient. In addition, any interested persons, whether or not heard, may submit, within seven days subsequent to the hearings, a written statement of their views. The commission may solicit the views, in writing, of persons who may be affected by, or interested in, proposed rules and regulations, or standards. Any person heard or represented at the hearing or making written request for notice shall be given written notice of the action of the commission with respect to the subject thereof.

3. Any standard, rule or regulation or amendment or repeal thereof shall not be deemed adopted or in force and effect until it has been approved in writing by at least four members of the commission. A standard, rule or regulation or an amendment or repeal thereof shall not become effective until a certified copy thereof has been filed with the secretary of state as provided in chapter 536, RSMo.

4. Unless prohibited by any federal water pollution control act, any standard, rule or regulation or any amendment or repeal thereof which is adopted by the commission may differ in its terms and provisions as between particular types and conditions of water quality standards or of water contaminants, as between particular classes of water contaminant sources, and as between particular waters of the state.

644.051. 1. It is unlawful for any person:

(1) To cause pollution of any waters of the state or to place or cause or permit to be placed any water contaminant in a location where it is reasonably certain to cause pollution of any waters of the state;

(2) To discharge any water contaminants into any waters of the state which reduce the quality of such waters below the water quality standards established by the commission [if not subject to effluent regulations adopted pursuant to sections 644.006 to 644.141];

(3) To violate any pretreatment and toxic material control regulations, or to discharge any water contaminants into any waters of the state which exceed effluent regulations or permit provisions as established by the commission or required by any federal water pollution control act;

(4) To discharge any radiological, chemical, or biological warfare agent or high-level radioactive waste into the waters of the state.

2. It shall be unlawful for any person to build, erect, alter, replace, operate, use or maintain any water contaminant or point source in this state that is subject to standards, rules or regulations promulgated pursuant to the provisions of sections 644.006 to 644.141 unless such person holds a permit from the commission, subject to such exceptions as the commission may prescribe by rule or regulation. However, no permit shall be required of any person for any emission into publicly owned treatment facilities or into publicly owned sewer systems tributary to publicly owned treatment works.

3. Every proposed water contaminant or point source which, when constructed or installed or established, will be subject to any federal water pollution control act or sections 644.006 to 644.141 or regulations promulgated pursuant to the provisions of such act shall make application to the [executive secretary] **director** for a permit at least thirty days prior to the initiation of construction or installation or establishment. Every water contaminant or point source in existence when regulations or sections 644.006 to 644.141 become effective shall make application to the [executive secretary] **director** for a permit within sixty days after the regulations or sections 644.006 to 644.141 become effective, whichever shall be earlier. The [executive secretary] **director** shall promptly investigate each application, which investigation shall include such hearings and notice, and consideration of such comments and recommendations as required by sections 644.006 to 644.141 and any federal water pollution control act. If the [executive secretary] **director** determines that the source meets or will meet the requirements of sections 644.006 to 644.141 and the regulations promulgated pursuant thereto, the [executive secretary] **director** shall issue a permit with such conditions as he or she deems necessary to ensure that the source will meet the requirements of sections 644.006 to 644.141 and any federal water pollution control act as it applies to sources in this state. If the [executive secretary] **director** determines that the source does not meet or will not meet the requirements of either act and the regulations pursuant thereto, the [executive secretary] **director** shall deny the permit pursuant to the applicable act and issue any notices required by sections 644.006 to 644.141 and any federal water pollution control act.

4. Before issuing a permit to build or enlarge a water contaminant or point source or reissuing any permit, the [executive secretary] **director** shall issue such notices, conduct such hearings, and consider such factors, comments and recommendations as required by sections 644.006 to 644.141 or any federal water pollution control act. The [executive secretary] **director** shall determine if any state or any provisions of any federal water pollution control act the state is required to enforce, any state or federal effluent limitations or regulations, water quality-related effluent limitations, national standards of performance, toxic and pretreatment standards, or water quality standards which apply to the source, or any such standards in the vicinity of the source, are being exceeded, and shall determine the impact on such water quality standards from the source. The [executive secretary] **director**, in order to effectuate the purposes of sections 644.006 to 644.141, shall deny a permit if the source will violate any such acts, regulations, limitations or standards or will appreciably affect the water quality standards or the water quality standards are being substantially exceeded, unless the permit is issued with such conditions as to make the source comply with such requirements within an acceptable time schedule.

5. The [executive secretary] **director** shall grant or deny the permit within sixty days after all requirements of the Federal Water Pollution Control Act concerning issuance of permits have been satisfied unless the application does not require any permit pursuant to any federal water pollution control act. The [executive secretary] **director** or the commission may require the applicant to provide and maintain such facilities or to conduct such tests and monitor effluents as necessary to determine the nature, extent, quantity or degree of water contaminant discharged or released from the source, establish and maintain records and make reports regarding such determination.

6. The [executive secretary] **director** shall promptly notify the applicant [or other affected party] in writing of his or her action and if the permit is denied state the reasons therefor. The applicant may appeal to the commission from the denial of a permit or from any condition in any permit by filing notice of appeal with the commission within thirty days of the notice of denial or issuance of the permit. The commission shall set the matter for hearing not less than thirty days after the notice of appeal is filed. In no event shall a permit constitute permission to violate the law or any standard, rule or regulation promulgated pursuant thereto.

7. In any hearing held pursuant to this section the burden of proof is on the applicant for a permit. Any decision of the commission made pursuant to a hearing held pursuant to this section is subject to judicial review as provided in section 644.071.

8. In any event, no permit [hereunder] **issued pursuant to this section** shall be issued if properly objected to by the federal government or any agency authorized to object pursuant to any federal water pollution control act unless the application does not require any permit pursuant to any federal water pollution control act.

9. No manufacturing or processing plant or operating location shall be required to pay more than one operating fee. Operating permits shall be issued for a period not to exceed five years after date of issuance, except that general permits shall be issued for a five-year period, and also except that neither a construction nor an annual permit shall be required for a single residence's waste treatment facilities. [All moneys remaining in the Missouri clean water fund on August 28, 1990, shall be transferred to the water pollution permit fee subaccount of the natural resources protection fund.] Applications for renewal of an operating permit shall be filed at least one hundred eighty days prior to the expiration of the existing permit.

10. Every permit issued to municipal or any publicly owned treatment works or facility shall require the permittee to provide the clean water commission with adequate notice of any substantial new introductions of water contaminants or pollutants into such works or facility from any source for which such notice is required by sections 644.006 to 644.141 or any federal water pollution control act. Such permit shall also require the permittee to notify the clean water commission of any substantial change in volume or character of water contaminants or pollutants being introduced into its treatment works or facility by a source which was introducing water contaminants or pollutants into its works at the time of issuance of the permit. Notice must describe the quality and quantity of effluent being introduced or to be introduced into such works or facility by a source which was introducing water contaminants or pollutants into its works at the time of issuance of the permit. Notice must describe the quality and quantity of effluent being introduced or to be introduced into such works or facility and the anticipated impact of such introduction on the quality or quantity of effluent to be released from such works or facility into waters of the state.

11. The [executive secretary] **director** or the commission may require the filing or posting of a bond as a condition for the issuance of permits for construction of temporary or future water treatment facilities in an amount determined by the commission to be sufficient to ensure compliance with all provisions of sections 644.006 to 644.141, and any rules or regulations of the commission and any condition as to such construction in the permit. The bond shall be signed by the applicant as principal, and by a corporate surety licensed to do business in the state of Missouri and approved by the commission. The bond shall remain in effect until the terms and conditions of the permit are met and the provisions of sections 644.006 to 644.141 and rules and regulations promulgated pursuant thereto are complied with.

**12. (1) The department shall issue or deny applications for construction and site-specific operating permits received after January 1, 2001, within one hundred eighty days of the department's receipt of an application. For general construction and operating permit applications received after January 1, 2001, that do not require a public participation process, the department shall issue or deny the requested permits within sixty days of the department's receipt of an application.**

**(2) If the department fails to issue or deny with good cause a construction or operating permit application within the timeframes established in subdivision (1) of this subsection, the department shall refund the full amount of the initial application fee within forty-five days of failure to meet the established timeframe. If the department fails to refund the application fee within forty-five days, the refund amount shall accrue interest at a rate established pursuant to section 32.065, RSMo.**

(3) Permit fee disputes may be appealed to the commission within thirty days of the date established in subdivision (2) of this subsection. If the applicant prevails in a permit fee dispute appealed to the commission, the commission may order the director to refund the applicant's permit fee plus interest and reasonable attorney's fees as provided in sections 536.085 and 536.087, RSMo. A refund of the initial application or annual fee does not waive the applicant's responsibility to pay any annual fees due each year following issuance of a permit.

(4) No later than December 31, 2001, the commission shall promulgate regulations defining shorter review time periods than the timeframes established in subdivision (1) of this subsection, when appropriate, for different classes of construction and operating permits. In no case shall commission regulations adopt permit review times that exceed the timeframes established in subdivision (1) of this subsection. The department's failure to comply with the commission's permit review time periods shall result in a refund of said permit fees as set forth in subdivision (2) of this subsection. On a semi-annual basis, the department shall submit to the commission a report which describes the different classes of permits and reports on the number of days it took the department to issue each permit from the date of receipt of the application and show averages for each different class of permits.

(5) During the department's technical review of the application, the department may request the applicant submit supplemental or additional information necessary for adequate permit review. The department's technical review letter shall contain a sufficient description of the type of additional information needed to comply with the application requirements.

(6) Nothing in this subsection shall be interpreted to mean that inaction on a permit application shall be grounds to violate any provisions of sections 644.006 to 644.141 or any rules promulgated pursuant to sections 644.006 to 644.141.

13. The department shall respond to all requests for individual certification under section 401 of the federal Clean Water Act within the lesser of sixty days or the allowed response period established pursuant to applicable federal regulations without request for an extension period unless such extension is determined by the commission to be necessary to evaluate significant impacts on water quality standards and the commission establishes a timetable for completion of such evaluation in a period of no more than one hundred eighty days.

14. All permit fees generated pursuant to this chapter shall not be used for the development or expansion of total maximum daily loads studies on either the Missouri or Mississippi rivers.

2. If, in the opinion of the [executive secretary] **director**, the investigation discloses that a violation does exist, [he] **the director** may, by conference, conciliation or persuasion, endeavor to eliminate the violation.

3. In case of the failure by conference, conciliation or persuasion to correct or remedy any claimed violation, or as required to immediately and effectively halt or eliminate any imminent or substantial endangerments to the health or welfare of persons resulting from the discharge of pollutants, the [executive secretary] **director** shall order abatement or file an abatement complaint with the commission if no permit has been issued, or in addition may file a complaint to revoke a permit if such permit has been issued. When the [executive secretary] **director** files a complaint, the commission shall order a hearing. The [executive secretary] **director** shall cause to have issued and served upon the person complained against a written notice of the order or complaint, together with a copy of the order or complaint,

which shall specify the provision of sections 644.006 to 644.141 or the standard, rule, limitation, or regulation adopted pursuant thereto, or the condition of the permit of which the person is alleged to be in violation, and a statement of the manner in which and the extent to which the person is alleged to violate sections 644.006 to 644.141 or the standard, rule, limitation, or regulation, or condition of the permit. In any case involving a complaint, the commission shall require the person complained against to answer the charges of the formal complaint at a hearing before the commission at a time not less than thirty days after the date of notice. Service may be made upon any person within or without the state by registered mail, return receipt requested. Any person against whom the [executive secretary] **director** issues an order may appeal the order to the commission within thirty days and the appeal shall stay the enforcement of the order until final determination by the commission. The commission shall set appeals for a hearing at a time not less than thirty days after the date of the request. The commission may sustain, reverse, or modify the [executive secretary's] **director's** order or may make such other orders as the commission deems appropriate under the circumstances. If any order issued by the [executive secretary] **director** is not appealed within the time [herein] provided **in this section**, the order becomes final and may be enforced as provided in section 644.076.

4. Permits [issued hereunder] may be terminated or modified if obtained in violation of sections 644.006 to 644.141 or by misrepresentation or failing to fully disclose all relevant facts, or when required to prevent violations of any provision of sections 644.006 to 644.141, or to protect the waters of this state, when such action is required by a change in conditions or the existence of a condition which requires either a temporary or permanent reduction or elimination of the authorized discharge, subject to the right of appeal contained in this section.

5. When the commission schedules a matter for hearing, the petitioner on appeal or the respondent to a formal complaint may appear at the hearing in person or by counsel, and may make oral argument, offer testimony and evidence, and cross-examine witnesses.

6. After due consideration of the record, or upon default in appearance of the respondent on the return day specified in the notice given as provided in subsection 3, the commission shall issue and enter such final order, or make such final determination as it deems appropriate under the circumstances, and it shall immediately notify the petitioner or respondent thereof in writing by certified or registered mail.

644.061. 1. Unless prohibited by any federal water pollution control act, or if an application does not require a permit [under] **pursuant to** any federal water pollution control act, the commission may grant individual variances beyond the limitations prescribed in sections 644.006 to 644.141 whenever it is found, upon presentation of adequate proof, that compliance with any provisions of sections 644.006 to 644.141 or rule or regulation, standard, requirement, limitation, or order of the commission or [executive secretary] **director** adopted pursuant thereto will result in an arbitrary and unreasonable taking of property or in the practical closing and elimination of any lawful business, occupation or activity, in either case, without sufficient corresponding benefit or advantage to the people; but no variance shall be granted where the effect of a variance will permit the continuance of a condition which may unreasonably cause or contribute to adverse health effects upon humans or upon fish or other aquatic life or upon game or other wildlife, and any variance so granted shall not be so construed as to relieve the person who receives the variance from any liability imposed by other law for the commission or maintenance of a nuisance.

2. In determining under what conditions and to what extent a variance may be granted, the commission shall exercise a wide discretion in weighing the equities involved and the advantages and disadvantages to the applicant and to those affected by water contaminants emitted by the applicant.

3. Variances shall be granted for such period of time and under such terms and conditions as shall be specified by the commission in its order. The variance may be extended by affirmative action of the commission. In no event shall the variance be granted for a period of time greater than is reasonably necessary for complying with sections 644.006 to 644.141 or any standard, rule or regulation promulgated [hereunder] **pursuant to sections 644.006 to 644.141**.

4. Any person seeking a variance shall file a petition for variance with the [executive secretary] **director**. There shall be a [twenty-five] **two hundred fifty** dollar filing fee payable to the state of Missouri with each [application before a variance is granted] **petition for variance**. The [executive secretary] **director** shall promptly investigate the application and make a recommendation to the commission within sixty days after the application is received as to

whether the variance should be granted or denied. The [executive secretary] **director** shall promptly notify the petitioner of his **or her** action and at the same time shall send notice to those persons registered with the [executive secretary] **director** pursuant to section 644.036 who reside in the county where the water contaminant or point source is located.

5. If the recommendation of the [executive secretary] **director** is to deny the variance, a hearing as provided in section 644.066 shall be held by the commission if requested by the petitioner within thirty days of the date of notice of the recommendation of the [executive secretary] **director**. If the recommendation of the [executive secretary] **director** is for the granting of the variance, the commission may grant the variance without a hearing, or, if not, shall set the matter for a hearing. If the commission grants the variance without a hearing the matter shall be passed upon at a public meeting no sooner than thirty days from the date of notice of the recommendation of the [executive secretary] **director**, except that upon petition, filed within thirty days from the date of notice, of any person aggrieved by the granting of the variance, a hearing shall be held and such petitioner shall become a party to the proceeding. In any hearing [under] **pursuant to** this section the burden of proof shall be on the person petitioning for a variance.

6. The commission may require the filing of a bond as a condition for the issuance of a variance in an amount determined by the commission to be sufficient to insure compliance with the terms and conditions of the variance. The bond shall be signed by the applicant as principal, and by a corporate surety licensed to do business in the state of Missouri and approved by the commission. The bond shall remain in effect until the terms and conditions of the variance are met and the provisions of sections 644.006 to 644.141 and rules and regulations promulgated pursuant thereto are complied with.

7. Upon failure to comply with the terms and conditions of any variance as specified by the commission, the variance may be revoked or modified or the bond may be revoked, or both, by the commission after a hearing held upon not less than thirty days' written notice. Notice shall be served upon all persons who will be subjected to greater restrictions if the variance is revoked or modified, or who have filed with the [executive secretary] **director** a written request for notification.

8. Any decision of the commission made pursuant to a hearing held [under] **pursuant to** this section is subject to judicial review as provided in section 644.071.

644.066. 1. At any public hearing all testimony taken before the commission shall be under oath and recorded stenographically. The transcript so recorded shall be made available to any member of the public or to the respondent or party to a hearing on a complaint, or any party to a hearing on a petition for variance, or appealing any order or determination of the [executive secretary] **director** upon payment of the usual charge therefor.

2. In any such hearing, any member of the commission or the hearing officer shall issue in the name of the commission notice of hearing and subpoenas. Subpoenas shall be issued and enforced as provided in section 536.077, RSMo. The rules of discovery that apply in any civil case apply to hearings held by the commission.

3. (1) All hearings to promulgate standards, rules, limitations, and regulations and to establish areas of the state shall be held before at least four members of the commission;

(2) All other hearings may be held before one commission member designated by the commission chairman or by a hearing officer who shall be a member of the Missouri bar and shall be appointed by the commission chairman. The hearing officer or commission member shall preside at the hearing and hear all evidence and rule on the admissibility of evidence. The hearing officer or commission member shall make recommended findings of fact and may make recommended conclusions of law to the commission;

(3) All final orders or determinations or other final actions by the commission shall be approved in writing by at least four members of the commission. Any commission member approving in writing any final order or determination or other final action, who did not attend the hearing, shall do so only after reviewing all exhibits and reading the entire transcript.

644.071. 1. All final orders or determinations of the commission or the [executive secretary] **director** made pursuant

to the provisions of sections 644.006 to 644.141 are subject to judicial review pursuant to the provisions of chapter 536, RSMo. No judicial review shall be available, however, unless and until all administrative remedies are exhausted.

2. In any suit filed pursuant to section 536.050, RSMo, concerning the validity of the commission's standards, rules and regulations, the court shall review the record made before the commission to determine the validity and reasonableness of such standards, rules, limitations, and regulations and may hear such additional evidence as it deems necessary.

644.076. 1. It is unlawful for any person to cause or permit any discharge of water contaminants from any water contaminant or point source located in Missouri in violation of sections 644.006 to 644.141, or any standard, rule or regulation promulgated by the commission. In the event the commission or [its executive secretary] **the director** determines that any provision of sections 644.006 to 644.141 or standard, rules, limitations or regulations promulgated pursuant thereto, or permits issued by, or any final abatement order, other order, or determination made by the commission or the [executive secretary] **director**, or any filing requirement [under] **pursuant to** sections 644.006 to 644.141 or any other provision which this state is required to enforce [under] **pursuant to** any federal water pollution control act, is being, was, or is in imminent danger of being violated, the commission or [executive secretary] **director** may cause to have instituted a civil action in any court of competent jurisdiction for the injunctive relief to prevent any such violation or further violation or for the assessment of a penalty not to exceed ten thousand dollars per day for each day, or part thereof, the violation occurred and continues to occur, or both, as the court deems proper. A civil monetary penalty [under] **pursuant to** this section shall not be assessed for a violation where an administrative penalty was assessed [under] **pursuant to** section 644.079. The commission or the [executive secretary] **director** may request either the attorney general or a prosecuting attorney to bring any action authorized in this section in the name of the people of the state of Missouri. Suit may be brought in any county where the defendant's principal place of business is located or where the water contaminant or point source is located or was located at the time the violation occurred. Any offer of settlement to resolve a civil penalty [under] **pursuant to** this section shall be in writing, shall state that an action for imposition of a civil penalty may be initiated by the attorney general or a prosecuting attorney representing the department [under authority of] **pursuant to** this section, and shall identify any dollar amount as an offer of settlement which shall be negotiated in good faith through conference, conciliation and persuasion.

2. Any person who knowingly makes any false statement, representation or certification in any application, record, report, plan, or other document filed or required to be maintained [under] **pursuant to** sections 644.006 to 644.141 or who falsifies, tampers with, or knowingly renders inaccurate any monitoring device or method required to be maintained [under] **pursuant to** sections 644.006 to 644.141 shall, upon conviction, be punished by a fine of not more than ten thousand dollars, or by imprisonment for not more than six months, or by both.

3. Any person who willfully or negligently commits any violation set forth [under] **pursuant to** subsection 1 of this section shall, upon conviction, be punished by a fine of not less than twenty-five hundred dollars nor more than twenty-five thousand dollars per day of violation, or by imprisonment for not more than one year, or both. Second and successive convictions for violation of the same provision [hereunder] **of this section** by any person shall be punished by a fine of not more than fifty thousand dollars per day of violation, or by imprisonment for not more than two years, or both.

4. The liabilities which shall be imposed pursuant to any provision of sections 644.006 to 644.141 upon persons violating the provisions of sections 644.006 to 644.141 or any standard, rule, limitation, or regulation adopted pursuant thereto shall not be imposed due to any violation caused by an act of God, war, strike, riot, or other catastrophe.

- (2) Six-tenths of the amount payable for a year of membership service for each year of prior service not exceeding thirty years.

In lieu of the retirement allowance otherwise provided in subdivisions (1) and (2) of this subsection, a member may elect to receive a retirement allowance of:

2. In lieu of the retirement allowance provided in subsection 1 of this section, a member whose age is sixty years or more on September 28, 1975, may elect to have the member's retirement allowance calculated as a sum of the following items:

- (1) Sixty cents plus one and five-tenths percent of the member's final average salary for each year of membership service;
- (2) Six-tenths of the amount payable for a year of membership service for each year of prior service not exceeding thirty years;
- (3) Three-fourths of one percent of the sum of subdivisions (1) and (2) of this subsection for each month of attained age in excess of sixty years but not in excess of age sixty-five.

3. (1) In lieu of the retirement allowance provided either in subsection 1 or 2 of this section, collectively called "option 1", a member whose creditable service is twenty-five years or more or who has attained the age of fifty-five with five or more years of creditable service may elect in the member's application for retirement to receive the actuarial equivalent of the member's retirement allowance in reduced monthly payments for life during retirement with the provision that:

Option 2. Upon the member's death the reduced retirement allowance shall be continued throughout the life of and paid to such person as has an insurable interest in the life of the member as the member shall have nominated in the member's election of the option, and provided further that if the person so nominated dies before the retired member,

the retirement allowance will be increased to the amount the retired member would be receiving had the retired member elected option 1;

OR

Option 3. Upon the death of the member three-fourths of the reduced retirement allowance shall be continued throughout the life of and paid to such person as has an insurable interest in the life of the member and as the member shall have nominated in an election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance will be increased to the amount the retired member would be receiving had the member elected option 1;

OR

Option 4. Upon the death of the member one-half of the reduced retirement allowance shall be continued throughout the life of, and paid to, such person as has an insurable interest in the life of the member and as the member shall have nominated in an election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance shall be increased to the amount the retired member would be receiving had the member elected option 1;

OR

Option 5. Upon the death of the member prior to the member having received one hundred twenty monthly payments of the member's reduced allowance, the remainder of the one hundred twenty monthly payments of the reduced allowance shall be paid to such beneficiary as the member shall have nominated in the member's election of the option or in a subsequent nomination. If there is no beneficiary so nominated who survives the member for the remainder of the one hundred twenty monthly payments, the reserve for the remainder of such one hundred twenty monthly payments shall be paid to the estate of the last person to receive a monthly allowance;

OR

Option 6. Upon the death of the member prior to the member having received sixty monthly payments of the member's reduced allowance, the remainder of the sixty monthly payments of the reduced allowance shall be paid to such beneficiary as the member shall have nominated in the member's election of the option or in a subsequent nomination. If there is no beneficiary so nominated who survives the member for the remainder of the sixty monthly payments, the reserve of the remainder of such sixty monthly payments shall be paid to the estate of the last person to receive a monthly allowance.

(2) The election of an option may be made only in the application for retirement and such application must be filed prior to the date on which the retirement of the member is to be effective. If either the member or the person nominated to receive the survivorship payments dies before the effective date of retirement, the option shall not be effective, provided that:

(a) If the member or a person retired on disability retirement dies after acquiring twenty-five or more years of creditable service or after attaining the age of fifty-five years and acquiring five or more years of creditable service and before retirement, except retirement with disability benefits, and the person named by the member as the member's primary beneficiary has an insurable interest in the life of the deceased member, the designated beneficiary may elect to receive either survivorship benefits under option 2 or a payment of the accumulated contributions of the member. If survivorship benefits under option 2 are elected and the member at the time of death would have been eligible to receive an actuarial equivalent of the member's retirement allowance, the designated beneficiary may further elect to defer the option 2 payments until the date the member would have been eligible to receive the retirement allowance provided in subsection 1 or 2 of this section;

(b) If the member or a person retired on disability retirement dies before attaining age fifty-five but after acquiring five but fewer than twenty-five years of creditable service, and the person named as the member's primary beneficiary has an insurable interest in the life of the deceased member, the designated beneficiary may elect to receive either a

payment of the member's accumulated contributions, or survivorship benefits under option 2 to begin on the date the member would first have been eligible to receive an actuarial equivalent of the member's retirement allowance, or to begin on the date the member would first have been eligible to receive the retirement allowance provided in subsection 1 or 2 of this section.

4. If the total of the retirement allowance paid to an individual before the death of the individual is less than the accumulated contributions at the time of retirement, the difference shall be paid to the beneficiary of the individual, or to the estate of the individual, if there be no beneficiary. If an optional benefit as provided in option 2, 3 or 4 in subsection 3 of this section had been elected, and the beneficiary dies after receiving the optional benefit, and if the total retirement allowance paid to the retired individual and the beneficiary of the retired individual is less than the total of the contributions, the difference shall be paid to the estate of the beneficiary unless the retired individual designates a different recipient with the board at or after retirement.

5. If a member dies before receiving a retirement allowance, the member's accumulated contributions at the time of the death of the member shall be paid to the beneficiary of the member or to the estate of the member, if there be no beneficiary; except that, no such payment shall be made if the beneficiary elects option 2 in subsection 3 of this section, unless the beneficiary dies before having received benefits pursuant to that subsection equal to the accumulated contributions of the member, in which case the amount of accumulated contributions in excess of the total benefits paid pursuant to that subsection shall be paid to the estate of the beneficiary.

6. If a member ceases to be a public school employee as herein defined and certifies to the board of trustees that such cessation is permanent, or if the membership of the person is otherwise terminated, the member shall be paid the member's accumulated contributions with interest.

7. Notwithstanding any provisions of sections 169.010 to 169.141 to the contrary, if a member ceases to be a public school employee after acquiring five or more years of membership service in Missouri, the member may at the option of the member leave the member's contributions with the retirement system and claim a retirement allowance any time after reaching the minimum age for voluntary retirement. When the member's claim is presented to the board, the member shall be granted an allowance as provided in sections 169.010 to 169.141 on the basis of the member's age, years of service, and the provisions of the law in effect at the time the member requests the member's retirement to become effective.

8. The retirement allowance of a member retired because of disability shall be nine-tenths of the allowance to which the member's creditable service would entitle the member if the member's age were sixty, or fifty percent of one-twelfth of the annual salary rate used in determining the member's contributions during the last school year for which the member received a year of creditable service immediately prior to the member's disability, whichever is greater, except that no such allowance shall exceed the retirement allowance to which the member would have been entitled upon retirement at age sixty if the member had continued to teach from the date of disability until age sixty at the same salary rate.

9. Notwithstanding any provisions of sections 169.010 to 169.141 to the contrary, from October 13, 1961, the contribution rate pursuant to sections 169.010 to 169.141 shall be multiplied by the factor of two-thirds for any member of the system for whom federal Old Age and Survivors Insurance tax is paid from state or local tax funds on account of the member's employment entitling the person to membership in the system. The monetary benefits for a member who elected not to exercise an option to pay into the system a retroactive contribution of four percent on that part of the member's annual salary rate which was in excess of four thousand eight hundred dollars but not in excess of eight thousand four hundred dollars for each year of employment in a position covered by this system between July 1, 1957, and July 1, 1961, as provided in subsection 10 of this section as it appears in RSMo 1969, shall be the sum of:

- (1) For years of service prior to July 1, 1946, six-tenths of the full amount payable for years of membership service;
- (2) For years of membership service after July 1, 1946, in which the full contribution rate was paid, full benefits under the formula in effect at the time of the member's retirement;
- (3) For years of membership service after July 1, 1957, and prior to July 1, 1961, the benefits provided in this section

as it appears in RSMo 1959; except that if the member has at least thirty years of creditable service at retirement the member shall receive the benefit payable pursuant to that section as though the member's age were sixty-five at retirement;

(4) For years of membership service after July 1, 1961, in which the two-thirds contribution rate was paid, two-thirds of the benefits under the formula in effect at the time of the member's retirement.

10. The monetary benefits for each other member for whom federal Old Age and Survivors Insurance tax is or was paid at any time from state or local funds on account of the member's employment entitling the member to membership in the system shall be the sum of:

(1) For years of service prior to July 1, 1946, six-tenths of the full amount payable for years of membership service;

(2) For years of membership service after July 1, 1946, in which the full contribution rate was paid, full benefits under the formula in effect at the time of the member's retirement;

(3) For years of membership service after July 1, 1957, in which the two-thirds contribution rate was paid, two-thirds of the benefits under the formula in effect at the time of the member's retirement.

11. Any retired member of the system who was retired prior to September 1, 1972, or beneficiary receiving payments under option 1 or option 2 of subsection 3 of this section, as such option existed prior to September 1, 1972, will be eligible to receive an increase in the retirement allowance of the member of two percent for each year, or major fraction of more than one-half of a year, which the retired member has been retired prior to July 1, 1975. This increased amount shall be payable commencing with January, 1976, and shall thereafter be referred to as the member's retirement allowance. The increase provided for in this subsection shall not affect the retired member's eligibility for compensation provided for in section 169.580 or 169.585, nor shall the amount being paid pursuant to these sections be reduced because of any increases provided for in this section.

12. If the board of trustees determines that the cost of living, as measured by generally accepted standards, increases two percent or more in the preceding fiscal year, the board shall increase the retirement allowances which the retired members or beneficiaries are receiving by two percent of the amount being received by the retired member or the beneficiary at the time the annual increase is granted by the board; with the provision that the increases provided for in this subsection shall not become effective until the fourth January first following the member's retirement or January 1, 1977, whichever later occurs, **or in the case of any member retiring on or after July 1, 2000, and not for any member retiring before July 1, 2000, the increase provided for in this subsection shall not become effective until the third January first following the member's retirement.** Commencing with January 1, 1992, if the board of trustees determines that the cost of living has increased five percent or more in the preceding fiscal year, the board shall increase the retirement allowances by five percent. The total of the increases granted to a retired member or the beneficiary after December 31, 1976, may not exceed [seventy-five] **eighty** percent of the retirement allowance established at retirement or as previously adjusted by other subsections. If the cost of living increases less than five percent, the board of trustees may determine the percentage of increase to be made in retirement allowances, but at no time can the increase exceed five percent per year. If the cost of living decreases in a fiscal year, there will be no increase in allowances for retired members on the following January first.

13. The board of trustees may reduce the amounts which have been granted as increases to a member pursuant to subsection 12 of this section if the cost of living, as determined by the board and as measured by generally accepted standards, is less than the cost of living was at the time of the first increase granted to the member; except that, the reductions shall not exceed the amount of increases which have been made to the member's allowance after December 31, 1976.

14. Any application for retirement shall include a sworn statement by the member certifying that the spouse of the member at the time the application was completed was aware of the application and the plan of retirement elected in the application.

15. Notwithstanding any other provision of law, any person retired prior to September 28, 1983, who is receiving a

reduced retirement allowance under option 1 or option 2 of subsection 3 of this section, as such option existed prior to September 28, 1983, and whose beneficiary nominated to receive continued retirement allowance payments under the elected option dies or has died, shall upon application to the board of trustees have his or her retirement allowance increased to the amount he or she would have been receiving had the option not been elected, actuarially adjusted to recognize any excessive benefits which would have been paid to him or her up to the time of application.

16. Benefits paid pursuant to the provisions of the public school retirement system of Missouri shall not exceed the limitations of Section 415 of Title 26 of the United States Code **except as provided pursuant to this subsection. Notwithstanding any other law to the contrary, the board of trustees may establish a benefit plan pursuant to Section 415(m) of Title 26 of the United States Code. Such plan shall be created solely for the purpose described in Section 415(m)(3)(A) of Title 26 of the United States Code. The board of trustees may promulgate regulations necessary to implement the provisions of this subsection and to create and administer such benefit plan.**

17. Notwithstanding any other provision of law to the contrary, any person retired before, on, or after May 26, 1994, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties the person shall receive an amount based on the person's years of service so that the total amount received pursuant to sections 169.010 to 169.141 shall be at least the minimum amounts specified in subdivisions (1) to (4) of this subsection. In determining the minimum amount to be received, the amounts in subdivisions (3) and (4) of this subsection shall be adjusted in accordance with the actuarial adjustment, if any, that was applied to the person's retirement allowance. In determining the minimum amount to be received, beginning September 1, 1996, the amounts in subdivisions (1) and (2) of this subsection shall be adjusted in accordance with the actuarial adjustment, if any, that was applied to the person's retirement allowance due to election of an optional form of retirement having a continued monthly payment after the person's death. Notwithstanding any other provision of law to the contrary, no person retired before, on, or after May 26, 1994, and no beneficiary of such a person, shall receive a retirement benefit pursuant to sections 169.010 to 169.141 based on the person's years of service less than the following amounts:

- (1) Thirty or more years of service, one thousand two hundred dollars;
- (2) At least twenty-five years but less than thirty years, one thousand dollars;
- (3) At least twenty years but less than twenty-five years, eight hundred dollars;
- (4) At least fifteen years but less than twenty years, six hundred dollars.

18. "163.031. 1. School districts which meet the requirements of section 163.021 shall be entitled to an amount computed as follows: an amount determined by multiplying the number of eligible pupils by the lesser of the district's equalized operating levy for school purposes as defined in section 163.011 or two dollars and seventy-five cents per one hundred dollars assessed valuation multiplied by the guaranteed tax base per eligible pupil times the proration factor plus an amount determined by multiplying the number of eligible pupils by the greater of zero or the district's equalized operating levy for school purposes as defined in section 163.011 minus two dollars and seventy-five cents per one hundred dollars assessed valuation multiplied by the guaranteed tax base per eligible pupil times the proration factor. For the purposes of this section, the proration factor shall be equal to the sum of the total appropriation for distribution under subsections 1 and 2 of this section; and the state total of the deductions as calculated in subsection 2 of this section which do not exceed the district entitlements as adjusted by the same proration factor; divided by the amount of the state total of district entitlements before proration as calculated pursuant to this subsection; provided that, if the proration factor so calculated is greater than one, the proration factor for line 1(b) shall be the greater of one or the proration factor for line 1(a) minus five hundredths, and provided that if the proration factor so calculated is less than one, the proration factor for line 1(a) shall be the lesser of one or the proration factor for line 1(b) plus five hundredths.

2. From the district entitlement for each district there shall be deducted the following amounts: an amount determined by multiplying the district equalized assessed valuation by the district's equalized operating levy for school purposes times the district income factor plus ninety percent of any payment received the current year of protested taxes due in prior years no earlier than the 1997 tax year minus the amount of any protested taxes due in the current year and for which notice of protest was received during the current year; one hundred percent of the amount received the previous year for school purposes from intangible taxes, fines, forfeitures and escheats, payments in lieu of taxes and receipts from state assessed railroad and utility tax, except that any penalty paid after July 1, 1995, by a concentrated animal feeding operation as defined by the department of natural resources rule shall not be included; one hundred percent of the amounts received the previous year for school purposes from federal properties pursuant to sections 12.070 and 12.080, RSMo; federal impact aid received the previous year for school purposes pursuant to P.L. 81-874 less fifty thousand dollars multiplied by ninety percent or the maximum percentage allowed by federal regulation if that percentage is less than ninety; fifty percent, or the percentage otherwise provided in section 163.087, of Proposition C revenues received the previous year for school purposes from the school district trust fund pursuant to section 163.087; one hundred percent of the amount received the previous year for school purposes from the fair share fund pursuant to section 149.015, RSMo; and one hundred percent of the amount received the previous year for school purposes from the free textbook fund, pursuant to section 148.360, RSMo.

3. School districts which meet the requirements of section 163.021 shall receive categorical add-on revenue as provided in this subsection. There shall be individual proration factors for each categorical entitlement provided for in this subsection, and each proration factor shall be determined by annual appropriations, but no categorical proration factor shall exceed the entitlement proration factor established pursuant to subsection 1 of this section, except that the vocational education entitlement proration factor established pursuant to line 16 of subsection 6 of this section and the educational and screening program entitlements proration factor established pursuant to line 17 of subsection 6 of this section may exceed the entitlement proration factor established pursuant to subsection 1 of this section. The categorical

add-on for the district shall be the sum of: seventy-five percent of the district allowable transportation costs pursuant to section 163.161 multiplied by the proration factor; the special education approved or allowed cost entitlement for the district, provided for by section 162.975, RSMo, multiplied by the proration factor; seventy-five percent of the district gifted education approved or allowable cost entitlement as determined pursuant to section 162.975, RSMo, multiplied by the proration factor; the free and reduced lunch eligible pupil count for the district, as defined in section 163.011, multiplied by twenty percent, for a district with an operating levy in excess of two dollars and seventy-five cents per one hundred dollars assessed valuation, or twenty-two percent, otherwise times the guaranteed tax base per eligible pupil times two dollars and seventy-five cents per one hundred dollars assessed valuation times the proration factor plus the free and reduced lunch eligible pupil count for the district, as defined in section 163.011, times thirty percent times the guaranteed tax base per eligible pupil times the following quantity: ((the greater of zero or the district's operating levy for school purposes minus two dollars and seventy-five cents per one hundred dollars assessed valuation) times one or, beginning in the fifth year following the effective date of this section, the quotient of the district's fiscal instructional ratio of efficiency for the prior year divided by the fiscal year 1998 statewide average fiscal instructional ratio of efficiency, if the district's prior year fiscal instructional ratio of efficiency is at least five percent below the fiscal year 1998 statewide average) times the proration factor, minus court-ordered state desegregation aid received by the district for operating purposes **provided that an increase in the payment amount of line 14(a) shall be made by the department of elementary and secondary education, if needed, to ensure that a district receives no less total revenue from lines 14(a) and 14(b) than the district would receive if it levied an operating levy no greater than two dollars and seventy-five cents per one hundred dollars assessed valuation**; the career ladder entitlement for the district, as provided for in sections 168.500 to 168.515, RSMo, multiplied by the proration factor; the vocational education entitlement for the district, as provided for in section 167.332, RSMo, multiplied by the proration factor and the district educational and screening program entitlements as provided for in sections 178.691 to 178.699, RSMo, times the proration factor.

4. Each district's apportionment shall be the prorated categorical add-ons plus the greater of the district's prorated entitlement minus the total deductions for the district or zero.

5. (1) In the 1993-94 school year and all subsequent school years, pursuant to section 10(c) of article X of the state constitution, a school district shall adjust upward its operating levy for school purposes to the extent necessary for the district to at least maintain the current operating expenditures per pupil received by the district from all sources in the 1992-93 school year, except that its operating levy for school purposes shall not exceed the highest tax rate in effect subsequent to the 1980 tax year, or the minimum rate required by subsection 2 of section 163.021, whichever is less.

(2) The revenue per eligible pupil received by a district from the following sources: line 1 minus line 10, or zero if line 1 minus line 10 is less than zero, plus line 14 of subsection 6 of this section, shall not be less than the revenue per eligible pupil received by a district in the 1992-93 school year from the foundation formula entitlement payment amount plus the amount of line 14 per eligible pupil that exceeds the line 14 per pupil amount from the 1997-98 school year, or the revenue per eligible pupil received by a district in the 1992-93 school year from the foundation formula entitlement payment amount plus the amount of line 14(a) per eligible pupil times the quotient of line 1 minus line 10, divided by the number of eligible pupils, or zero if line 1 minus line 10 is less than zero, divided by the revenue per eligible pupil received by the district in the 1992-93 school year from the foundation formula entitlement payment amount, whichever is greater. The department of elementary and secondary education shall make an addition in the payment amount of line 19 of subsection 6 of this section to assure compliance with the provisions contained in this section. **Beginning with the 2000-2001 school year, the eligible pupil number used in these calculations shall exclude voluntary transfer students, and the 1997-1998 line 14 total amount and amount per pupil will be recalculated to exclude the voluntary transfer students originally in the calculation. Beginning with the 2000-2001 school year, for any district with voluntary transfer students in 1997-1998, the current year per eligible pupil payment amount shall not be less than the previous year per eligible pupil payment amount.**

(3) For any school district which meets the eligibility criteria for state aid as established in section 163.021, but which under subsections 1 to 4 of this section, receives no state aid for two successive school years, other than categorical add-ons, by August first following the second such school year, the commissioner of education shall present a plan to the superintendent of the school district for the waiver of rules and the duration of said waivers, in order to promote flexibility in the operations of the district and to enhance and encourage efficiency in the delivery of instructional

services. The provisions of other law to the contrary notwithstanding, the plan presented to the superintendent shall provide a summary waiver, with no conditions, for the pupil testing requirements pursuant to section 160.257, RSMo. Further, the provisions of other law to the contrary notwithstanding, the plan shall detail a means for the waiver of requirements otherwise imposed on the school district related to the authority of the state board of education to classify school districts pursuant to section 161.092, RSMo, and such other rules as determined by the commissioner of education, except that such waivers shall not include the provisions established pursuant to sections 160.514 and 160.518, RSMo.

(4) In the 1993-94 school year and each school year thereafter for two years, those districts which are entitled to receive state aid under subsections 1 to 4 of this section, shall receive state aid in an amount per eligible pupil as provided in this subsection. For the 1993-94 school year, the amount per eligible pupil shall be twenty-five percent of the amount of state aid per eligible pupil calculated for the district for the 1993-94 school year pursuant to subsections 1 to 4 of this section plus seventy-five percent of the total amount of state aid received by the district from all sources for the 1992-93 school year for which the district is entitled and which are distributed in the 1993-94 school year pursuant to subsections 1 to 4 of this section. For the 1994-95 school year, the amount per eligible pupil shall be fifty percent of the amount of state aid per eligible pupil calculated for the district for the 1994-95 school year pursuant to subsections 1 to 4 of this section plus fifty percent of the total amount of state aid received by the district from all sources for the 1992-93 school year for which the district is entitled and which are distributed in the 1994-95 school year pursuant to subsections 1 to 4 of this section. For the 1995-96 school year, the amount of state aid per eligible pupil shall be seventy-five percent of the amount of state aid per eligible pupil calculated for the district for the 1995-96 school year pursuant to subsections 1 to 4 of this section plus twenty-five percent of the total amount of state aid received by the district from all sources for the 1992-93 school year for which the district is entitled and which are distributed in the 1995-96 school year pursuant to subsections 1 to 4 of this section. Nothing in this subdivision shall be construed to limit the authority of a school district to raise its district operating levy pursuant to subdivision (1) of this subsection.

(5) If the total of state aid apportionments to all districts pursuant to subdivision (3) of this subsection is less than the total of state aid apportionments calculated pursuant to subsections 1 to 4 of this section, then the difference shall be deposited in the outstanding schools trust fund. If the total of state aid apportionments to all districts pursuant to subdivision (1) of this subsection is greater than the total of state aid apportionments calculated pursuant to subsections 1 to 4 of this section, then funds shall be transferred from the outstanding schools trust fund to the state school moneys fund to the extent necessary to fund the district entitlements as modified by subdivision (4) of this subsection for that school year with a district entitlement proration factor no less than one and such transfer shall be given priority over all other uses for the outstanding schools trust fund as otherwise provided by law.

6. State aid shall be determined as follows:

## SECOND REGULAR SESSION

**SEVENTY-FIRST DAY--WEDNESDAY, MAY 10, 2000**

The Senate met pursuant to adjournment.

President Pro Tem Quick in the Chair.

The Reverend Carl Gauck offered the following prayer:

There is a story of a young sculptor given a job that another artist could not finish. He followed the plans not knowing exactly what the craving was for. Shortly after completing the work he walked through a beautiful new building and there high on a pillar stood his work. Overcome with its beauty he took off his cap and lowered his head and said: "Thank God I did that job well."

Gracious God, in these last three days we are to finish the work others have brought to our attention. Help us to do our best for You have called us to this service and given us tasks to complete. May we after this session is through look over what we have done and say with the young man: "Thank God I did that job well." And we pray for Senator Mathewson that Your healing power flows through his body and he is quickly brought back to health. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The Journal of the previous day was read and approved.

Notice may be given by ordinary mail, electronic mail or by publishing in at least one newspaper of general circulation qualified to publish legal notices. No new or amended rule, regulation or procedure shall apply retroactively to any proposal pending before the board without the agreement of the petitioner. The board shall have the exclusive control of the expenditures of all money collected to the credit of the trust fund, subject to annual appropriations by the governing body of the county. The county government shall provide the program staff. No more than five percent of the program's annual budget shall be used for the program's annual administrative expenses.

5. The board is authorized to issue bonds, notes or other obligations for any proposal, and to refund such bonds, notes or obligations, as provided in subsection 3 of this section; and to receive and liquidate property, both real and personal, or money which has been granted, donated, devised or bequeathed to the district. The trust shall not have any power of eminent domain.

6. (1) Bonds issued pursuant to this section shall be issued pursuant to a resolution adopted by five-sevenths of the board which shall set out the estimated cost of the proposed improvements, and shall further set out the amount of the bonds to be issued, their purpose or purposes, their date or dates, denomination or denominations, rate or rates of interest, time or times of payment, both of principal and of interest, place or places of payment and all other details in connection with such bonds. (2) Notwithstanding the provisions of section 108.170, RSMo, such bonds shall bear interest at rate or rates determined by the board, shall mature within a period not exceeding twenty years and may be sold at public or private sale for not less than ninety-five percent of the principal amount of such bonds. Bonds issued by the board shall possess all of the qualities of negotiable instruments pursuant to the laws of this state.

The board may provide for the replacement of any bond which has become mutilated, destroyed or lost.

(4) Bonds issued by the board shall be payable as to principal, interest and redemption premium, if any, out of all or any part of the trust fund, including revenues derived from use taxes. Neither the board members nor any person executing the bonds shall be personally liable on such bonds by reason of the issuance of such bonds. Bonds issued pursuant to this section shall not constitute a debt, liability or obligation of this state, or any political subdivision of this state, nor shall any such obligations be a pledge of the faith and credit of this state, but shall be payable solely from the revenues and assets managed by the board to the credit of the trust fund. The issuance of bonds pursuant to this section shall not directly, indirectly or contingently obligate this state or any political subdivision of this state to levy any form of taxation for such bonds or to make any appropriation for their payment. Each obligation or bond issued pursuant to this section shall contain on its face a statement to the effect that the board shall not be obligated to pay such bond nor interest on such bond except from the revenues received by the board or assets of trust lawfully pledged for such trust fund, and that neither the faith or credit nor the taxing power of this state or of any political subdivision of this state is pledged to the payment of the principal of or the interest on such obligation or bond. The proceeds of such bonds shall be disbursed in

such manner and pursuant to such restrictions as the board may provide in the resolution authorizing the issuance of such bonds.

(5) The board may issue negotiable refunding bonds for the purpose of refunding, extending or unifying the whole or any part of such bonds then outstanding, or any bonds, notes or other obligations issued by any other public agency, public body or political subdivision in connection with any facilities or land to be acquired, leased or subleased by the board, which refunding bonds shall not exceed the amount necessary to refund the principal of the outstanding bonds to be refunded and the accrued interest on such bonds to the date of such refunding, together with any redemption premium, amounts necessary to establish reserve and escrow funds and all costs and expenses incurred in connection with the refunding. The board shall provide for the payment of interest and principal of such refunding bonds in the same manner as was provided for the payment of interest and principal of the bonds refunded.

(6) In the event that any of the members or officers of the board whose names appear on any bonds or coupons shall cease to be on the board or cease to be an officer before the delivery of such bonds, such signatures shall remain valid and sufficient for all purposes, the same as if such board members or officers had remained in office until such delivery.

(7) The board is hereby declared to be performing a public function and bonds of the board are declared to be issued for an essential public and governmental purpose, and, accordingly, interest on such bonds and income from such bonds shall be exempt from income taxation by this state. All purchases in excess of ten thousand dollars shall be made pursuant to the lowest and best bid standard as provided in section 34.040, RSMo, or pursuant to the lowest and best proposal standard as provided in section 34.042, RSMo. The board shall have the same discretion, powers and duties as the commissioner of administration has in sections 34.040 and 34.042, RSMo.

(1) "Commencement of commercial operations" shall be deemed to occur during the first taxable year for which the new business facility is first available for use by the taxpayer, or first capable of being used by the taxpayer, in the revenue-producing enterprise in which the taxpayer intends to use the new business facility;

(2) "Existing business facility", any facility in this state which was employed by the taxpayer claiming the credit in the operation of a revenue-producing enterprise immediately prior to an expansion, acquisition, addition, or replacement;

(3) "Facility", any building used as a revenue-producing enterprise located within the state, including the land on which the facility is located and all machinery, equipment and other real and depreciable tangible personal property acquired for use at and located at or within such facility and used in connection with the operation of such facility;

(4) "New business facility", a facility which satisfies the following requirements:

(a) Such facility is employed by the taxpayer in the operation of a revenue-producing enterprise. Such facility shall not be considered a new business facility in the hands of the taxpayer if the taxpayer's only activity with respect to such facility is to lease it to another person or persons. If the taxpayer employs only a portion of such facility in the operation of a revenue-producing enterprise, and leases another portion of such facility to another person or persons or does not otherwise use such other portions in the operation of a revenue-producing enterprise, the portion employed by the taxpayer in the operation of a revenue-producing enterprise shall be considered a new business facility, if the requirements of paragraphs (b), (c), (d) and (e) of this subdivision are satisfied;

For the purpose of apportionment as prescribed in this subdivision, the term "Missouri taxable income" means, in the case of insurance companies, direct premiums as defined in chapter 148, RSMo. If a taxpayer has income derived from the operation of a new business facility as well as from other activities conducted within this state, the Missouri taxable income derived by the taxpayer from the operation of the new business facility shall be determined by multiplying the taxpayer's Missouri taxable income, computed in accordance with chapter 143, RSMo, or in the case of an insurance company, computed in accordance with chapter 148, RSMo, by a fraction, the numerator of which is the property factor, as defined in paragraph (a) of this subdivision, plus the payroll factor, as defined in paragraph (b) of this subdivision, and the denominator of which is two:

The average value of all such property shall be determined as provided in chapter 32, RSMo;

(b) The payroll factor is a fraction, the numerator of which is the total amount paid during the tax period by the taxpayer for compensation to persons qualifying as new business facility employees, as determined by subsection 4 of section 135.110, at the new business facility, and the denominator of which is the total amount paid in this state during the tax period by the taxpayer for compensation. For the purpose of this subdivision, "other activities conducted within this state" shall include activities previously conducted at the expanded, acquired or replaced facility at any time during the tax period immediately prior to the tax period in which commencement of commercial operations occurred;

(7) "New business facility investment", the value of real and depreciable tangible personal property, acquired by the taxpayer as part of the new business facility, which is used by the taxpayer in the operation of the new business facility, during the taxable year for which the credit allowed by section 135.110 is claimed, except that trucks, truck-trailers, truck semitrailers, rail vehicles, barge vehicles, aircraft and other rolling stock for hire, track, switches, barges, bridges, tunnels and rail yards and spurs shall not constitute new business facility investments. The total value of such property during such taxable year shall be:

(a) Its original cost if owned by the taxpayer; or

(b) Eight times the net annual rental rate, if leased by the taxpayer. The net annual rental rate shall be the annual rental rate paid by the taxpayer less any annual rental rate received by the taxpayer from subrentals. The new business facility investment shall be determined by dividing by twelve the sum of the total value of such property on the last business day of each calendar month of the taxable year. If the new business facility is in operation for less than an entire taxable year, the new business facility investment shall be determined by dividing the sum of the total value of such property on the last business day of each full calendar month during the portion of such taxable year during which the new business facility was in operation by the number of full calendar months during such period;

(10) "Replacement business facility", a facility otherwise described in subdivision (4) of this section, hereafter referred to in this subdivision as "new facility", which replaces another facility, hereafter referred to in this subdivision as "old facility", located within the state, which the taxpayer or a related taxpayer previously operated but discontinued operating on or before the close of the first taxable year in which the credit allowed by this section is claimed. A new facility shall be deemed to replace an old facility if the following conditions are met:

[135.100. As used in sections 135.100 to 135.150 the following terms shall mean:

- (1) "Commencement of commercial operations" shall be deemed to occur during the first taxable year for which the new business facility is first available for use by the taxpayer, or first capable of being used by the taxpayer, in the revenue-producing enterprise in which the taxpayer intends to use the new business facility;

(4) "New business facility", a facility which satisfies the following requirements:

(a) Such facility is employed by the taxpayer in the operation of a revenue-producing enterprise. Such facility shall not be considered a new business facility in the hands of the taxpayer if the taxpayer's only activity with respect to such facility is to lease it to another person or persons. If the taxpayer employs only a portion of such facility in the operation of a revenue-producing enterprise, and leases another portion of such facility to another person or persons or does not otherwise use such other portions in the operation of a revenue-producing enterprise, the portion employed by the taxpayer in the operation of a revenue-producing enterprise shall be considered a new business facility, if the requirements of paragraphs (b), (c), (d) and (e) of this subdivision are satisfied;

(d) Such facility is not a replacement business facility, as defined in subdivision (10) of this section; and

(e) The new business facility investment exceeds one hundred thousand dollars during the tax period in which the credits are claimed;

(5) "New business facility employee", a person employed by the taxpayer in the operation of a new business facility during the taxable year for which the credit allowed by section 135.110 is claimed, except that truck drivers and rail and barge vehicle operators shall not constitute new business facility employees. A person shall be deemed to be so employed if such person performs duties in connection with the operation of the new business facility on:

(a) A regular, full-time basis; or

(b) A part-time basis, provided such person is customarily performing such duties an average of at least twenty hours per week; or

(c) A seasonal basis, provided such person performs such duties for at least eighty percent of the season customary for the position in which such person is employed;

(6) "New business facility income", the Missouri taxable income, as defined in chapter 143, RSMo, derived by the taxpayer from the operation of the new business facility. For the purpose of apportionment as prescribed in this subdivision, the term "Missouri taxable income" means, in the case of insurance companies, direct premiums as defined in chapter 148, RSMo. If a taxpayer has income derived from the operation of a new business facility as well as from other activities conducted within this state, the Missouri taxable income derived by the taxpayer from the operation of the new business facility shall be determined by multiplying the taxpayer's Missouri taxable income, computed in accordance with chapter 143, RSMo, or in the case of an insurance company, computed in accordance with chapter 148, RSMo, by a fraction, the numerator of which is the property factor, as defined in paragraph (a) of this subdivision, plus the payroll factor, as defined in paragraph (b) of this subdivision, and the denominator of which is two:

(a) The "property factor" is a fraction, the numerator of which is the new business facility investment certified for the tax period, and the denominator of which is the average value of all the taxpayer's real and depreciable tangible personal property owned or rented and used in this state during the tax period. The average value of all such property shall be determined as provided in chapter 32, RSMo;

(b) The "payroll factor" is a fraction, the numerator of which is the total amount paid during the tax period by the taxpayer for compensation to persons qualifying as new business facility employees, as determined by subsection 4 of section 135.110, at the new business facility, and the denominator of which is the total amount paid in this state during the tax period by the taxpayer for compensation. The compensation paid in this state shall be determined as provided in chapter 32, RSMo. For the purpose of this subdivision, "other activities conducted within this state" shall include activities previously conducted at the expanded, acquired or replaced facility at any time during the tax period immediately prior to the tax period in which commencement of commercial operations occurred;

(7) "New business facility investment", the value of real and depreciable tangible personal property, acquired by the taxpayer as part of the new business facility, which is used by the taxpayer in the operation of the new business facility, during the taxable year for which the credit allowed by section 135.110 is claimed, except that trucks, truck-trailers, truck semitrailers, rail and barge vehicles and other rolling stock for hire, track, switches, barges, bridges, tunnels and rail yards and spurs shall not constitute new business facility investments. The total value of such property during such taxable year shall be:

(a) Its original cost if owned by the taxpayer; or

(b) Eight times the net annual rental rate, if leased by the taxpayer. The net annual rental rate shall be the annual rental rate paid by the taxpayer less any annual rental rate received by the taxpayer from subrentals. The new business facility investment shall be determined by dividing by twelve the sum of the total value of such property on the last business day of each calendar month of the taxable year. If the new business facility is in operation for less than an entire taxable year, the new business facility investment shall be determined by dividing the sum of the total value of such property on the last business day of each full calendar month during the portion of such taxable year during which the new business facility was in operation by the number of full calendar months during such period;

(8) "Office", a regional, national or international headquarters, a telemarketing operation, an insurance company, a passenger transportation ticket/reservation system or a credit card billing and processing center. For the purposes of this subdivision, "headquarters" means the administrative management of at least four integrated facilities operated by the taxpayer or related taxpayer. For the purposes of sections 135.100 to 135.150, "control of a corporation" shall mean ownership, directly or indirectly, of stock possessing at least fifty percent of the total combined voting power of all classes of stock entitled to vote; "control of a partnership or association" shall mean ownership of at least fifty percent of the capital or profits interest in such partnership or association; and "control of a trust" shall mean ownership, directly or indirectly, of at least fifty percent of the beneficial interest in the principal or income of such trust; ownership shall be determined as provided in Section 318 of the U.S. Internal Revenue Code;

(10) "Replacement business facility", a facility otherwise described in subdivision (4) of this section, hereafter referred to in this subdivision as "new facility", which replaces another facility, hereafter referred to in this subdivision as "old facility", located within the state, which the taxpayer or a related taxpayer previously operated but discontinued

operating on or before the close of the first taxable year in which the credit allowed by this section is claimed. A new facility shall be deemed to replace an old facility if the following conditions are met:

(a) The old facility was operated by the taxpayer or a related taxpayer during the taxpayer's or related taxpayer's taxable period immediately preceding the taxable year in which commencement of commercial operations occurs at the new facility; and

(b) The old facility was employed by the taxpayer or a related taxpayer in the operation of a revenue-producing enterprise and the taxpayer continues the operation of the same or substantially similar revenue-producing enterprise at the new facility. Notwithstanding the preceding provisions of this subdivision, a facility shall not be considered a replacement business facility if the taxpayer's new business facility investment, as computed in subsection 5 of section 135.110, in the new facility during the tax period in which the credits allowed in sections 135.110, 135.225 and 135.235 and the exemption allowed in section 135.220 are claimed exceed one million dollars or, if less, two hundred percent of the investment in the old facility by the taxpayer or related taxpayer, and if the total number of employees at the new facility exceeds the total number of employees at the old facility by at least two except that the total number of employees at the new facility exceeds the total number of employees at the old facility by at least twenty-five if an office as defined in subdivision (8) of this section is established by a revenue-producing enterprise other than a revenue-producing enterprise defined in paragraphs (a) to (g) and (i) to (l) of subdivision (11) of this section;

**"99.845. 1. A municipality, either at the time a redevelopment project is approved or, in the event a municipality has undertaken acts establishing a redevelopment plan and redevelopment project and has designated a redevelopment area after the passage and approval of sections 99.800 to 99.865 but prior to August 13, 1982, which acts are in conformance with the procedures of sections 99.800 to 99.865, may adopt tax increment allocation financing by passing an ordinance providing that after the total equalized assessed valuation of the taxable real property in a redevelopment project exceeds the certified total initial equalized assessed valuation of the taxable real property in the redevelopment project, the ad valorem taxes, and payments in lieu of taxes, if any, arising from the levies upon taxable real property in such redevelopment project by taxing districts and tax rates determined in the manner provided in subsection 2 of section 99.855 each year after the effective date of the ordinance until redevelopment costs have been**

paid shall be divided as follows:

(1) That portion of taxes, penalties and interest levied upon each taxable lot, block, tract, or parcel of real property which is attributable to the initial equalized assessed value of each such taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid by the county collector to the respective affected taxing districts in the manner required by law in the absence of the adoption of tax increment allocation financing;

(2) Payments in lieu of taxes attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project and any applicable penalty and interest over and above the initial equalized assessed value of each such unit of property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid to the municipal treasurer who shall deposit such payment in lieu of taxes into a special fund called the "Special Allocation Fund" of the municipality for the purpose of paying redevelopment costs and obligations incurred in the payment thereof. Payments in lieu of taxes which are due and owing shall constitute a lien against the real estate of the redevelopment project from which they are derived and shall be collected in the same manner as the real property tax, including the assessment of penalties and interest where applicable. The municipality may, in the ordinance, pledge the funds in the special allocation fund for the payment of such costs and obligations and provide for the collection of payments in lieu of taxes, the lien of which may be foreclosed in the same manner as a special assessment lien as provided in section 88.861, RSMo. No part of the current equalized assessed valuation of each lot, block, tract, or parcel of property in the area selected for the redevelopment project attributable to any increase above the total initial equalized assessed value of such properties shall be used in calculating the general state school aid formula provided for in section 163.031, RSMo, until such time as all redevelopment costs have been paid as provided for in this section and section 99.850;

(3) For purposes of this section, "levies upon taxable real property in such redevelopment project by taxing districts" shall not include the blind pension fund tax levied under the authority of article III, section 38(b) of the Missouri Constitution, or the merchants' and manufacturers' inventory replacement tax levied under the authority of subsection 2 of section 6 of article X, of the Missouri Constitution, except in redevelopment project areas in which tax increment financing has been adopted by ordinance pursuant to a plan approved by vote of the governing body of the municipality taken after August 13, 1982, and before January 1, 1998.

2. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after July 12, 1990, and prior to August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest imposed by the municipality, or other taxing districts, which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, RSMo, licenses, fees or special assessments other than payments in lieu of taxes and any penalty and interest thereon, or, effective January 1, 1998, taxes levied pursuant to section 94.660, RSMo, for the purpose of public transportation, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund. Any provision of an agreement, contract or covenant entered into prior to July 12, 1990, between a municipality and any other political subdivision which provides for an appropriation of other municipal revenues to the special allocation fund shall be and remain enforceable.

3. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest which are imposed by the municipality or other taxing districts, and which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of

hotels and motels, taxes levied pursuant to section 70.500, RSMo, or effective January 1, 1998, taxes levied for the purpose of public transportation pursuant to section 94.660, RSMo, licenses, fees or special assessments other than payments in lieu of taxes and penalties and interest thereon, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund.

4. Beginning January 1, 1998, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance and which have complied with subsections 4 to 12 of this section, in addition to the payments in lieu of taxes and economic activity taxes described in subsections 1, 2 and 3 of this section, up to fifty percent of the new state revenues, as defined in subsection 8 of this section, estimated for the businesses within the project area and identified by the municipality in the application required by subsection 10 of this section, over and above the amount of such taxes reported by businesses within the project area as identified by the municipality in their application prior to the approval of the redevelopment project by ordinance, while tax increment financing remains in effect, may be available for appropriation by the general assembly as provided in subsection 10 of this section to the department of economic development supplemental tax increment financing fund, from the general revenue fund, for distribution to the treasurer or other designated financial officer of the municipality with approved plans or projects.

5. The treasurer or other designated financial officer of the municipality with approved plans or projects shall deposit such funds in a separate segregated account within the special allocation fund established pursuant to section 99.805.

6. No transfer from the general revenue fund to the Missouri supplemental tax increment financing fund shall be made unless an appropriation is made from the general revenue fund for that purpose. No municipality shall commit any state revenues prior to an appropriation being made for that project. For all redevelopment plans or projects adopted or approved after December 23, 1997, appropriations from the new state revenues shall not be distributed from the Missouri supplemental tax increment financing fund into the special allocation fund unless the municipality's redevelopment plan ensures that one hundred percent of payments in lieu of taxes and fifty percent of economic activity taxes generated by the project shall be used for eligible redevelopment project costs while tax increment financing remains in effect. This account shall be separate from the account into which payments in lieu of taxes are deposited, and separate from the account into which economic activity taxes are deposited.

7. In order for the redevelopment plan or project to be eligible to receive the revenue described in subsection 4 of this section, the municipality shall comply with the requirements of subsection 10 of this section prior to the time the project or plan is adopted or approved by ordinance. The director of the department of economic development and the commissioner of the office of administration may waive the requirement that the municipality's application be submitted prior to the redevelopment plan's or project's adoption or the redevelopment plan's or project's approval by ordinance.

8. For purposes of this section, "new state revenues" means:

(1) The incremental increase in the general revenue portion of state sales tax revenues received pursuant to section 144.020, RSMo, excluding sales taxes that are constitutionally dedicated, taxes deposited to the school district trust fund in accordance with section 144.701, RSMo, sales and use taxes on motor vehicles, trailers, boats and outboard motors and future sales taxes earmarked by law. The incremental increase in the general revenue portion of state sales tax revenues for an existing or relocated facility shall be the amount that current state sales tax revenue exceeds the state sales tax revenue in the base year as stated in the redevelopment plan as provided in subsection 10 of this section; or

(2) The state income tax withheld on behalf of new employees by the employer pursuant to section 143.221, RSMo, at the business located within the project as identified by the municipality. The state income tax withholding allowed by this section shall be the municipality's estimate of the amount of state income tax withheld by the employer within the redevelopment area for new employees who fill new jobs directly created by the tax increment financing project.

9. Subsection 4 of this section shall apply only to blighted areas located in enterprise zones, pursuant to sections 135.200 to 135.256, RSMo, blighted areas located in federal empowerment zones, or to blighted areas located in central business districts or urban core areas of cities which districts or urban core areas at the time of approval of the

project by ordinance, provided that the enterprise zones, federal empowerment zones or blighted areas contained one or more buildings at least fifty years old; and

(1) Suffered from generally declining population or property taxes over the twenty-year period immediately preceding the area's designation as a project area by ordinance; [or]

(2) Was a historic hotel located in a county of the first classification without a charter form of government with a population according to the most recent federal decennial census in excess of one hundred fifty thousand and containing a portion of a city with a population according to the most recent federal decennial census in excess of three hundred fifty thousand; or

**(3) Contains the site of a county convention and sports facilities authority organized pursuant to sections 67.1150 to 67.1158, RSMo.**

10. The initial appropriation of up to fifty percent of the new state revenues authorized pursuant to subsections 4 and 5 of this section shall not be made to or distributed by the department of economic development to a municipality until all of the following conditions have been satisfied:

(1) The director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee have approved a tax increment financing application made by the municipality for the appropriation of the new state revenues. The municipality shall include in the application the following items in addition to the items in section 99.810:

(a) The tax increment financing district or redevelopment area, including the businesses identified within the redevelopment area;

(f) The cost-benefit analysis required by section 99.810 includes a study of the fiscal impact on the state of Missouri; and

(g) The statement of election between the use of the incremental increase of the general revenue portion of the state sales tax revenues or the state income tax withheld by employers on behalf of new employees who fill new jobs created in the redevelopment area;

Upon approval of the application, the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee shall issue a certificate of approval. The department of economic development may request the appropriation following application approval;

(3) The appropriation shall be either a portion of the estimate of the incremental increase in the general revenue portion of state sales tax revenues in the redevelopment area or a portion of the estimate of the state income tax withheld by the employer on behalf of new employees who fill new jobs created in the redevelopment area as indicated in the municipality's application, approved by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee. At no time shall the aggregate annual appropriation of the new state revenues for redevelopment areas exceed fifteen million dollars;

(4) Redevelopment plans and projects receiving new state revenues shall have a duration of up to fifteen years, unless prior approval for a longer term is given by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee; except that, in no case shall the duration exceed twenty-three years.

"64.090. 1. For the purpose of promoting health, safety, morals, comfort or the general welfare of the unincorporated portion of counties, to conserve and protect property and building values, to secure the most economical use of the land, and to facilitate the adequate provision of public improvements all in accordance with a comprehensive plan, the county commission in all counties of the first class, as provided by law, except in counties of the first class not having a charter form of government, is hereby empowered to regulate and restrict, by order, in the unincorporated portions of the county, the height, number of stories and size of buildings, the percentage of lots that may be occupied, the size of yards, courts and other open spaces, the density of population, the location and use of buildings, structures and land for trade, industry, residence or other purposes, including areas for agriculture, forestry and recreation.

2. The provisions of this section shall not apply to the incorporated portions of the counties, nor to the raising of crops, livestock, orchards, or forestry, nor to seasonal or temporary impoundments used for rice farming or flood irrigation. As used in this section, the term "rice farming or flood irrigation" means small berms of no more than eighteen inches high that are placed around a field to hold water for use for growing rice or for flood irrigation. This section shall not apply to the erection, maintenance, repair, alteration or extension of farm structures used for such purposes in an area not within the area shown on the flood hazard area map. This section shall not apply to underground mining where entrance is through an existing shaft or shafts or through a shaft or shafts not within the area shown on the flood hazard area map.

3. The powers by sections 64.010 to 64.160 given shall not be exercised so as to deprive the owner, lessee or tenant of any existing property of its use or maintenance for the purpose to which it is then lawfully devoted except that reasonable regulations may be adopted for the gradual elimination of nonconforming uses, nor shall anything in sections 64.010 to 64.160 interfere with such public utility services as may have been or may hereafter be specifically authorized or permitted by a certificate of public convenience and necessity, or order issued by the public service commission, or by permit of the county commission.

For the purpose of any zoning regulation adopted under the provisions of sections 64.010 to 64.160, the classification of single-family dwelling or single-family residence shall include any home in which eight or fewer unrelated mentally or physically handicapped persons reside, and may include two additional persons acting as houseparents or guardians who need not be related to each other or to any of the mentally or physically handicapped persons. The classification of single-family dwelling or single-family residence shall also include any private residence licensed by the division of family services or department of mental health to provide foster care to one or more but less than seven children who are unrelated to either foster parent by blood, marriage or adoption. A zoning regulation may require that the exterior appearance of the home and property be in reasonable conformance with the general neighborhood standards and may also establish reasonable standards regarding the density of such individual homes in any specific single-family dwelling or single-family residence area. Should a single-family dwelling or single-family residence as defined in this subsection cease to operate for the purposes specified in this subsection, any other use of such dwelling or residence, other than that allowed by the zoning regulations, shall be approved by the county board of zoning adjustment. Nothing in this subsection shall be construed to relieve the division of family services, the department of mental health or any other person, firm or corporation occupying or utilizing any single-family dwelling or single-family residence for the purposes specified in this subsection from compliance with any ordinance or regulation relating to occupancy permits except as to number and relationship of occupants or from compliance with any building or safety code applicable to actual use of such single-family dwelling or single-family residence.

**(3) The conditions described in subsection 3 of this section are not the only conditions upon which the commissioner may determine that an applicant or a director, officer, or manager of an applicant is not of good character or that an applicant's plan to make a major change in the management of a licensee is detrimental to the safety and soundness of the licensee.**

If the members representing school districts and other taxing districts are appointed for a term coinciding with the length of time a redevelopment project, plan or area is approved, such term shall terminate upon final approval of the project, plan or designation of the area by the governing body of the municipality. Thereafter the commission shall consist of the six members appointed by the municipality, except that members representing school boards and other taxing districts shall be appointed as provided in this section prior to any amendments to any redevelopment plans, redevelopment projects or designation of a redevelopment area. If any school district or other taxing jurisdiction fails to appoint members of the commission within thirty days of receipt of written notice of a proposed redevelopment plan, redevelopment project or designation of a redevelopment area, the remaining members may proceed to exercise the power of the commission. Any investor that makes an investment of certified capital shall, in the year of investment, earn a vested credit against state premium tax liability equal to the applicable percentage of the investor's investment of certified capital. An investor shall be entitled to take up to ten percent of the vested credit in any taxable year of the investor. Any time after three years after August 28, 1996, the director, with the approval of the commissioner of administration, may reduce the applicable percentage on a prospective basis. Any such reduction in the applicable percentage by the director shall not have any effect on credits against state premium tax liability which have been claimed or will be claimed by any investor with respect to credits which have been earned and vested pursuant to an investment of certified capital prior to the effective date of any such change.

2. An insurance company claiming a state premium tax credit earned through an investment in a certified capital company shall not be required to pay any additional retaliatory tax levied pursuant to section 375.916, RSMo, as a result of claiming such credit.

3. The credit against state premium tax liability which is described in subsection 1 of this section may not exceed the state premium tax liability of the investor for any taxable year. Thereafter, the aggregate amount of earned and vested certified capital company credits that may be taken on an annual basis by all Missouri certified capital company investors shall not exceed an amount equal to ten percent of the cumulative credits earned in respect of certified capital invested in previous years.** During any calendar year in which the limitation described in this subsection will limit the amount of certified capital for which earned and vested credits against state premium tax liability are allowed, certified capital for which credits are allowed will be allocated in order of priority based upon the date of filing of information described in subdivision (1) of subsection 5 of section 135.516. [Certified capital limited in any calendar year by the application of the provisions of this subsection shall be allowed and allocated in the immediately succeeding calendar year in the order of priority set forth in this subsection.] The department shall make separate allocations of certified capital for which credits are allowed under the limitations described in this subsection and under the limitations described in subsection 5 of this section.

5. In addition to the maximum amount pursuant to subsection 4 of this section, the aggregate amount of certified capital for which earned and vested credits against state premium tax liability are allowed for persons pursuant to sections 135.500 to 135.529 shall be the following: for calendar year 1999 and for any year thereafter, an amount to be determined by the director which would entitle all Missouri certified capital company investors to take aggregate credits not to exceed four million dollars for any year with the approval of the commissioner of administration and reported to the general assembly as provided in subsection 2 of section 33.282, RSMo, provided that the amount so determined shall not impair the ability of an investor with earned and vested credits which have been allowed in previous years or pursuant to the provisions of subsection 4 of this section to take them, pursuant to subsection 1 of this section. For purposes of any requirement regarding the schedule of qualified investments for certified capital for which earned and vested credits against state premium tax liability are allowed pursuant to this subsection only, the definition of a "qualified Missouri business" as set forth in subdivision (13) of subsection 2 of section 135.500 means a Missouri business that is located in a distressed community as defined in section 135.530, and meets all of the

requirements of subdivision (13) of subsection 2 of section 135.500, except that its gross sales during its most recent complete fiscal year shall not have exceeded five million dollars. During any calendar year in which the limitation described in this subsection limits the amount of additional certified capital for which earned and vested credits against state premium tax liability are allowed, additional certified capital for which credits are allowed shall be allocated in order of priority based upon the date of filing of information described in subdivision (1) of subsection 5 of section 135.516 with respect to such additional certified capital. The department shall make separate allocations of certified capital for which credits are allowed under the limitations described in this subsection and under the limitations described in subsection 4 of this section. No limitation applicable to any certified capital company with respect to certified capital for which credits are allowed pursuant to subsection 4 of this section shall limit the amount of certified capital for which credits are allowed pursuant to this subsection. No limitation applicable to any certified capital company with respect to certified capital for which credits are allowed pursuant to this subsection shall limit the amount of certified capital for which credits are allowed pursuant to subsection 4 of this section.

6. The department shall advise any Missouri certified capital company, in writing, within fifteen days after receiving the filing described in subdivision (1) of subsection 5 of section 135.516 whether the limitations of subsection [3] **4** of this section then in effect will be applicable with respect to the investments and credits described in such filing with the department.

135.516. 1. To continue to be certified, a Missouri certified capital company shall make qualified investments according to the following schedule:

(1) Within two years after the date on which a Missouri certified capital company is designated as a Missouri certified capital company at least twenty-five percent of its certified capital shall be, or have been, placed in qualified investments;

(2) Within three years after the date on which a Missouri certified capital company is designated as a Missouri certified capital company at least forty percent of its certified capital shall be, or have been, placed in qualified investments;

(3) Within four years after the date on which a Missouri certified capital company is designated as a Missouri certified capital company, at least fifty percent of its total certified capital shall be, or have been, placed in qualified investments, **and in the case of any certified capital raised after August 28, 2000, at least twenty-five percent of which in terms of dollars, shall be, or have been, placed in qualified investments in qualified Missouri agricultural businesses.** A Missouri certified capital company may not make an investment in an affiliate of the certified capital company. For the purposes of this subsection, if a legal entity is not an affiliate before a certified capital company initially invests in the entity, it will not be an affiliate if a certified capital company provides additional investment in such entity subsequent to its initial investment;

(4) A certified capital company, at least fifteen working days prior to making what it determines to be an initial qualified investment in a specific qualified Missouri business, shall certify to the department that the company in which it proposes to invest meets the definition of a qualified Missouri business pursuant to subdivision (14) of subsection 2 of section 135.500. The certified capital company shall state the amount of capital it intends to invest and the name of the business in which it intends to invest. The certified capital company shall also provide to the department an explanation of its determination that the business meets the definition of a qualified Missouri business. If the department determines that the business does not meet the definition of a qualified Missouri business, it shall, within the fifteen-working-day period prior to the making of the proposed investment, notify the certified capital company of its determination and an explanation thereof. If the department fails to notify the certified capital company with respect to the proposed investment within the fifteen-working-day period prior to the making of the proposed investment, the company in which the certified capital company proposes to invest shall be deemed to be a qualified Missouri business. If a certified capital company fails to notify the department prior to making an initial investment in a business, the department may subsequently determine that the business in which the certified capital company invested was not a qualified Missouri business even though the business, at the time of the investment, met the requirements of subdivision (14) of subsection 2 of section 135.500;

(5) All certified capital which is not required to be placed in qualified investments or which has been placed in

qualified investments and can be received by the company, may be held or invested in such manner as the Missouri certified capital company, in its discretion, deems appropriate, **including, subject to the approval of the department upon terms and conditions determined by it, investments with an investor of the Missouri certified capital company or an affiliate or subsidiary of such investor of the Missouri certified capital company which is providing a guarantee, indemnity, bond, insurance policy or other guaranteed payment undertaking in favor of the investors that have invested certified capital in the Missouri certified capital company and which is rated AA or better by Standard and Poor's Rating Group or the equivalent by another nationally-recognized agency.** The proceeds of all certified capital which is received by a certified capital company after it was originally placed in qualified investments may be placed again in qualified investments and shall count toward any requirement in sections 135.500 to 135.529 with respect to placing certified capital in qualified investments.

2. A certified capital company may make qualified distributions at any time. In order to make distributions, other than qualified distributions, a certified capital company must have placed an amount cumulatively equal to one hundred percent of its certified capital in qualified investments **and, with respect to qualified investments made with certified capital raised after August 28, 2000, twenty-five percent of such qualified investment must be in qualified Missouri agricultural businesses.** Cumulative distributions to equity holders, other than qualified distributions, in excess of the certified capital company's original certified capital and any additional capital contributions to the certified capital company shall be subject to audit by a nationally recognized certified public accounting firm acceptable to the department, at the expense of the certified capital company. The audit shall determine whether aggregate cumulative distributions to all investors and equity holders, other than qualified distributions, when combined with all tax credits utilized by investors pursuant to sections 135.500 to 135.529, have resulted in an annual internal rate of return of fifteen percent computed on the sum of total original certified capital of the certified capital company and any additional capital contributions to the certified capital company. Twenty-five percent of distributions made, other than qualified distributions, in excess of the amount required to produce a fifteen percent annual internal rate of return, as determined by the audit, shall be payable by the certified capital company to the Missouri development finance board. Distributions or payments to debt holders of a certified capital company, however, may be made without restriction with respect to debt owed to them by a certified capital company. A debt holder that is also an investor or equity holder of a certified capital company may receive distributions or payments with respect to such debt without restriction.

3. No qualified investment may be made at a cost to a Missouri certified capital company greater than fifteen percent of the total certified capital under management of the Missouri certified capital company at the time of investment.

4. Documents and other materials submitted by Missouri certified capital companies or by businesses for purposes of the continuance of certification may be deemed "closed records" pursuant to the provisions of section 620.014, RSMo.

5. Each Missouri certified capital company shall report the following to the department:

(1) As soon as practicable after the receipt of certified capital, the name of each investor from which the certified capital was received, the amount of each investor's investment of certified capital and tax credits computed without regard to any limitations under subsection [3] **4** of section 135.503, and the date on which the certified capital was received;

(2) On a quarterly basis, the amount of the Missouri certified capital company's certified capital at the end of the quarter, whether or not the Missouri certified capital company has invested more than fifteen percent of the total certified capital under management in any one company, and all qualified investments that the Missouri certified capital company has made;

(3) Each Missouri certified capital company shall provide annual audited financial statements to the department which include an opinion of an independent certified public accountant to the department within ninety days of the close of the fiscal year. The audit shall address the methods of operation and conduct of the business of the Missouri certified capital company to determine if the Missouri certified capital company is complying with the statutes and program rules and that the funds received by the Missouri certified capital company have been invested as required within the time limits provided by sections 135.500 to 135.529."; and

2. The director of revenue shall distribute all moneys which would be due any county of the first classification having a charter form of government and having a population of nine hundred thousand or more to the county treasurer or such other officer as may be designated by county ordinance, who shall distribute such moneys as follows: the portion of the use tax imposed by the county which equals **one-half** the rate of sales tax [levied pursuant to section 94.660, RSMo,] **in effect for such county** shall be disbursed to the [bi-state agency authorized pursuant to sections 70.370 to 70.441, RSMo, to be used only to provide the local share of construction costs for additional light rail lines] **county community comeback trust fund authorized pursuant to sections 67.478 to 67.493, RSMo**. The treasurer or such other officer as may be designated by county ordinance shall distribute one-third of the balance to the county and to each city, town and village in group B according to section 66.620, RSMo, as modified by this section, a portion of the remainder of such balance equal to the percentage ratio that the population of each such city, town or village bears to the total population of all such group B cities, towns and villages. For the purposes of this subsection, population shall be determined by the last federal decennial census or the latest census that determines the total population of the county and all political subdivisions therein. For the purposes of this subsection, each city, town or village in group A according to section 66.620, RSMo, but whose per capita sales tax receipts during the preceding calendar year pursuant to sections 66.600 to 66.630, RSMo, were less than the per capita countywide average of all sales tax receipts during the preceding calendar year, shall be treated as a group B city, town or village until the per capita amount distributed to such city, town or village equals the difference between the per capita sales tax receipts during the preceding calendar year and the per capita countywide average of all sales tax receipts during the preceding calendar year.

3. The director of revenue may authorize the state treasurer to make refunds from the amounts in the trust fund and credited to any county or municipality for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such counties or municipalities. If any county or municipality abolishes the tax, the county or municipality shall notify the director of revenue of the action at least ninety days prior to the effective date of the repeal, and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such county or municipality, the director of revenue shall authorize the state treasurer to remit the balance in the account to the county or municipality and close the account of that county or municipality. The director of revenue shall notify each county or municipality of each instance of any amount refunded or any check redeemed from receipts due the county or municipality.

4. Except as modified in [this act] **sections 144.757 to 144.761**, all provisions of sections 32.085 and 32.087, RSMo,

applicable to the local sales tax, except for subsection 12 of section 32.087, RSMo, and all provisions of sections 144.600 to 144.745 shall apply to the tax imposed [under this act] **pursuant to sections 144.757 to 144.761**, and the director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the tax.

144.761. 1. No county or municipality imposing a local use tax pursuant to [this act] **sections 144.757 to 144.761** may repeal or amend such local use tax unless such repeal or amendment is submitted to and approved by the voters of the county or municipality in the manner provided in section 144.757; provided, however, that the repeal of the local sales tax within the county or municipality shall be deemed to repeal the local use tax imposed [under this act] **pursuant to sections 144.757 to 144.761**.

2. Whenever the governing body of any county or municipality in which a local use tax has been imposed in the manner provided by [this act] **sections 144.757 to 144.761** receives a petition, signed by fifteen percent of the registered voters of such county or municipality voting in the last gubernatorial election, calling for an election to repeal such local use tax, the governing body shall submit to the voters of such county or municipality a proposal to repeal the county or municipality use tax imposed [under the provisions of this act] **pursuant to sections 144.757 to 144.761**. If a majority of the votes cast on the proposal by the registered voters voting thereon are in favor of the proposal to repeal the local use tax, then the ordinance or order imposing the local use tax, along with any amendments thereto, is repealed. If a majority of the votes cast by the registered voters voting thereon are opposed to the proposal to repeal the local use tax, then the ordinance or order imposing the local use tax, along with any amendments thereto, shall remain in effect."; and

"67.582. 1. The governing body of any county, except a county of the first class with a charter form of government with a population of greater than four hundred thousand inhabitants, is hereby authorized to impose, by ordinance or order, a sales tax in the amount of up to one-half of one percent on all retail sales made in such county which are subject to taxation under the provisions of sections 144.010 to 144.525, RSMo, for the purpose of providing law

enforcement services for such county. The tax authorized by this section shall be in addition to any and all other sales taxes allowed by law, except that no ordinance or order imposing a sales tax under the provisions of this section shall be effective unless the governing body of the county submits to the voters of the county, at a county or state general, primary or special election, a proposal to authorize the governing body of the county to impose a tax.

2. The ballot of submission shall contain, but need not be limited to, the following language:

(1) If the proposal submitted involves only authorization to impose the tax authorized by this section the ballot shall contain substantially the following:

Shall the county of ..... (county's name) impose a countywide sales tax of ..... (insert amount) for the purpose of providing law enforcement services for the county?

[ ] Yes [ ] No

If you are in favor of the question, place an "X" in the box opposite "Yes". If you are opposed to the question, place an "X" in the box opposite "No"; or

(2) If the proposal submitted involves authorization to enter into agreements to form a regional jail district and obligates the county to make payments from the tax authorized by this section the ballot shall contain substantially the following:

Shall the county of ..... (county's name) be authorized to enter into agreements for the purpose of forming a regional jail district and obligating the county to impose a countywide sales tax of ..... (insert amount) to fund ..... dollars of the costs to construct a regional jail and to fund the costs to operate a regional jail, with any funds in excess of that necessary to construct and operate such jail to be used for law enforcement purposes?

[ ] Yes [ ] No

If you are in favor of the question, place an "X" in the box opposite "Yes". If you are opposed to the question, place an "X" in the box opposite "No". If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal submitted pursuant to subdivision (1) of this subsection, then the ordinance or order and any amendments thereto shall be in effect on the first day of the second quarter immediately following the election approving the proposal. If the constitutionally required percentage of the voters voting thereon are in favor of the proposal submitted pursuant to subdivision (2) of this subsection, then the ordinance or order and any amendments thereto shall be in effect on the first day of the second quarter immediately following the election approving the proposal. If a proposal receives less than the required majority, then the governing body of the county shall have no power to impose the sales tax herein authorized unless and until the governing body of the county shall again have submitted another proposal to authorize the governing body of the county to impose the sales tax authorized by this section and such proposal is approved by the required majority of the qualified voters voting thereon. However, in no event shall a proposal pursuant to this section be submitted to the voters sooner than twelve months from the date of the last proposal pursuant to this section.

3. All revenue received by a county from the tax authorized under the provisions of this section shall be deposited in a special trust fund and shall be used solely for providing law enforcement services for such county for so long as the tax shall remain in effect. **Revenue placed in the special trust fund may also be utilized for capital improvement projects for law enforcement facilities and for the payment of any interest and principal on bonds issued for said capital improvement projects.**

4. Once the tax authorized by this section is abolished or is terminated by any means, all funds remaining in the special trust fund shall be used solely for providing law enforcement services for the county. 5. All sales taxes collected by the director of revenue under this section on behalf of any county, less one percent for

cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087, RSMo, shall be deposited in a special trust fund, which is hereby created, to be known as the "County Law Enforcement Sales Tax Trust Fund". The moneys in the county law enforcement sales tax trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state. The director of revenue shall keep accurate records of the amount of money in the trust and which was collected in each county imposing a sales tax under this section, and the records shall be open to the inspection of officers of the county and the public. Not later than the tenth day of each month the director of revenue shall distribute all moneys deposited in the trust fund during the preceding month to the county which levied the tax; such funds shall be deposited with the county treasurer of each such county, and all expenditures of funds arising from the county law enforcement sales tax trust fund shall be by an appropriation act to be enacted by the governing body of each such county. 6. The director of revenue may authorize the state treasurer to make refunds from the amounts in the trust fund and credited to any county for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such counties. If any county abolishes the tax, the county shall notify the director of revenue of the action at least ninety days prior to the effective date of the repeal and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such county, the director of revenue shall remit the balance in the account to the county and close the account of that county. The director of revenue shall notify each county of each instance of any amount refunded or any check redeemed from receipts due the county.

7. Except as modified in this section, all provisions of sections 32.085 and 32.087, RSMo, shall apply to the tax imposed under this section.

67.700. 1. Any county, as defined in section 67.724, may, by ordinance or order, impose a sales tax on all retail sales made in such county which are subject to taxation under the provisions of sections 144.010 to 144.525, RSMo, for any capital improvement purpose designated by the county in its ballot of submission to its voters; provided, however, that no ordinance or order enacted pursuant to the authority granted by sections 67.700 to 67.727 shall be effective unless the governing body of the county submits to the voters of the county, at a county or state general, primary, or special election, a proposal to authorize the governing body of the county to impose a tax under the provisions of sections 67.700 to 67.727. The tax authorized by this section shall be in addition to any and all other sales taxes allowed by law.

2. The ballot of submission shall contain, but need not be limited to, the following language:

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO". If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the ordinance or order and any amendments thereto shall be in effect. If a majority of the votes cast by the qualified voters voting are opposed to the proposal, then the governing body of the county shall have no power to impose the sales tax authorized by sections 67.700 to 67.727 unless and until the governing body of the county shall again have submitted another proposal to authorize it to impose the sales tax under the provisions of sections 67.700 to 67.727 and such proposal is approved by a majority of the qualified voters voting thereon.

3. All revenue received by a county from the tax authorized by sections 67.700 to 67.727 which has been designated for a certain capital improvement purpose shall be deposited in a special trust fund and shall be used solely for such designated purpose. Upon the expiration of the period of years approved by the voters under subsection 2 of this

section or if the tax authorized by sections 67.700 to 67.727 is repealed under section 67.721, all funds remaining in the special trust fund shall continue to be used solely for such designated capital improvement purpose, **including the payment of principle and interest on any bonds issued to pay for such capital improvement**. Any funds in such special trust fund which are not needed for current expenditures may be invested by the governing body in accordance with applicable laws relating to the investment of other county funds.

5. In addition to the rates provided in subsection 4 of this section, any county of the first class without a charter form of government which adjoins a county of the first class containing part of a city containing more than three hundred fifty thousand inhabitants and which also adjoins a county of the third class having a township form of government shall also be authorized to (1) levy such sales tax at a rate of one-eighth of one percent; or (2) levy such sales tax at a rate of one-fourth of one percent in conjunction with a reduction in its property tax levy or levies for general revenues or for funding the maintenance of roads and bridges, or both, for each year in which the sales tax is imposed. Such reduction shall be in an amount sufficient to decrease the property taxes it will collect by not less than fifty percent of the sales tax revenue collected in the tax year for which the property taxes are being levied. If in the immediately preceding year a county actually collected less sales tax revenue than was projected for purposes of reducing its property tax levy or levies, the county shall adjust its property tax levy or levies for the current year to reflect such decrease. Any such county seeking voter approval of the sales tax alternative authorized in this subsection shall include in the ballot of submission authorized in subsection 2 of this section language clearly stating the appropriate percentage of the sales tax revenue shall be used for property tax reduction as provided herein. For purposes of this subsection, the term "sales tax revenue collected" shall have the meaning provided in section 67.500."; and

Further amend the title and enacting clause accordingly.

Senator Jacob moved that the above amendment be adopted, which motion prevailed.

"32.115. 1. The department of revenue shall grant a tax credit, to be applied in the following order until used, against:

(6) The state income tax in chapter 143, RSMo; [and]

(7) The annual tax on gross receipts of express companies in chapter 153, RSMo; **and**

**(8) The tax on net deposits, net premiums or net assets of insurance carriers as determined in section 287.690,**

**RSMo.**

**2. For proposals approved pursuant to section 32.100:**

- (1) The amount of the tax credit shall not exceed fifty percent of the total amount contributed during the taxable year by the business firm or, in the case of a financial institution, where applicable, during the relevant income period in programs approved pursuant to section 32.110;
- (2) Except as provided in subsection 2 or 5 of this section, a tax credit of up to seventy percent may be allowed for contributions to programs where activities fall within the scope of special program priorities as defined with the approval of the governor in regulations promulgated by the director of the department of economic development;
- (3) Except as provided in subsection 2 or 5 of this section, the tax credit allowed for contributions to programs located in any community shall be equal to seventy percent of the total amount contributed where such community is a city, town or village which has fifteen thousand or less inhabitants as of the last decennial census and is located in a county which is either located in:
  - (a) An area that is not part of a standard metropolitan statistical area;
  - (b) A standard metropolitan statistical area but such county has only one city, town or village which has more than fifteen thousand inhabitants; or
  - (c) A standard metropolitan statistical area and a substantial number of persons in such county derive their income from agriculture.

Such community may also be in an unincorporated area in such county as provided in subdivision (1), (2) or (3) of this subsection. Except in no case shall the total economic benefit of the combined federal and state tax savings to the taxpayer exceed the amount contributed by the taxpayer during the tax year;

- (4) Such tax credit allocation, equal to seventy percent of the total amount contributed, shall not exceed four million dollars in fiscal year 1999 and six million dollars in fiscal year 2000 and any subsequent fiscal year. When the maximum dollar limit on the seventy percent tax credit allocation is committed, the tax credit allocation for such programs shall then be equal to fifty percent credit of the total amount contributed. Regulations establishing special program priorities are to be promulgated during the first month of each fiscal year and at such times during the year as the public interest dictates. Such credit shall not exceed two hundred and fifty thousand dollars annually except as provided in subdivision (5) of this subsection. No tax credit shall be approved for any bank, bank and trust company, insurance company, trust company, national bank, savings association, or building and loan association for activities that are a part of its normal course of business. Any tax credit not used in the period the contribution was made may be carried over the next five succeeding calendar or fiscal years until the full credit has been claimed. Except as otherwise provided for proposals approved pursuant to section 32.111, 32.112 or 32.117, in no event shall the total amount of all other tax credits allowed pursuant to sections 32.100 to 32.125 exceed thirty-two million dollars in any one fiscal year, of which six million shall be credits allowed pursuant to section 135.460, RSMo. If six million dollars in credits are not approved, then the remaining credits may be used for programs approved pursuant to sections 32.100 to 32.125;
- (5) The credit may exceed two hundred fifty thousand dollars annually and shall not be limited if community services, crime prevention, education, job training, physical revitalization or economic development, as defined by section 32.105, is rendered in an area defined by federal or state law as an impoverished, economically distressed, or blighted area or as a neighborhood experiencing problems endangering its existence as a viable and stable neighborhood, or if the community services, crime prevention, education, job training, physical revitalization or economic development is limited to impoverished persons.

**3. For proposals approved pursuant to section 32.111:**

- (1) The amount of the tax credit shall not exceed fifty-five percent of the total amount invested in affordable housing assistance activities or market rate housing in distressed communities as defined in section 135.530, RSMo, by a

business firm. Whenever such investment is made in the form of an equity investment or a loan, as opposed to a donation alone, tax credits may be claimed only where the loan or equity investment is accompanied by a donation which is eligible for federal income tax charitable deduction, and where the total value of the tax credits herein plus the value of the federal income tax charitable deduction is less than or equal to the value of the donation. Any tax credit not used in the period for which the credit was approved may be carried over the next ten succeeding calendar or fiscal years until the full credit has been allowed. If the affordable housing units or market rate housing units in distressed communities for which a tax is claimed are within a larger structure, parts of which are not the subject of a tax credit claim, then expenditures applicable to the entire structure shall be reduced on a prorated basis in proportion to the ratio of the number of square feet devoted to the affordable housing units or market rate housing units in distressed communities, for purposes of determining the amount of the tax credit. The total amount of tax credit granted for programs approved pursuant to section 32.111 for the fiscal year beginning July 1, 1991, shall not exceed two million dollars, to be increased by no more than two million dollars each succeeding fiscal year, until the total tax credits that may be approved reaches ten million dollars in any fiscal year;

(2) For any year during the compliance period indicated in the land use restriction agreement, the owner of the affordable housing rental units for which a credit is being claimed shall certify to the commission that all tenants renting claimed units are income eligible for affordable housing units and that the rentals for each claimed unit are in compliance with the provisions of sections 32.100 to 32.125. The commission is authorized, in its discretion, to audit the records and accounts of the owner to verify such certification;

(3) In the case of owner-occupied affordable housing units, the qualifying owner occupant shall, before the end of the first year in which credits are claimed, certify to the commission that the occupant is income eligible during the preceding two years, and at the time of the initial purchase contract, but not thereafter. The qualifying owner occupants shall further certify to the commission, before the end of the first year in which credits are claimed, that during the compliance period indicated in the land use restriction agreement, the cost of the affordable housing unit to the occupant for the claimed unit can reasonably be projected to be in compliance with provisions of sections 32.100 to 21.125. Any succeeding owner occupant acquiring the affordable housing unit during the compliance period indicated in the land use restriction agreement shall make the same certification;

(4) If any any time during the compliance period the commission determines a project for which a proposal has been approved is not in compliance with the applicable provisions of sections 32.100 to 21.125 or rules promulgated therefor, the commission may within one hundred fifty days of notice to the owner either seek injunctive enforcement action against the owner, or seek legal damages against the owner representing the value of the tax credits, or foreclose on the lien in the land use restriction agreement, selling the project at a public sale, and paying to the owner the proceeds of the sale, less the costs of the sale and less the value of all tax credits allowed herein. The commission shall remit to the director of revenue the portion of the legal damages collected or the sale proceeds representing the value of the tax credits. However, except in the event of intentional fraud by the taxpayer, the proposal's certificate of eligibility for tax credits shall not be revoked.

4. For proposals approved pursuant to section 32.112, the amount of the tax credit shall not exceed fifty-five percent of the total amount contributed to a neighborhood organization by business firms. Any tax credit not used in the period for which the credit was approved may be carried over the next ten succeeding calendar or fiscal years until the full credit has been allowed. The total amount of tax credit granted for programs approved pursuant to section 32.112 shall not exceed one million dollars for each fiscal year.

5. The total amount of tax credits used for market rate housing in distressed communities pursuant to sections 32.100 to 32.125 shall not exceed thirty percent of the total amount of all tax credits authorized pursuant to sections 32.111 and 32.112.

**6. The provisions of subdivision (8) of subsection 1 of this section shall apply to all tax years beginning on or after January 1, 2000."**

Senator Jacob moved that the above amendment be adopted, which motion prevailed.

#### SENATE AMENDMENT NO. 32

Amend Senate Substitute for Senate Committee Substitute for House Substitute for House Committee Substitute for House Bills Nos. 1566 and 1810, Page 64, Section 205.577, Line 17, by inserting after all of said line the following:

"247.030. 1. Territory that may be included in a district sought to be incorporated or enlarged may be wholly within one or in more than one county, may take in school districts or parts thereof, and cities that do not have a waterworks system or cities whose governing body has by a majority vote requested that the city or part thereof be included within the boundaries of a public water supply district. For the purpose of this section, "city" means any city, town or village. The territory, however, shall be contiguous, and proceedings to incorporate shall be in the circuit court of the county in which the largest acreage is located. No two districts shall overlap.

2. Any two or more contiguous districts or any city and a contiguous district may, if there are no outstanding general obligation bonds relating to drinking water supply projects in either entity, by a majority vote of the governing body of each entity, provide for territory located in one entity to be annexed and served by the entity contiguous to the annexed territory. Notice of the proposed annexation shall be filed with the circuit court that originally issued the decree of incorporation for a district which is detaching territory through the proposed annexation or with the circuit court that originally issued the decree of incorporation for a district which is including a city or part thereof through the proposed annexation. The court shall set a date for a hearing on the proposed annexation and shall cause notice to be published in the same manner as for the filing of the original petition for incorporation; except that publication of notice shall not be required if a majority of the landowners in the territory proposed to be annexed consent in writing, and if notice of the hearing is posted in three public places within the territory proposed to be annexed at least seven days before the date of the hearing. If publication of the notice is not required pursuant to this section, the court shall only approve the proposed annexation if there is sworn testimony by at least five landowners in the area of the proposed annexation, or a majority of the landowners, if there are fewer than ten landowners in the area. If the court, after the hearing, finds that the proposed annexation would not be in the public interest, it shall order that the annexation not be allowed. If the court finds the proposed annexation to be in the public interest, it shall approve the annexation and the territory shall be detached from the one entity and annexed to the other. After the annexation is approved, the circuit court in which each district involved in the proceedings was incorporated shall amend the decree of incorporation for each district to reflect the change in the boundaries as a result of the annexation and to redivide each district into five subdistricts, fixing their boundary lines so that each of the five subdistricts have approximately the same area. A certified copy of the amended decree showing the boundary change and the new subdistricts shall be filed in the office of the recorder of deeds and in the office of the county clerk in each county having territory in the district and in the office of the secretary of state of the state of Missouri.

3. The boundaries of any district may be extended or enlarged from time to time upon the filing, with the clerk of the circuit court having jurisdiction, of a petition by either:

(1) The board of directors of the district and five or more voters within the territory proposed to be annexed by the district; or

(2) A majority of the landowners within the territory proposed to be annexed to the district.

If the petition is filed by a majority of the landowners within the territory proposed to be annexed, the publication of notice shall not be required, provided notice is posted in three public places within the territory proposed to be annexed at least seven days before the date of the hearing and provided that there is sworn testimony by at least five landowners in the territory proposed to be annexed, or a majority of the landowners if the total landowners in the area are fewer than ten. Upon the entry of a final order declaring the court's decree of annexation to be final and conclusive, the court shall modify or rearrange the boundary lines of the subdistricts as may be necessary or advisable. The costs incurred in the enlargement or extension of the district shall be taxed to the district, if the district be enlarged or extended, otherwise against the petitioners; provided, however, that no costs shall be taxed to the directors of the district.

4. Should any voter who owns real estate that abuts upon a district once formed desire to have such real estate incorporated in the district, the voter shall first petition the board of directors thereof for its approval. If such approval be granted, the clerk of the board shall endorse a certificate of the fact of approval by the board upon the petition. The petition so endorsed shall be filed with the clerk of the circuit court in which the district is incorporated. It shall then be the duty of the court to amend the boundaries of such district by a decree incorporating the real estate in the same. A certified copy of this decree including the real estate in the district shall then be filed in the office of the recorder and in the office of the county clerk of the county in which the real estate is located, and in the office of the secretary

of state. The costs of this proceeding shall be borne by the petitioning property owner.

**5. In the event that the district becomes the successor, upon dissolution, to any joint municipal utility commission established by the district and any of the contracting entities described in subdivision (4) of section 393.705, RSMo, then, upon the petition of the board of directors to the circuit court, the court shall amend the boundaries of such district to incorporate any area previously served by the dissolved joint municipal utility commission that the district intends to continue to serve with water or sewer service. The court shall also modify or rearrange the boundary lines of the subdistricts as may be necessary or advisable.**

- (12) To create an incidental fund to take care of all costs and expenses incurred in incorporating the district, and all obligations contracted prior thereto and connected therewith; and
- (13) To purchase equipment and supplies needed in the operation of the water system of the district; provided, however, that the power to create an incidental fund by the levy of a general property tax shall cease after two annual levies therefor shall have been made, and such levy shall not exceed fifteen cents per annum on each one hundred dollars assessed valuation of taxable property within the district;
- (14) To provide for the collection of taxes and rates or charges for water and water service;
- (15) To sell and distribute water to the inhabitants of the district and to consumers outside the district, delivered within or at the boundaries of the district; **provided that, upon dissolution of any joint municipal utility commission established by the district and any municipality, public water supply district, sewer district, nonprofit water company or nonprofit sewer company, the district may continue to serve those locations and areas previously**

**receiving service from the commission, regardless of whether or not such location receives such service outside the boundaries of such district; and provided further that such locations and areas previously receiving service from the commission are not located within:**

**(a) Any county of the first classification with a population of more than six hundred thousand and less than nine hundred thousand;**

(3) For purposes of this section, "levies upon taxable real property in such redevelopment project by taxing districts" shall not include the blind pension fund tax levied under the authority of article III, section 38(b) of the Missouri Constitution, or the merchants' and manufacturers' inventory replacement tax levied under the authority of subsection 2 of section 6 of article X, of the Missouri Constitution, except in redevelopment project areas in which tax increment financing has been adopted by ordinance pursuant to a plan approved by vote of the governing body of the municipality taken after August 13, 1982, and before January 1, 1998.

2. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after July 12, 1990, and prior to August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest imposed by the municipality, or other taxing districts, which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, RSMo, licenses, fees or special assessments other than payments in lieu of taxes and any penalty and interest thereon, or, effective January 1, 1998, taxes levied pursuant to section 94.660, RSMo, for the purpose of public transportation, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund. The taxing district may register its approval by adoption of a resolution.**

**5. For redevelopment projects proposed on or after July 1, 2001, in any county of the first classification with a charter form of government with a population of at least two hundred twelve thousand but less than two**

The taxing district shall register its approval by adoption of an ordinance.**

[4.] **6.** Beginning January 1, 1998, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance and which have complied with subsections [4 to 12] **6 to 14** of this section, in addition to the payments in lieu of taxes and economic activity taxes described in subsections 1, 2 and 3 of this section, up to fifty percent of the new state revenues, as defined in subsection [8] **10** of this section, estimated for the businesses within the project area and identified by the municipality in the application required by subsection [10] **12** of this section, over and above the amount of such taxes reported by businesses within the project area as identified by the municipality in their application prior to the approval of the redevelopment project by ordinance, while tax increment financing remains in effect, may be available for appropriation by the general assembly as provided in subsection [10] **12** of this section to the department of economic development supplemental tax increment financing fund, from the general revenue fund, for distribution to the treasurer or other designated financial officer of the municipality with approved plans or projects.

No municipality shall commit any state revenues prior to an appropriation being made for that project. For all redevelopment plans or projects adopted or approved after December 23, 1997, appropriations from the new state revenues shall not be distributed from the Missouri supplemental tax increment financing fund into the special allocation fund unless the municipality's redevelopment plan ensures that one hundred percent of payments in lieu of taxes and fifty percent of economic activity taxes generated by the project shall be used for eligible redevelopment project costs while tax increment financing remains in effect. This account shall be separate from the account into which payments in lieu of taxes are deposited, and separate from the account into which economic activity taxes are deposited.

[10.] **12.** The initial appropriation of up to fifty percent of the new state revenues authorized pursuant to subsections [4 and 5] **6 and 7** of this section shall not be made to or distributed by the department of economic development to a municipality until all of the following conditions have been satisfied:

The municipality shall include in the application the following items in addition to the items in section 99.810:

(a) The tax increment financing district or redevelopment area, including the businesses identified within the redevelopment area;

(b) The base year of state sales tax revenues or the base year of state income tax withheld on behalf of existing employees, reported by existing businesses within the project area prior to approval of the redevelopment project;

(d) The official statement of any bond issue pursuant to this subsection after December 23, 1997;

(f) The cost-benefit analysis required by section 99.810 includes a study of the fiscal impact on the state of Missouri; and

(g) The statement of election between the use of the incremental increase of the general revenue portion of the state sales tax revenues or the state income tax withheld by employers on behalf of new employees who fill new jobs created in the redevelopment area;

Upon approval of the application, the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee shall issue a certificate of approval. The department of economic development may request the appropriation following application approval;

(3) The appropriation shall be either a portion of the estimate of the incremental increase in the general revenue portion of state sales tax revenues in the redevelopment area or a portion of the estimate of the state income tax withheld by the employer on behalf of new employees who fill new jobs created in the redevelopment area as indicated in the municipality's application, approved by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee. At no time shall the aggregate annual appropriation of the new state revenues for redevelopment areas exceed fifteen million dollars;

(4) Redevelopment plans and projects receiving new state revenues shall have a duration of up to fifteen years, unless prior approval for a longer term is given by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee; except that, in no case shall the duration exceed twenty-three years.

The fund shall also consist of any gifts, contributions, grants or bequests received from federal, private or other sources. Moneys in the Missouri supplemental tax increment financing fund shall be disbursed per project pursuant to state appropriations.

"99.845. 1. A municipality, either at the time a redevelopment project is approved or, in the event a municipality has undertaken acts establishing a redevelopment plan and redevelopment project and has designated a redevelopment area after the passage and approval of sections 99.800 to 99.865 but prior to August 13, 1982, which acts are in conformance with the procedures of sections 99.800 to 99.865, may adopt tax increment allocation financing by passing an ordinance providing that after the total equalized assessed valuation of the taxable real property in a redevelopment project exceeds the certified total initial equalized assessed valuation of the taxable real property in the redevelopment project, the ad valorem taxes, and payments in lieu of taxes, if any, arising from the levies upon taxable real property in such redevelopment project by taxing districts and tax rates determined in the manner provided in subsection 2 of section 99.855 each year after the effective date of the ordinance until redevelopment costs have been paid shall be divided as follows:

(1) That portion of taxes, penalties and interest levied upon each taxable lot, block, tract, or parcel of real property which is attributable to the initial equalized assessed value of each such taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid by the county collector to the respective affected taxing districts in the manner required by law in the absence of the adoption of tax increment allocation financing;

(2) Payments in lieu of taxes attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project and any applicable penalty and interest over and above the initial equalized assessed value of each such unit of property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid to the municipal treasurer who shall deposit such payment in lieu of taxes into a special fund called the "Special Allocation Fund" of the municipality for the purpose of paying redevelopment costs and obligations incurred in the payment thereof. Payments in lieu of taxes which are due and owing shall constitute a lien against the real estate of the redevelopment project from which they are derived and shall be collected in the same manner as the real property tax, including the assessment of penalties and interest where applicable. The municipality may, in the ordinance, pledge the funds in the special allocation fund for the payment of such costs and obligations and provide for the collection of payments in lieu of taxes, the lien of which may be foreclosed in the same manner as a special assessment lien as provided in section 88.861, RSMo. No part of the current equalized assessed valuation of each lot, block, tract, or parcel of property in the area selected for the redevelopment project attributable to any increase above the total initial equalized assessed value of such properties shall be used in calculating the general state school aid formula provided for in section 163.031, RSMo, until such time as all redevelopment costs have been paid as provided for in this section and section 99.850;

2. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after July 12, 1990, and prior to August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest imposed by the

municipality, or other taxing districts, which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, RSMo, licenses, fees or special assessments other than payments in lieu of taxes and any penalty and interest thereon, or, effective January 1, 1998, taxes levied pursuant to section 94.660, RSMo, for the purpose of public transportation, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund. Any provision of an agreement, contract or covenant entered into prior to July 12, 1990, between a municipality and any other political subdivision which provides for an appropriation of other municipal revenues to the special allocation fund shall be and remain enforceable.

3. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest which are imposed by the municipality or other taxing districts, and which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, RSMo, or effective January 1, 1998, taxes levied for the purpose of public transportation pursuant to section 94.660, RSMo, licenses, fees or special assessments other than payments in lieu of taxes and penalties and interest thereon, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund.

4. Beginning January 1, 1998, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance and which have complied with subsections 4 to 12 of this section, in addition to the payments in lieu of taxes and economic activity taxes described in subsections 1, 2 and 3 of this section, up to fifty percent of the new state revenues, as defined in subsection 8 of this section, estimated for the businesses within the project area and identified by the municipality in the application required by subsection 10 of this section, over and above the amount of such taxes reported by businesses within the project area as identified by the municipality in their application prior to the approval of the redevelopment project by ordinance, while tax increment financing remains in effect, may be available for appropriation by the general assembly as provided in subsection 10 of this section to the department of economic development supplemental tax increment financing fund, from the general revenue fund, for distribution to the treasurer or other designated financial officer of the municipality with approved plans or projects.

No municipality shall commit any state revenues prior to an appropriation being made for that project. For all redevelopment plans or projects adopted or approved after December 23, 1997, appropriations from the new state revenues shall not be distributed from the Missouri supplemental tax increment financing fund into the special allocation fund unless the municipality's redevelopment plan ensures that one hundred percent of payments in lieu of taxes and fifty percent of economic activity taxes generated by the project shall be used for eligible redevelopment project costs while tax increment financing remains in effect. This account shall be separate from the account into which payments in lieu of taxes are deposited, and separate from the account into which economic activity taxes are deposited.

7. In order for the redevelopment plan or project to be eligible to receive the revenue described in subsection 4 of this section, the municipality shall comply with the requirements of subsection 10 of this section prior to the time the project or plan is adopted or approved by ordinance. The director of the department of economic development and the commissioner of the office of administration may waive the requirement that the municipality's application be

submitted prior to the redevelopment plan's or project's adoption or the redevelopment plan's or project's approval by ordinance.

8. For purposes of this section, "new state revenues" means:
